Mr. Turriff,

Mr. W.A. Galliher , on the 1st of May, 1890, purchased Legal Subdivisions 11 and 14, in Sec. 17, Township 9, Range 21, W. 4th M., paying thereon only one instalment. Since that time he has made no further payments.

Messrs. Conybeare & Galliher, his solicitors, were written to several times in connection with this purchase, and they now report that they understand that Mr. Galliher was only a trustee and the parties interested therein have decided to abandon the transaction.

Under these circumstances I think the sale should be cancelled and the land thrown open for settlement.

Referring to your letter of the 26th July last I beg to enclose herewith Inspector Wilcox' report in connection with the above grant, which shows no improvements thereon at the present time.

In connection with this grant I have interviewed two or three old residents of this city who might be in a position to give information and have been informed that this land was sold some twenty years ago and the proceeds turned into the funds of the Knox Presbyterian, now Knox United Church of Lethbridge. I have also been informed that there is no record in this matter as the books of the church were inadvertently destroyed a number of years ago. Might I suggest that an abstract be obtained from the Registrar, Land Titles Office, Calgary, Alberta, which would furnish evidence as to the present owner of this land.

Sir,-

Referring to your File No. 1429½ and your letter of 17th October last kindly note to prevent future confusion that Special Grant No. 271 covers Legal Subdivision 12 of Section 17, Township 9, Range 21, West of the 4th Meridian, as quoted in my letter of 25th September last, and not Legal Subdivision 4 of Section 6, Township 9, Range 25, West of the 4th Meridian, as mentioned in your letter. The Historical Abstract of Title which was received with your letter reports on the former land which was required.

Your obedient servant,

Commissioner.

intervening between the date of the grant and the date of registration of the transfer of this property from the church authorities to the present owner, owing to change in personnel of the board of management the restrictions contained in the grant were lost sight of and when transfer to the present owner was submitted to the Registrar of Land Titles he also apparently overlooked the requirements of the Department in respect of this grant that it was made on the condition that the land was to be retained by the church authorities so long as used for purpose for which granted and no other.

Possibly, as following the grant made by the Department this property has changed hands only once, authority could be cited requiring the present owner to reconvey the property to the church authorities. However, there are a number of other cases coming through on other files by memoranda somewhat similar to this covering special grants which have changed hands a number of times since first conveyed by the Department to the grantees and I am submitting this particular case not only with reference to action to be taken on it but also with reference to action to be taken in respect of all special grants that have been sold in contravention of the terms of the grant, by which I wish to intimate to you that I would not recommend even in a case such as this particular one where the property has only changed hands once that the Department take any steps to force the present owner to adjust matters by reconveying the property to the beneficiaries of the original grant by the Department, as although it might be simple enough in a case where only one transfer has been registered, such action would involve unlimited complications where the property has changed hands a number of times.

However, with the end necessarily in view of relieving the situation by quit claiming the Department's interest in such grants as have been disposed of, I would recommend that in every case the original grantees be requested to advise why the property was disposed of in contravention to the terms of the grant, as even though their reply claiming ignorance or oversight of the restrictions of the grant could be easily anticipated, the Department would not be justified in making any assumption and quit claiming its interest in the property in each case without demanding an explanation why the property was disposed of.

In this case, therefore, I recommend that the church authorities be requested to advise why the land conveyed by Special Grant No. 271 was disposed of in contravention to the terms and conditions under which it was conveyed to them by the Department.

I would also suggest that submittal of each such case to you by memorandum remain in abeyance until such an explanation from the grantees has been secured.

By Letters Patent of date the 16th September, 1890, 38 acres in Legal Subdivision 12 of Section 17, Township 9, Range 21, West of the 4th Meridian were granted to the Board of Managers of the Church and Manse Fund of the Presbyterian Church in Canada,

An inspection of this parcel was recently requested and following receipt of a report from Inspector Wilcox to the effect that he had been informed that a church had been located on this area but was sold and moved away about seven years ago, the Agent of Dominion Lands at Lethbridge, Alberta, suggested that an Abstract of Title be obtained which was authorized by your letter of the 25th of September last and which has been forwarded and shows this area to be registered in the name of one Albert Frank Krapfel by transfer made on the 13th of April, 1910. Attached to abstract is Statement of reservations contained in the transfer which includes no mention of the conditions imposed in this grant by the habendum clause incorporated in the patent and quoted above.

Sir,

Re Special Grant No. 271.

By Letters Patent of date 16th September, 1890, certain lands described hereunder were conveyed to The Board of Management of the Church and Manse Building Fund of the Presbyterian Church in Canada for Manitoba and the North West Territories,

"TO HAVE AND TO HOLD the said lands unto the said The Board of Management of the Church and Manse Building Fund of the Presbyterian Church in Canada for Manitoba and the North West Territories, their successors and assigns forever, in trust for the Congregation of the Knox Presbyterian Church at Lethbridge aforesaid and to be devoted to public purposes within the meaning of Section Thirty-one of the said Act."

The lands to which reference is made are as follows:

Legal Subdivision 12 of Section 17, Township 9, Range 21, West of the 4th Meridian, an area of 38 acres.

The Department has recently received from a reliable source information to the effect that this acreage has been sold, in contravention of the terms of the grant, and I would therefore request you to kindly advise me as soon as possible what were the circumstances surrounding the disposal of this property, and how the fact that it was placed at the disposal of the grantees, so long as it was required and used for the purpose mentioned and no other, which included no authority to dispose of it under any conditions, was overlooked.

Dear Sir,-

Re Special Grant No. 271

Referring to your letter of the 21st of January, in reference to the property deeded from the Crown to the Church and Manse Building Fund of the Presbyterian Church in Canada for Manitoba and the North West Territories, in trust for the Congregation of Knox Presbyterian Church, Lethbridge, I beg to state that at the request of the congregation of the said Church, this property was transferred about April, 1909, to a local purchaser.

This transaction was carried through by the late Rev. James Farquharson, at that time Secretary of the Church and Manse Board. I would take it for granted that the conditions under which the property was first deeded by the Crown were fulfilled.

In any case the correspondence of your Department should be with the local congregation at Lethbridge, whose minister is the Rev. J.M. Pritchard, as the Board of Home Missions has no jurisdiction whatever over self-sustaining congregations. If the original conditions were not fulfilled I feel sure that the congregation will be quite prepared to adjust this with your Department. There is no doubt that the proceeds of this sale were used for church purposes.

Yours most faithfully,

CGY:EWS

Colin G. Young

the circumstances surrounding the disposal of this property and how the conditions imposed in the grant were overlooked.

Their reply is on file immediately under this memorandum and seems to be a reasonable and acceptable explanation.

Under date 6th October, 1922, on File 230675, the Deputy Minister authorized the acceptance of $3.00 per acre for any site granted for religious purposes where removal of the restriction is desired, on the condition that the grantees give assurance that in the event of a sale the proceeds will be devoted to religious purposes.

In this case sale has actually been made and providing the explanation offered by the grantees is acceptable, it would seem to be in order to advise them that the Department is prepared to rescind the restrictions imposed in the terms of the grant and quit claim the interest of the Crown in this land, providing the grantees submit a statement to the effect that all moneys received by the sale have been or will be used for religious purposes, and pay for this site at Three Dollars ($3.00) per acre.

Sir,

L.S. 12 of Sec. 17-9-21-W.4th M.

Replying to your letter of the 10th instant, I beg to advise you that the above mentioned land was not transferred to Knox Church by an Order in Council but was transferred to The Board of Management of the Church and Manse Building Fund of the Presbyterian Church in Canada for Manitoba and the North West Territories by letters patent dated the 16th September, 1890. The Order in Council referred to in your communication transferred certain lands to another denomination and also gave the Minister of the Interior power to make grants to the various denominations for religious purposes.

The following paragraph of the Order in Council granting this authority is quoted for your information:-

> "The Minister further recommends, as applications of a nature similar to the foregoing are frequently being made by the various religious denominations in Manitoba and the North West Territories, in connection with their Mission Stations, that he be authorized, under the provisions of the Dominion Lands Act already mentioned, to make a free grant of land, not exceeding 40 acres in area, to any of the said religious denominations applying therefor, provided the land which is the subject of the application is at the disposal of the Government, and not within any town site or other reserve."

It would appear from information on record in the Department that the land was granted for religious purposes only and was subsequently sold.

By letter dated the 27th May, 1930, the congregation was given permission to revest the land in the Crown and purchase it outright at the rate of $5.00 an acre. Apparently no advantage was taken of this offer and, since the natural resources have been transferred to the Province of Alberta, it would now appear to be a matter for the Provincial Authorities to deal with.

Dear sir,

Yours re acquisition of Aitkins claim by Garrow to hand.

Did he ever have a survey of Willow Creek made? If so, a plan of same I would desire sent me. Without such it is difficult, in fact impossible, to decide the question.

As you are aware, the land on the south side of the creek is under lease to the Oxley Ranche Company and cannot be disposed of. Even if they were not, in a district where water appears so valuable as those parties demonstrate it to be, it would not be good policy to allow any one claim to absorb both banks of the stream, nor even an excessive frontage on one.

Sir,

As I am anxious to have the matter of my homestead settled finally, viz to know what the said department will grant me, I will feel obliged if you will give me your opinion as to my getting my homestead entry upon the lands which I have my improvemen ts viz, on that portion of the N.W. 1/4 of Section 12 and the S.E.1/4 of Section 14 Tp. 11 R. 27 W.4.M. an lying on the East side of Willow Creek. The amount of land contained in what I ask for would not make more than 130 acres being divided by Willow creek and also to allow me to purchase the S.W 1/4 of Section 13 which adjoins the above described sections. This would give me all my land in one parcel and east of Willow Creek. My improvements consist of houde corrals and stables and about 45 acres ploughed and fenced on section 12 and about 10 acres ploughed and 20 acres fenced of section 13 and about 50 ploughed and fenced on section 14.My partner, William Aitkin died last December. Therefore there is no further claim to my homestead entry on behalf of both of us. I have been informed by the Land Department that before the land I ask for east of Willow creek would be granted that I must have it surveyed by a D.L.S. at my own expense. I wish now to know if I get the survey made will I be allowed an entry upon the lands I have above described. I have been engaged in farming here for some years past, and find it will not

Sir,

In reply to your letter of the 3rd instant, I beg to say that if you know of any one that can assist you in your land case more advantageously than myself I shall be only too happy for you to hand it over to him.

Per it me, however, to direct your attention to one or two points in connection with your claim.

In the first place, even if the Department desired, you could not be granted an entry on both sides of the Creek, as the opposite bank to where you reside is under lease, and without the consent of the leaseholder or cancellation of the lease no entry can be granted there.

Secondly, even if both banks were open for entry, in a country where water is a s scarce as it is in that district it would not be good policy to allow one settler to occupy both banks, nor even more than a reasonable quantity on one bank.

Dear Sir,

In reply to your letter of March 11th to Mr C Craig. S.M.O 6089 Ref 5004. I can only inform you that I never had a survey made of Willow Creek, and since it is impossible for me to get my rights through you or the Land Agent in this district I think I might as well stop writing to you on the matter, for the further we correspond the further we are from adjusting what seems to me a very just claim. I have delayed putting on improvements thinking I would head something definite, but as such is not the case I will be obliged to go on with them. I found letters in the Land Office Lethbridge that I wrote 18 months ago before the preemption rights run out not answered. It seems to me there must be some motive in the treatment I have received all through this affair, and since I am unable to get my own rights I must either let matters rest as they are or get someone else to take it in hand. I thank you very much for the trouble I have put you to; should you be travelling across this way I would be pleased to see you at any time.

I remain,

Yours truly

sd. Fred Garrow.

Wm. Pearce.

Supt of Mines.

Thirdly, you settled subsequent to survey, and the law requires that before making such settlement entry shall be effected.

Fourthly, the Department has been willing to do all that it is permissible for it to do; but without a survey of Willow Creek it has been impossible for it to discuss your case with any intelligence. The area you desire cannot be ascertained without definite information as to the Creek frontage.

Fifthly, the officials of the department have done all they could to present this to you in an intelligible manner. They have gone further; and have requested surveyors passing to call on you with reference to making the necessary survey, thinking to aid you in getting the survey economically and expeditiously performed.

I have thought it as well to , as concisely as possible, draw your attention to all the points in the case, as I believe when you reflect on them you will probably conclude that every reasonable assistance has been tendered you by the Department to enable you to acquire title to your land.

Dear Sir,

In reply to yours of the 15th instant, No 141306 T. & M., I beg to say that the original applicants were James Scott E½ of 12, Wm Aitkins W½ of same section Frederick Garrow S½ of 14 and Nelson Brothers the N½ of same section all in Township 11 Range 27 West 4th Principal Meridian . They were informed that so far as the portions of the sections lying south and west of Willow Creek were concerned, no entry could be granted, as they were within the Oxley Lease, and further, that it was unadvisable to grant entries to both sides of a creek, the dimensions of that one in a district where water is as scarce as they contended it to be.

I, on two occasions when Surveyors were about to pass this vicinity, pointed out to them what information it was necessary to obtain, and asked them to call upon

upon the parties with a view to having a survey made at the lowest possible rate. Mr Garrow states that he was never called upon by such Surveyors although these gentlemen have informed me that they had called upon some of the parties interested - probably, however, not Mr Garrow.

Garrow and Aitkins also desired to acquire a portion of 11 lying to the North and East of Willow Creek . They were informed that being a school section it could only be disposed of by public auction ; they then asked that their area (limited as it would be by Willow Creek) should be made up out of section 13 to the East and North . They were informed that, as they had settled subsequent to survey, that it could not be done, but that 13 would be sold to them at $2.50 per acre . They failed, however, to avail themselves of this offer, and it has now become a part of the land grant to the Edmonton and Calgary Railway . Aitkins died in, I think, December last, and Garrow claims to have acquired whatever rights Aitkins had - in other words - he claims

to be entitled to double the quantity he would be, if he was merely preferring his individual claim.

Dear Sir.

I have the honour to acknowledge the receipt of your letter of the 17th April letter 6186. Ref. 3004. In reply I beg leave to state I made enquiry at the office at Lethbridge about ceiling and was informed that Section 11 was open for settlement. but I should have to get permission from the lease-holder.

I asked the manager, Mr Pinhorn, for permission. He informed me he had not the power to give permission but if I would write to him for permission he would come and look at what land I wanted, to make up my complement of land, and would forward my letter to the Minister in England. This was early in 1888: but before I could take any steps in the matter I was informed that the Government thought it was not advisable to allow any one individual to acquire

land

land on both sides of the Creek. I think it ought enough as the the Creek being made a boundary, and it is no fault of mine that I did not get an entry, but what I or the Gov mon you cause to object to. You speak of excessive frontage. What I mean by that I shall think it out of the way. You no doubt are fully aware how the land in the Creek is situated. Enclosed you will find a diagram of the Creek running through the Section, also the creek. But you must know how difficult it is for more than one person to get their Location of land. You remind me that you asked a Surveyor to call on us. None has been done as to my knowledge. Had he done so all the time you mentioned he would certainly have had the Work done. But now, without first knowing that we will get the land we want there is no one that will pay for any Survey, as it is not their fault that the Government does not wish Settlers to have land on both sides of the Creek. There has been talk of a petition being sent to

Ottawa

Attawa to have this matter settled, but I do not know whether it will be done or not. They will certainly have to do something if they ever want to obtain any right to their land. Do you know if there is likely to be a Survey of Willow Creek made soon? I have covered all the points in this case, and since it is impossible to do any thing without a Survey I cannot complain and am thankful to you for your assistance in the matter.

I have the honor to remain

Department of the Interior,

Mr. Hall,

Please see my memorandum of the 10th instant to Mr. Burgess on this file, in relation to the arrears of rent of the lands leased for grazing purposes to the New Oxley (Canada) Ranche Company. There is also correspondence on this file in relation to the application of Mr. Fred Garrow for certain lands in Township 11, Range 27, West of the 4th Meridian, lying East of Willow Creek. It would appear that the trouble in connection with Garrow's claim, and with a number of others in this township, is that it has been decided not to grant entry for lands situated on both sides of Willow Creek which runs through the township in question. Until a survey of the creek has been made, either by the settlers or by the Department, it will be impossible to settle these claims.

I think, therefore, that it would be in the interests of the settlers and of the Department that a survey of the creek through this township should be made this Summer. It is a question who should pay for the survey - the settlers or the Department. I think it would be much more satisfactory if the Department made the survey.

Respectfully submitted,

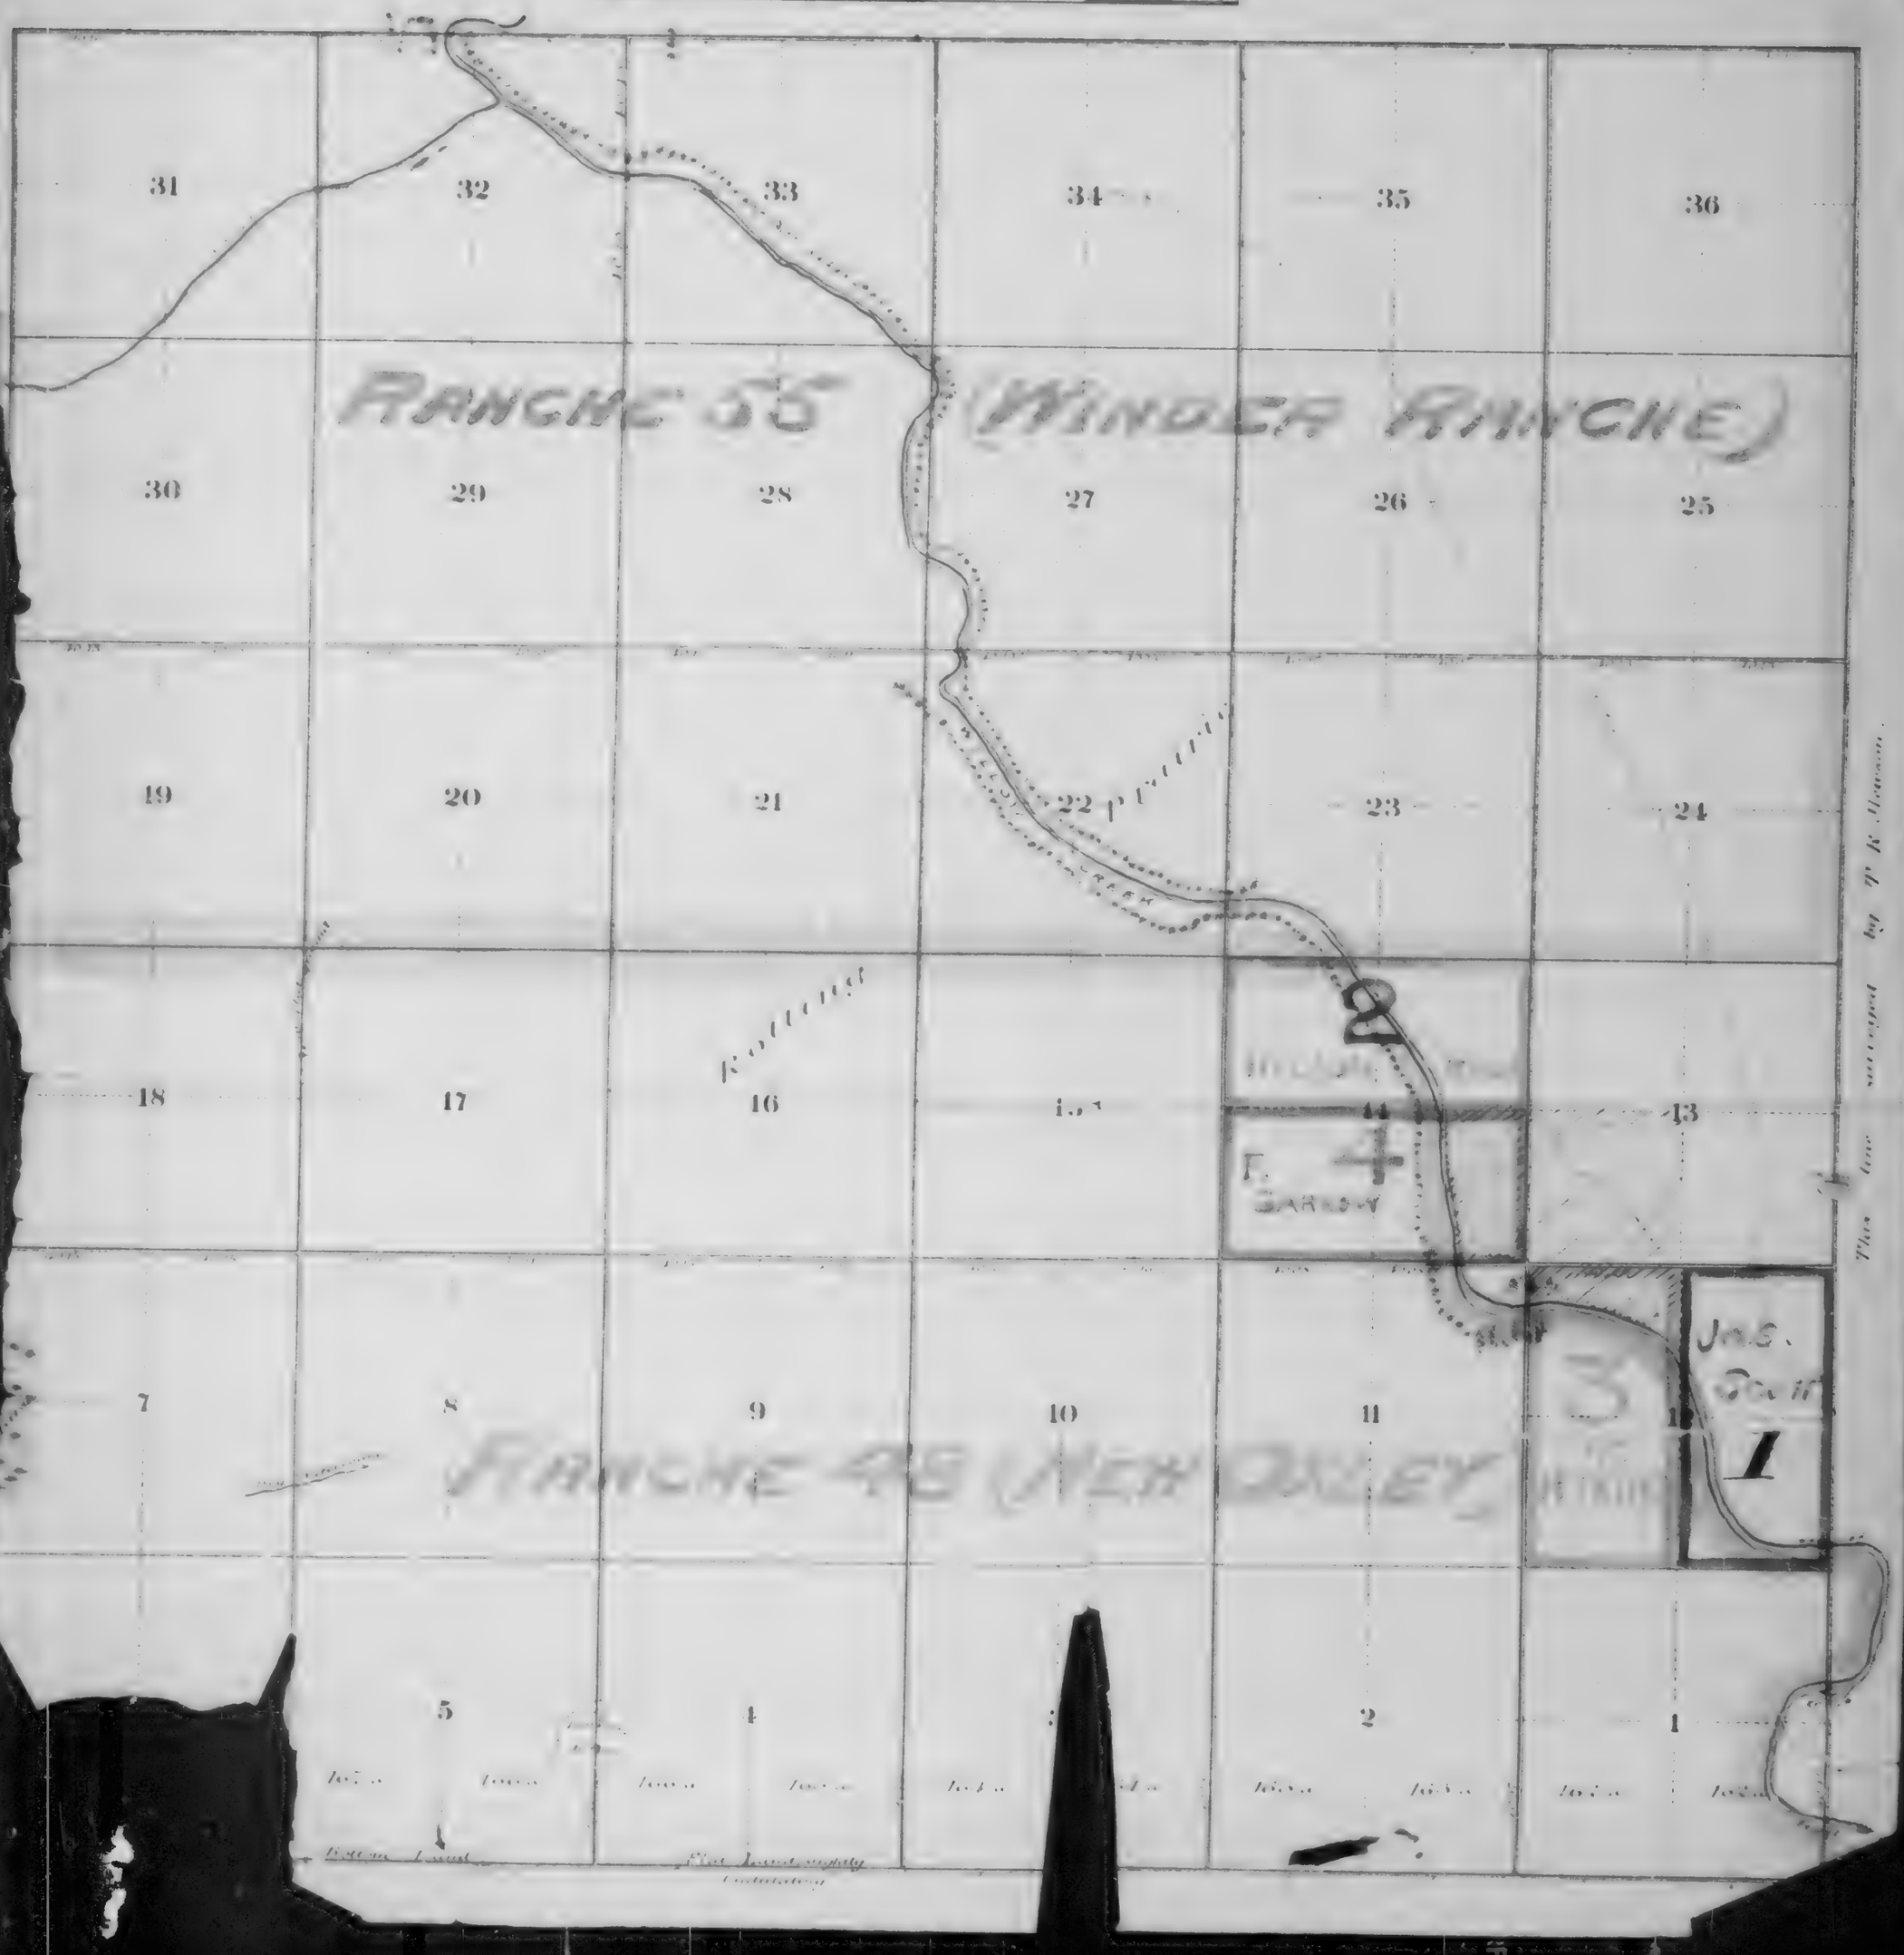

J. Lindsay

TOWNSHIP № 11

RANGE 27 WEST OF FOURTH MERIDIAN

Scale 40 Chains to an inch

R.

141306. T&M

Department of the Interior,

Ottawa, 8th March, 1892.

Mr. Burgess,

I have read over the correspondence which has taken place with reference to the application made by Mr. Fred Garrow for a homestead entry and for the purchase of certain lands on Willow Creek, partly within the tract leased to the New Oxley (Canada) Ranche Company and the remainder on Dominion lands.

Mr. Pearce, on the 26th of October, 1888, made the following report on the claim of Mr. Garrow for the South half of Section 14, Township 11, Range 27, West of the 4th Meridian. "Garrow's claim on "the East side of Willow Creek is of course of limi- "ted area, and I therefore submit for the considera- "tion of the Land Board whether, under the circum- "stances, he can be granted as a homestead out of "Section 13, enough to make with the fractional South "East quarter of Section 14, an area of 160 acres. "He did not settle prior to survey, nor prior to my "visit there in 1885, when sales were made at $1.25 "an acre."

Mr. Pearce at the same time reported upon the claim of Mr. William Aitkins to the West half of Section 12, Township 11, Range 27, West of the 4th Meridian, and he recommended that Mr. Aitkins be granted entry for all of the North West quarter of the said

said section North of the Creek, and enough of the balance left of the North East quarter North and East of the Creek, to make as nearly as possible 160 acres, and that he be allowed to pre-empt or purchase the balance of the quarter section, if any, at the usual price, and that if he desired any more land he could purchase the South East quarter of Section 13, or any portion of Section 7 to the East, not reserved for stock watering purposes. The annexed plan shows the claims of Garrow and Aitkins.

On the 2nd of February, 1891, Mr. Garrow wrote to Mr. Pearce about his claim, and asked to be permitted to obtain homestead entry for the lands upon which he had made his improvements, namely, on that portion of the North West quarter of Section 12, and the South East quarter of Section 14, Township 11, Range 27, West of the 4th Meridian, lying on the East side of Willow Creek, and also to allow him to purchase the South West quarter of Section 13, and he stated that his improvements consisted of a house coralls and stables, and about 45 acres ploughed and fenced on Section 12, and about 10 acres ploughed and 20 acres fenced on Section 13, and about 50 acres ploughed and fenced on Section 14; and he stated that his partner, Mr. William Aitkins died in December, 1890.

In reply Mr. Garrow was informed that any claim that had been preferred to the North West quarter of Section 12, had been through Mr. Aitkins; that

that if he (Garrow) claimed this land it would be necessary for him to file evidence that he had acquired whatever rights Mr. Aitkins had thereto; that as the true position of Willow Creek was not known it would be impossible to know how to apportion the land in question; and he asked Mr. Garrow to forward him any evidence he might have to show that he had acquired Aitkins' rights to the North West quarter of Section 12.

Mr. John R. Craig then wrote to Mr. Pearce to the effect that he had been appointed administrator of the estate of the late Mr. Aitkins, and had sold to Mr. Garrow all the property which they held in partnership, and also whatever interest Aitkins had in any other land.

Mr. Pearce on the 30th of March, 1891, reported these facts to the Commissioner, and stated that he saw no objection to selling a portion of Section 13, provided it could be done without interfering with the land grant to the Calgary & Edmonton Railway Company, but that without a survey of Willow Creek being made he was unable to see how the Department could intelligently treat with respect to the portions desired by Mr. Garrow.

A survey of Willow Creek was made in October last by Mr. Jephson, D.L.S., and the returns of the survey thereof have been sent back to him for some corrections. If the letter from Mr. Craig is sufficient proof that Mr. Garrow acquired any

rights

Jw. He must get a conveyance from the administrator as the grant issues

rights that Mr. Aitkins might have had to that portion of the North West quarter of Section 12 North of the river, I see no objection to Mr. Garrow obtaining a homestead entry for this portion of the quarter section in question, and also that portion of Section 14, East of Willow Creek, provided the total area thereof does not exceed 160 acres. The South West quarter of Section 13 might also be sold to him at $2.50 per acre, that being the price ruling at the time he made application therefor. As Mr. Garrow filed an application for the South West quarter of Section 13 before it was included within the tract reserved for the Calgary & Edmonton Railway, I do not think the reservation should prevent its being sold to Mr. Garrow.

Respectfully submitted,

W. Ashley

Dear Mr. Garrow,

With reference to the conversation which we had a few days ago, in connection with your application to homestead and purchase certain lands in Township 11, Range 27, West of the 4th Meridian, I may say that as stated by you a survey of Willow Creek was made through the township in question last October. The returns of the survey thereof have been received here, but have been sent back to the surveyor for some corrections, and there is therefore no plan in the Department at present showing the position of Willow Creek as lately surveyed.

The records here show that Mr. J. R. Craig wrote to Mr. Pearce to the effect that he had been appointed administrator of the estate of the late Mr. Aitkins, and had sold to you all the property which Mr. Aitkins and himself held in partnership, and also whatever interest Mr. Aitkins had in any other land. It has been decided that this letter cannot be accepted by the Department as a conveyance to you of Mr. Aitkins interest in the land upon which he was living, and that it will be necessary for you to file in this Department a conveyance from the administrator in due form. So soon as this is done there is no objection to your obtaining a homestead entry for that portion of the North West quarter

As I understand it our records contain nothing which shows that late Mr. Wilkins had any interest in the lands referred to in letter of the 15th inst (Ref. 141306) to Mr F. Garrow.

At the same time any such interest, whatever it may have been, has been referred in correspondence and the M.G. Genl. Ottawa, 13th December, 1892.

The Agent at Lethbridge, when reporting decisions regarding the cases of Nelson Bros. and James R. Scott in Township 11, Range 27, West of the 4th Meridian, has asked for instructions as to whether or not, in addition to the usual fees, the persons mentioned are to pay their proportionate share of the cost of survey of the traverse of Willow Creek. Mr. Pearce in his letter of the 25th August, 1891, [H. O. file 120446] suggested that the settlers be made to pay their proportionate share of the cost of this survey, but the reply given him at the time did not state whether the suggestion was to be adopted or not.

Sir,

In reference to your letter of the 28th ulto. Ref 206258 T & I, I bet to enquire whether the decision concerning the claims of Messrs Garrow and Aitken may be considered as a precedent in dealing with any similar cases in the future. It will be observed that no residence has been put in on Section 14 by either Garrow or Aitken. Aitken and Garrow, I understand, lived together, and in such cases it has always been considered there was only one claim, not two. Further, if it is one claim the water frontage is excessive. I presume however, it has been considered as two claims, hence the liberal ruling.

Mr Hall.

I think the basis on which the cost of surveys is charged should be divided among the settlers mentioned in Mr Symes' report, namely Nelson Brothers, P Garrow, James Scott, W. J. Hyde, W McClinton, J. W. McNaught, Cornish Ranche Co. and Samuel Berinnie, in proportion to their acreage. That is, see what the total acreage of the claims are and charge it against the claimant whether it is homestead or purchase. The item is not very considerable and much cheaper than if each man had to have his survey made himself or at his own expense. These parties settled subsequent to the survey and they should pay for such survey.

~~Sir~~ What I mean by the accompanying Petition of the Trustees of the Presbyterian Church at Williamstown lying along Indian Creek, claimed by the Squatters opposition to make the stream of the Creek perpendicular to the ~~claim~~ Line of ~~Encroachment~~ which, whether any Encroachment obtains he will have to form his just perpendicular at least that Statutes are on this point equitable way of dividing the expense.

What I meant by the acreage was that of the frac. quarter section lying along Willow Creek to the North & East of Willow Creek claimed by the squatters apportion to each its share of the cost proportional to its area, then ~~whatever~~ any claimant obtains he will have to pay his just proportion, at least that strikes me as the most equitable way of dividing the expense.

To Mr. Pearce

Re apportionment of cost of survey of Willow Creek.

I am not sure of your meaning in your last memorandum on this subject.

I understand you to intend that the cost $532.10 should be distributed among the ¼ sections N. & E. of the creek. There are more than fifty such ¼ sections, and only a few of them can be among the lands claimed by the eight settlers named on file herein. On the rest of the ¼ sections I suppose the share of the cost would remain as a charge to be collected at some future time whenever the land is taken up.

Will you kindly tell me if I am correct in this reading of your memo?

The said eight settlers would then pay only a small part of the $532.10, & I still cannot say what part until I know what their lands are to be, which I am unable at present to find out.

I did not quite understand the meaning of Mr. Pearce's memorandum of the 2nd inst. & sent him the memo. below dated 3rd inst. to ask for further explanation. Mr. Pearce came over and marked certain quarter sections on the plans, & stated that what he intended was that the cost of survey should be divided between those fractions of ¼ secs. in proportion to their area, the amount for each portion to be paid by the person who obtains the land. The amounts on this basis are shown in the fourth column of the schedule below.

In reply I have to state that the Indians have never received any payment for timber cut on their Reserves, but that the matter has been under consideration for some years past with a view to the Timber being sold for the benefit of the Indians, to the Crown and it was found necessary before the removal of timber could be granted to enable the Crown to sell the timber that the limits should be marked and that without such survey it would have been impossible to have considered your claim at all.

Dear Sir

I would like you to be kind enough to interest yourself in my behalf, and find out from the Hon. Secretary of Interior if they intend to give me my claim for my place. I would like to remind you of an interview that I had with Mr. Burgess you were present at this time, on at that time I refused to pay for any survey that I had done, and I had always refused to do so in my correspondence with the Hon. Secretary of Interior. I do not know what action you have taken in the matter, but I was informed to that effect by Mr. Pearce. I do not think that I would not be required to pay for the survey of Millard's claim, though my place. Had I done so I would have felt a little hard of it. On the contrary I certainly would have taken other steps than those I consider disgraceful of the Government in the case. Considering towards a man who has lived on this country as long as I have, and who has built up a home at a large outlay of time and labour to be informed that no road is on file to show that such promise was made. I was given to understand that as soon

in getting this matter fixed at once as it is the

Ref. 26025c.

Department of the Interior,

Ottawa, 20th January, 1890.

Memorandum:-

The letter you handed to me from Mrs. Barrow, dated the 8th instant, is a protest from him against paying his proportion of the cost of survey of Willow Creek remains, Township 11, Range 27 East of the 4th Meridian.

I find that Barrow was allotted the north half of Section 13 north of Willow Creek, and the south east quarter of Section 14 east of Willow Creek, as a homestead, and the south east quarter of Section 13, containing 160 acres to be purchased by him at the rate of $2.50 per acre.

Mr. Barrow's proportion of the cost of this survey, according to the Surveyor General's Special Account to that date, amount to $10.00. I cannot find that the individuals who are to bear the cost of the survey of these lands, although several have been sold, have yet paid their quota, except in one or two instances the patents have issued.

Respectfully submitted,

A. M. Burgess, Esq.,
Deputy Minister
of the Interior.

Memorandum:-

With reference to my memorandum of 20th inst. you ask me to find out if the settlers along Willow Creek in Townships 10 and 11, Range 27 West of the 4th Meridian, had ever given their consent to paying their share of the cost of the traverse of that Creek through these townships.

I cannot find in the file of papers relating to this case that the settlers ever agreed to any such traverse. The scheme appears to have originated with Mr. Pearce, and far from having given their consent to paying their share, several of them have positively refused to do so.

Respectfully submitted,

A. M. Burgess, Esq.,
Deputy Minister
of the Interior.

Has anyone paid ? My own impression is that we will have to abandon making this claim, and if we have received any money to refund it. Meantime, tell Mr. Davis that we are communicating with Mr. Pearce, who will reply immediately, and that I will let him know the final decision arrived at as soon as possible.

Department of the Interior,

Ottawa. 31st January, 1880.

Sir,

I am directed to bring to your attention the case of W. Garrow, of Willow Creek, who has entered a protest against being charged a proportion of the cost of the survey of Willow Creek running through township 11, range 27 West of the 4th Meridian. Mr. Garrow was allotted the North half of section 14 north of Willow Creek, and the South East quarter of Section 14 east of Willow Creek, as a homestead, and the South East quarter of Section 13, containing 160 acres to be purchased by him at the rate of $2.50 per acre. Mr. Garrow's proportion of the cost of this survey, according to the schedule prepared by the Surveyor General amounts to $100.11. This case was submitted to the Deputy Minister for his decision as to whether or not Garrow, and the other settlers in his vicinity who have also protested against being made to pay their proportion of the cost of the survey of the Creeks should be pressed to settle their several proportions. Mr. Burgess is of opinion that we will have to abandon making this claim, and if we have received any money to return it. The Deputy Minister directs that you be communicated with and asked for an immediate reply. I may add that no money appears to have been received from any of the settlers concerned.

I am directed to acknowledge your letter of the 7th ultimo, No. 11704, Ref. 3004, and to say that the communication referred to has been received here from the Agent at Lethbridge, which states that the records of his office show that a payment made to Head Office by the New Oxley Ranche Company on account of that part of Section 1, Township 10, Range 27 West of the 4th Meridian, lying South of Willow Creek is the only case disclosed in which money has been received from claimants along Willow Creek to lands in this township.

Re surveys to locate squatters along Willow Creek and its branches in Tp.14 and to a slight extent in Tp.13 and 13 Range 3 west 5th M. and possibly also in Range 2. Also along the head of Trout Creek in Tp.12- 1 west 5th Meridian. There are several squatters located along the waters of above streams, probably some Eight or Ten in all. I do not think that these men are particularly anxious to have a survey made, in fact, I think they are quite content to be left alone; but if a few more were to go in and fence their palces, a very considerable area of very fine pasturage would be completely blocked. If the surveys were made, certain driftways and water reservations could then be located and reserved, which, with those proposed within the Walrond lease, would finally settle the reservations for watering purposes in the Porcupine Hills, probably the finest winter grazing territory in the country and one that in years past has saved from starvation several thousand heads of cattle during severe winters. It is probable that Mr. Wilkins might be able to cover this during the season, and if so, I would recommend that the necessary surveys be made.

Sir

I have in possession of the S.W. 1/4 of S13 T. 27. N. 4th W. since 1889 I applied for it at the time I tried to make entry on my homestead, but owing to the way the Register & Interior was manipulated the Settlers around here could not get entry upon them and in 1902 I visited Ottawa and saw the Deputy Minister of Interior, he promised me to grant me entry without any further delay and told me when I got my entry I should then buy the S.W. 1/4 of 13, at the price land was at the time I first took possession namely $2.50 per acre. I never could get my entry while I was in power, but am pleased to say that the Department have recently decided that I am entitled to my entry stating the fact to be I received word that the land is now in Calgary. I wish now to purchase the S.W. 1/4 of S13. T. 27. N. 4th W. and trust you will grant me the privelege. I would like you to send me a reply as soon as possible. My letter must have miscarried as I have had no reply

Mr. Fred. Garrow makes application to purchase the S. W. ¼ of 13--11--27, W. 4th, of which, he says, he has been in possession since 1889. He states also that the Deputy Minister told him in 1902 that he might purchase this quarter-section at the price ruling for land when he first took possession.

There is on this file a letter from Mr the late Mr. Burgess to Mr. Garrow, informing him that he might purchase the land in question at $2.50 per acre, that being the price ruling at the time he made application therefor. dated the 15th March, 1892.

The land applied for, which is shown on the sketch hereunder, has been assigned by the Calgary & Edmonton Railway Company to the Calgary & Edmonton Land Company.

If it is proposed to ~~sell~~ carry out the sale of this land to Mr. Garrow, it will be necessary to obtain the consent of the Company, who do not appear to have ever been consulted in the matter.

Sir,

I am directed to acknowledge your letter of the 30th ultimo, stating that you have been in possession of the S. W.¼ 13--11--27 W. 4th M. since 1883; that you could not get homestead entry because of that fact in 1890. When you visited Ottawa, you were promised by the Deputy Minister that you should get entry without further delay and would then be allowed to purchase the quarter section 13. With regard to your desire to now avail yourself of the privilege to purchase the said quarter-section, I am to say that you had better take advantage of the offer made to you by the Departmental letter of the 14th April, 1902, from the then Deputy Minister of the Interior to purchase the S. W.¼ of 13, at the rate of $2.50 per acre, till a line that has been located to the Calgary and Edmonton railway company; it will be necessary for you to deal with that company as to lands on the line of that road.

A J Grady Esq

Dear Sir

I enclose you a letter from the Dept of Interior in reply to one of mine of April 25. in forwarding the Dept. that as I now had entry for my homestead I was prepared to purchase the S. W. ¼, 13, 11, 27., W 4 this particular quarter I made application to purchase years ago, and have been in possession and farmed what portion was for farming purposes. about 70 acres since 1898.

When I first settled on Willow Creek I could not get entry for homestead owing to a portion of the section 14, 11, 27, being on the west side of the creek and leased, some years after the leases were cancelled. I then applied for my entry but was informed the Dept thought of making the Creek the boundary and I would have to take that portion of 14 lying east of the Creek comprising of about 83 acres. this they concluded to do long after they had written me, that if I got written permission from the lease holder they would give me my entry, of course it was out of the question for me to accept 83 acres, and the matter dropped once more William Aitken who was then in partnership with me. was accidently killed I

I purchased his Estate, he was in exactly the same ~~position~~
position as I was in regard to getting entry for his homestead.
I had occasion to visit Ottawa and went to see the Deputy
Minister, we talked this matter over and he told me that after
I had placed papers on file in the Dept. in Ottawa showing
that I had purchased the Aitken Estate they would then give
me entry to the portions of 14, 12, m 11, 27, W 4. East of the
Company of about 148 acres, that portion of 12. was the
Aitken Estate, and furthermore I was to have the right to buy
the S.W. 4, 13, 11, 27, W 4. when my homestead was granted.
I will not attempt to impress you of the trouble I had in
getting this estate ~~wound~~ settled up for it seemed
in those days ~~impossible~~ in this country an
impossibility to get any thing of this kind done. On returning
from Ottawa I placed my affairs in Saultaux Wig Wags
hands for them to draw up all necessary papers, and
send to Ottawa. and when I settled with them they
told me they could nothing with the Dept as to getting
my Entry do they simply repudiated and promises
they had made me I was disgusted before, this and
you can imagine I was more so now. Some time after
the Land Office was established in Macleod I saw the Agent
who advised me to try again for my entry - which I did &
and received word on April 4. 1902 that a patent had
been issued in my name. I spoke to the Agent about

the ¼ Sec 13 he advised me to let the matter stand until I got my entry. I have no excuse to offer for not writing the Dept after getting notice on April 4 1902, the fact of the matter is, settlement was coming so fast around me I was obliged to buy land to hold my stock or at ~~and~~ advance prices as if I had got my entry for my place I would have bought land then, I did not like the idea of buying land not knowing if I would get my home ~~land~~ and in the letter of 18th May the Dept mention of a letter written on March 16 1892 ~~offering~~ me the S ½ 4, 13 11, 27, at $2.50 per acre this letter I have no recollection of receiving and went to Macleod to see the Land Office and done my business they have no record of it, but as my understanding with the Dept was prior to that date and the Dept was aware of the conditions I cannot see that it should make any difference to them, and it certainly does to me one ¼ section is as good as another to me & C, and the land is not worth what they ask for it, and furthermore after all the ~~the~~ trouble and worry I have had I think I am entitled to some consideration, any assistance you can render me on this matter will be greatly appreciated

I Remain Yours Sincerely

Dear Sir:

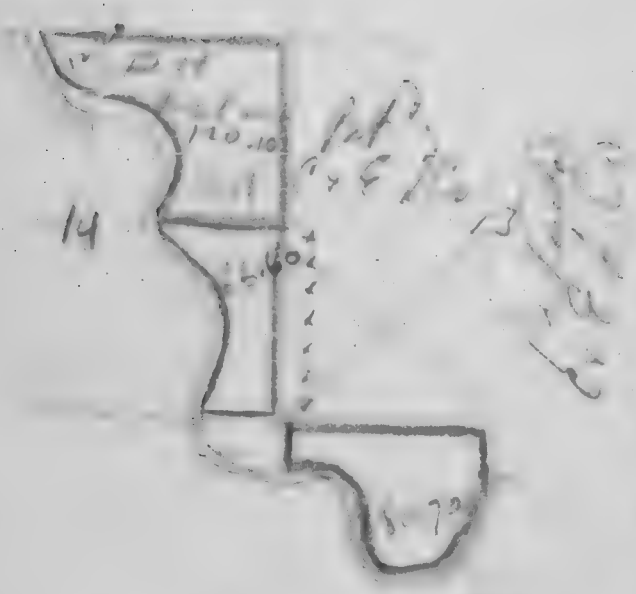

I beg to enclose herewith a letter from Fred Garrod of Cal. Park Alta in which he claims the right to purchase the S. E. quarter of 13-11-27-4. Memorandum:-

According to the letter, hereunder, of the 16th ultimo from the Agent of Dominion Lands, Lethbridge, Mr. Peter Christison, who holds homestead entry for the fractional S.½ of section 12, township 11, range 27, west 4th meridian, lying east and north of Willow Creek, containing ~~140~~ 160.35 acres, desires to have added to his homestead that portion of the N.W.¼ of the said section, containing 69.05 acres, which land is shown on the sketch hereunder. The Agent advised Mr. Christison that as the latter parcel did not adjoin his homestead it was not likely his request could be complied with, but that he was referring the matter to the Department for consideration.

It is contrary to the practice of the department, although it may have been done in a couple of cases, to comprise ~~under~~ in a homestead entry two separated pieces of land, and I do not think therefore that Mr. Christison 's request should be complied with.

MEMORANDUM:-

Application of Mr. Fred Garrow for permission to take a second free homestead.

It is doubtful whether Mr. Garrow is entitled to this privilege. His application for his first homestead states that he secured entry on the 21st of January, 1901, and that he completed his house in 1891; that he first took possession of the land and began continuous residence thereon in March, 1889.

Mr. Garrow now says that when he was applying for patent he did not think it necessary to give all the particulars with regard to his earlier residence and improvements.

It appears that about 1885 one, Aitkins, went into possession of land along Willow Creek. In April, 1888, Mr. Aitkins sold a half-interest in his claim, and stock to Garrow for $300.00, and it appears that they both lived together on Section 12 until Mr. Aitkins died on the 25th of December, 1890. This information is obtained from C. O. file No.132378.

After Mr. Aitkins died Mr. Garrow filed a quit-claim deed from his estate, and was allowed to acquire the fractional N. W. ¼ of 12 and S. E. ¼ of 14 East of Willow Creek, as a homestead, and also to buy the S. W. ¼ of 13 at $3.00 per acre.

I have been unable to trace the file covering the declaration which was taken at the time Mr. Garrow's claim was first investigated in 1888.

Respectfully submitted,

J. W. Greenway, Esq.,
Commissioner of Dominion Lands,

The Agent at Calgary submits an application from Mr. R. G. Macdonnell, of Gleichen, who has been living on adjacent land for the past sixteen years, to purchase under the one year's residence clause the N. W. ¼ 4--22--21, W. 4th, on which, he states, he has made some improvements.

About a year ago I wrote you in respect of W.½ of Sec. 4, Tp. 22, R. 21, West of 4th, and I had a letter in reply from Head Office, File 511689, stating that the N.E. 1/4 and W.½ were vacant, no entry having been made for same, but that there was then an application under consideration to acquire the latter 1/4 section. Now as I would like to make application for the W.½ but having this statement from Head Office I said nothing further about it, but in the interval I have heard of a person who says he has located the N.E. 1/4 and thinking that probably the Head Office made a slight mistake and meant the N.E. 1/4, I again ask about the W.½, and if it is vacant, I want to locate it as Grazing, but as there is no particular evidence of water or springs on it, I would like to ask that if I am unable to find water on it (which I will ascertain on a first move,) would the Department cancel it, and allow me to take another one as water is necessary.

Dear Sir:-

I am requested to ask if the patent issued to Philip Tate for river lot 41 Edmonton settlement entitles him to the precious metals contained there in. There is no reservation of mineral rights expressed in his patent and therefore it is assumed that no such reservation exists, but the settlement of the department on the subject is desirable. The number of patents issued in the same settlement are known to give un-reservedly all mineral rights, and it is desired to be thoroughly understood whether ~~to know if~~ this patent does the same. An early reply will greatly oblige,

Memorandum:-

Re River Lot 41, Edmonton, Philip Tate.

In the patent which issued for Lot 41, Edmonton Settlement there is no reservation of any of the mineral rights, and therefore the grant conveys both surface and under rights, excepting the precious metals.

According to Clause 48 of the Dominion Lands Act it is provided that " no grant from the Crown of "lands in freehold or for any less estate shall "be deemed to have conveyed or to convey the gold "or silver mines therein, unless the same are "expressly conveyed in such grant."

As the patent in question contains no such provision the right to the precious metals is still in the Crown.

P. O. Address, Calgary P.O.

TO WIT: } I, Thomas Puddicombe of Township 23, Range 1 W 5, farmer, make oath and say:

That the above application is made for the purposes herein set forth; that there is no collusion or understanding of any kind between the party who now leads entry to the said lands and myself (or John Barker, to whom I am acting,) and that there has not been paid or promised or agreed to be paid any consideration of any kind to said party, for not defending this application to cancel the entry. That I firmly believe the said lands are liable to cancellation for non-compliance with the homestead provisions of the Dominion Lands Act, and that the said (quarter) I believe, eligible for homestead entry.

Sworn before me this 4th day of January, 1889, at Calgary. } Thomas Puddicombe

I further hereby agree to forfeit the sum of $20 deposited herewith, if this application should prove frivolous or vexatious, and made for the purpose of annoyance, and that, should it prove so, the Minister of the Interior may dispose of the said $20 as he may see fit.

Sir:-

Replying to your communication of the 9th inst., ref. 206601, re the payment on account of the North West quarter of Section 34, Township 25, Range 1, West of the 5th Meridian, this office regrets that a mistake was made in calculating the interest which should have been computed from the 6th of June, 1905, to the 23rd of June, 1906. It was intended to collect one year's interest from the 6th of June, 1905, to the 6th of June, 1906, but a mistake was made in the calculation of 3¢, and in order to adjust the matter I sent for Mr.Barker, who has this day paid into this office the sum of 44¢, being the balance of interest at the rate of 5%, up to and including the 23rd of June last, for which general receipt No. 53234 has issued.

Sir,

Replying to your letter of the 27th July last, Ref. 5357, I am directed to ask when the payment of $113.30 was made on the N.W.¼ section 34, township 25, range 1 west fifth meridian, and how much of the last payment of $110.80 was on account of principal and how much on account of interest. Interest on $200.34 from the 6th June, 1905, to the 23rd June, 1906, appears to amount to $10.48.

Sir:-

Replying to your letter of the 7th ult., ref. 206601, relating to the pay ent of $113.50 on the 6th of June, 1905, in connection with the pre-emption sale of Mr.John Barker, for the North West quarter of Section 34, Township 25, Range 1, West of the 5th Meridian, I beg leave to inform you that $99.66 has been applied on account of principal and $13.64 on account of interest.

In regard to the payment of $110.20 on the 23rd of June last, I may say $100.15 of same was applied on account of principal and $10.05 on account of interest. It was subsequently discovered that interest had not been properly calculated and Mr.Barker was called upon to pay an additional 44¢ to cover the balance of interest to the 23rd of June. You appear to think that there was an error of one cent in this calculation, but I cannot see it that way, 49¢ being just as near the correct amount at 48. The interest on $200.34 for one year at 5% amounts to $10.02 and on 17 days, from the 6th of June to the 23rd, amounts to 47¢.

The Commissioner of Dominion Lands
Winnipeg,
Man.

Dear Sir,

Section 28 Tp 53 Rge 25 W 4

On behalf of Mr Narcisse St Jean, the regular occupant of the South ½ of Section 28, Tp. 53, Rge 25, West of 4th mrid. I beg to call your attention to the fact that Mr. St Jean has, some months ago, (I have not the No of Reference) applied for the purchase of a parcel of land being: the North West corner of the N.W. ¼ of Section 22 Tp. 53, Rge 25 West of 4th m; the said parcel containing about 4 acres more or less.

The reasons for Mr St Jean's application is the following: — If you kindly look at the map containing the Survey of the Sections above described, you will find out that the North West ¼ of Section 22 is crossed by a small lake called Long Lake which cuts the said N.W. ¼ in two parcels, one of which is the parcel of 4 acres above referred to.

There being no water on Mr St Jean's South ½ of Section 28, his purchase of this small parcel would be of considerable convenience to him it being and easy outlet from his land to the lake. As the map will further show, Mr St Jean is the only occupant of the four Sections ~~that~~ surrounding the lake, that has not access to it.

I am aware that one Mr Lacombe

who entered the other fraction of the N.W. 1/4 of Section 22 and the East 1/2 of Same Section, has applied for the purchase of the same piece of land; but, really, I can not see Dr Lacombe's object in doing so, when he has all the South shore of said Lake for his own use.

You will understand that this is a question of considerable importance for Dr. St Jean, and so much so that Dr St Jean is willing to give any reasonable price for the said Fraction.

I must add that Dr Lacombe does not occupy his land; he left last fall for Calgary where he has been appointed farm instructor in an Industrial School, there, and no one occupies his place for him.

There being no doubt that, under the circumstances, Dr St Jean's demand will be deemed just, I am confident that you will grant him the privilege of purchasing the said parcel of land.

I have the honor to be

Sir

Your Obedient Servant

Sir,

I am directed to acknowledge your letter of the 4th instant, enclosing assignment from Gaspard Lacombe to Mr. Kelly, of the fractional North half and the fractional South West quarter of Section 22, Township 53, Range 25 West of the 4th Meridian, containing an area of 291¼ acres, along with $2 registration fee, and asking that a patent issue to Mr. Kelly for 160 acres of this land, being the portion occupied by Mr. Lacombe as his homestead, which homestead has been recommended for patent and the recommendation approved.

In reply I beg to say that your request cannot be complied with, as it is not known definitely what portion of the 291¼ acres is occupied by Mr. Lacombe as his homestead. It will be better that Mr. Kelly pay up the amount due upon the pre-emption portion, and a patent could then issue for the full area of the land claimed as a homestead and pre-emption.

An assignment has been fyled here from Gaspard Lacombe to Luke Kelly, of St. Albert, of his homestead and pre-emption, which comprise the fractional N.½ and the fractional S.W.¼ of Section 22, Township 53, Range 25, West of the 4th Meridian, containing together an area of 291½ acres. The homestead portion has been recommended for patent, but the excess over 160 acres has not been paid for.

Mr. Kelly now applies to be permitted to purchase that portion of the N.W.¼ of the said section shown on the township plan, a copy of which is hereto annexed, as covered by water, containing 104 acres, which, he states, is now dry land.

I see no objection to the land applied for being sold to Mr. Kelly at the same rate per acre as Mr. Lacombe will have to pay for his pre-emption, namely, $2.00.

Sir,

I am directed to acknowledge your letter of the 2nd ultimo, making application to purchase the fractional N.W.¼ 22. 52. 25 W. 4th M., lying into Long Lake and containing about 100 acres more or less.

In reply I am to say that as you have filed an assignment here from Mr. Gaspard Lacombe to yourself of the former's homestead and preemption, comprising the fractional N.½ and the fractional S.W.¼ of the above section, and as you state that the portion of the N.W.¼ covered by the lake according to the township plan is now dry land, and this portion is unalienated of in the records of the Department, there is no objection to your purchasing it at the same rate as Mr. Lacombe had to pay for his preemption, namely, $2 per acre; and the Agent of Dominion Lands at Winnipeg is being instructed accordingly. The area you will have to pay for is apparently 104 acres.

Time Sale No.130 comprises 104 acres of the N.W.1/4 formerly submerged.

In the result, the executors of Mr.Kelly's will appear to be now entitled to a Patent for the N.E.1/4, except 45.50 acres covered by water; the N.W.1/4-, except 4 acres in the N.W.corner patented or recommended to Narcisse St.Jean; and the S.W.1/4-,except 35 acres covered by water.

ADDRESS
COMMISSIONER OF IMMIGRATION

OCT 3[illegible] 1935

CANADA

IN YOUR REPLY REFER TO
No. 595310

KINDLY DO NOT WRITE ON MORE THAN ONE SUBJECT IN ANY ONE LETTER

DEPARTMENT OF IMMIGRATION AND COLONIZATION

OTTAWA, October 29th, 1935.

Dear Sir,-

This Department is investigating the cases of proposed deports from the United States named Bertha Schmelzer, nee Bishop, and children, William and Margaret Schmelzer, who are the wife and children of Herman Schmelzer born at Eisleben, Germany, on June 12th, 1866.

Herman Schmelzer's mother, Mrs. W. Schmelzer, of Whitla, Alberta, has furnished information to the effect that her husband, herself and her son, Herman, embarked at Hamburg, Germany, about the 16th August, 1893, arriving at a United States port on September 7th following. It appears they remained in the United States about three years and then proceeded to Canada on September 7th, 1896, and Mrs. Schmelzer states that her husband, Gotleib Schmelzer, homesteaded about a year after their arrival in Canada. The description of the land homesteaded has not been furnished but it is presumed it was in the vicinity of Whitla and it is possible that a record of Gotleib Schmelzer having homesteaded in that district is on file in your Department and I shall be much obliged if you will advise me whether this is the case and if so what record there is if any with regard to Gotleib Schmelzer's naturalization.

Yours truly,

Commissioner.

The Deputy Minister,
Department of the Interior,

OFFICE OF
THE DEPUTY MINISTER OF THE INTERIOR
OTTAWA, CANADA

Copy for the information of Mr. Hogan.

30th October, 1935.

Dear Sir,

I have your letter of the 29th instant, file 595310, in which you ask whether there is any record in this Department with regard to the Naturalization Certificate of Mr. Gotlieb Schmelzer.

In reply I may say that the Departmental records show that one Gottlieb Schmelzer obtained homestead entry for the North East quarter of Section 14, Township 12, Range 6, West of the 4th Meridian, which is in the vicinity of Whitla, Alberta, on the 8th March, 1899. There is a note on the file to the effect that Mr. Schmelzer's Naturalization Certificate, dated the 14th January, 1901, was received in the Department with his application for patent and was returned to him at Medicine Hat, Alberta, on the 28th April, 1909. When this settler applied for homestead patent in March, 1909, he gave his age as 47 years and stated that he was a blacksmith in Medicine Hat.

As you are aware, the records relating to Naturalization Certificates are with the Under Secretary of State.

Yours very truly,

Deputy Minister.

Department of Immigration and Colonization,

Lot 41 Edmonton Settlement

16574

Philip Tate claims a patent for Lot 143 Edmonton Settlement under the following circumstances:- David Tate, his nephew, made Hom entry for the lot and died in the Fall of 1885. There is no evidence filed here to shew that he died intestate and unmarried nor to shew if he has any other relatives living at the time of his death, than the one uncle, the Claimant. It would appear from the evidence that the claim is made by Philip Tate, through having adopted the deceased, and naturally enough, now, I suppose, he looks to recompense himself by inheriting the land. Whatever was the law of descent in the Territories prior to the coming into force of the Territories Real Property Act, I wish you would ascertain and write the A.G. at

adopted Oct^r

at Edmonton for the necessary evidence establishing the rightful heirs, as a patent is now due them for the Hom: portion of the lot, the conditions having been fulfilled. The lot is composed of 176 76/100 acres leaving 16 76/100 acres to be paid for at the rate of $1.00 per acre which you kindly add in your letter.

Yours truly

and the only obstacle which prevents the issue of a patent is uncertainty as to whom it should issue.

From the papers already filed here it is almost certain ~~certain~~ that David Tate died unmarried and intestate, but sufficient evidence with regard thereto has not yet been furnished.

There appears to be no doubt, that the claimant is an uncle of the deceased and that the latter lived with the former as a son, but other uncles or aunts of the deceased, or his father or mother, or both of them may also be living.

With a view therefore of saving the claimant Phillip Tate unnecessary trouble and expense in obtaining and filing here further evidence, I have to request you to be good enough to answer the following questions:-

1. Can the claim of Phillip Tate to the patent in his own name, as the legal representative of the deceased for the land in question be recognized?

2. What was the law of descent of the North West Territories prior to the coming into force of the Territories Real Property Act?

One ~~Rob~~ Tate claims a patent for Lot No. 43 in the Edmonton Settlement as the legal representative of his nephew, David Tate, deceased.

David Tate commenced to reside upon and cultivate the land in 1879 and did so continuously, until the fall of 1888, when he died, except for about three months during the rebellion, in that year, ~~when~~ during which he was engaged in the transfer service.

He ~~[illegible]~~ his homestead entry on the 10th of July 1888, and died shortly afterwards, in the fall of that year.

Phillip Tate, Uncle, ~~[illegible]~~ in his application for ~~the~~ a patent for the land in question refers to the deceased as his son, and has filed here with that application affidavits in which it is set forth that the deceased had been adopted and raised by Phillip Tate.

Re David Tate deceased.

We have been requested by Mr Philip Tate of this place to write you with reference to the homestead of the above named David Tate namely River Lot No. 43 in the Edmonton Settlement survey It appears that this boy died during the Fall of 1885 at the age of about 24 years. He was taken as the adopted son of Philip Tate when he was about 9 years old and since that time and up to the time of his death lived with, and was cared for by said Philip Tate as a son would have been. It also appears that he has no relatives who are alive outside of his said adopted father . He took up as a homestead the River lot above named and performed all of the duties necessary for the obtaining of patent. Mr Philip Tate now wants patent to issue to him as the adopted father of the said David Tate, and further alleges that he was the one who made all the payments on account of the entry fees , and assisted in the performance of the homestead duties of the said David Tate

Sir:. Re. Tate.

I have the honor to acknowledge the receipt of your letter of the 2nd. Ult; hereinA. From the correspondence and matter on file in the Land Office here I find that David Tate deceased entered for Lot 43. Edmonton settlement on the I'th. July I88[illegible].and recommendation for patent was granted to his Legal Representatives on the 8th. May I889 in conformity with the law then in force. I think that under the Law at the time of the entry of the said deceased, and as it now is the Legal Representatives of the deceased are entitled to the patent, the only question that can arise, is, who is the Legal Representative: the heir, or the executor or administrator, the latter seems to me to be correct, and such seems to be the opinion of the Commissioner at Winnipeg, who in a letter to the Agent here of date the 27th. June I889 written in this matter, states that the patent must issue to the executor, or administrator, and it was upon the faith of that letter that Letters of administration in this case were taken out.
Would you kindly submit the matter again to your Department and advise me of the result. You did not return the original letters of administration as stated in your letter.

deducted. This payment was reported to the Department in April, 1889.

Philip Tate did not furnish the evidence he was asked to furnish, but sent instead letters of administration of the real and personal estate of deceased, which the Court had granted to him (Philip Tate) upon the 15th May, 1893.

As the right of the personal representative of the estate of a deceased person to a grant of land which would ~~had~~ been patented to deceased had he lived, does not arise in any case where death took place prior to 1st January, 1867, we could not of course patent the lot to Mr. Philip Tate, as administrator of deceased, and his solicitor was so advised on the 18th July, 1893.

By Order of Mr. Justice Boulton of the 16th March, 1894, --certified copy on file -- the real estate was authorized to be sold, and by Clerk Taylor's certificate of the 4th ult'mo, it appears that lot No. 43 was sold for $401.00 to the Hon. Hugh John Macdonald. Letters-patent for the lot may therefore issue in favor of the Hon. Mr. Macdonald in his own name, for the lot. The facts set forth in this memorandum show that he is so entitled.

To the Chief Clerk of Patents,

Re. Lot No. 43 in the Edmonton Settlement,

In accordance with the investigation and report of Superintendent Pearce, and recommendation of the 17th October, 1884, of the Land Board, privilege was granted to David Tate to enter for 160 acres of this Lot as his homestead, and to pay for the remaining 16.70 acres at $1.00 per acre. He had resided continuously upon and cultivated the lot from 1879 to the fall of 1[illegible]. His entry was not made until 16th July, of that year.

Philip Tate who is alleged to have been an uncle of deceased and with whom deceased lived as an adopted son claimed patent as his legal representative.

The death of the deceased having taken place prior to the 1st January, 1887, when the Territories Real Property Act came into force, Philip Tate was requested to give legal evidence that deceased died unmarried and intestate, and that he was his sole heir at law, or as the case might be, descent to be traced under theprovisions in that behalf contained in the North West Territories Act.

Philip Tate paid $16.70 the purchase money for the surplus area 16.70 acres, of the lot after the area of the homestead, 160 acres, was

Sir,

With reference to your letter of the 16th ultimo, applying for a patent for the mineral rights on Lot 41 in the Brampton Settlement, Alberta District, and have possession of said lot, and for authority to patent homestead covering the mineral found on 20 acres containing within the lot, I am to say that Messrs. This lot was entered for mineral division by David Tate on the 18th July, 1885, and therefore the patent for the same carries with it the surface and under rights as there was no entirety in the Department to exclude the mineral rights for lands in the vicinity in which this lot is situated until the 31st October, 1887. Consequently the patent for this lot will not contain a reservation as to the minerals.

LETTER No. 4 4 7 I
REFERENCE No. 8 8 0 7

Sir,

Enclosed herewith find copy of an application on behalf of the town council of Calgary for blocks 23 and 38, Section 16, Township 24 Range I W. 5th. with certain street reservations, required as a pumping station for the Calgary Water Works Company. It being supposed probable that I would be asked to report on this matter, to save time the present course has been adopted.

Blocks 23, 38, 39, 40, 41, 42, 57, 58 and 59 have been reserved for recreation grounds, or public park.

The first point to be decided is, having disposed of the lots in said section according to a plan on which the said blocks with intervening streets were shown as a "public Park" if the Government sold or granted to said company what they ask, would not an action lie against the Government if these blocks were utilized for other than the purposes mentioned ? In most cities pumping-station grounds are laid out as places of public resort, with flower-plots, shrubs, fountains, &c., rendering them particularly attractive for visitors, and the public generally, and if that be done in this case,

The Secretary, no
Department of the Interior,
Ottawa.

no complaint would be made, and were it done it would be impossible to prove damages, so that in making any grant, this should be provided for.

Second. It may be that more land is asked for than the works require, and, further, the boulevard or street lying between the blocks and the river should not be closed. If it should prove advisable that any works should be placed in said boulevard, then sufficient space immediately in rear should be reserved to enable a street connection between the portion to the north-east and that to the south-west, as favorable, or as nearly so as possible, as the portion to be thus taken.

In any event, should not the said Water Works Company be required to file a plan showing their proposed works, and when that is done it can be readily determined what they require.

Without prejudicing the public interests, might not the Calgary town council be told that so much of the land applied for would be granted as is actually required for the works of said company, and which grant must be arranged so as not to affect injuriously any private rights acquired in said Section 16.

I have the honor to be,

Sir,

Your obedient servant.

Sir,

I have been instructed by the Calgary Town Council to write to Your Honorable Department in order to see if the Department would be willing to make a grant in fee simple to the Town of Calgary of Blocks 23 and 38 in Section 16 Town of Calgary, and also the roadway between said blocksand between block 23 and the Bow River for the purpose of transferring the same to The Calgary Gas & Water Works Co. for a pumping station for the Town Water Works, as the former site has been decided to be unfit for that purpose on account of the impurity of the water. This land consists of some five acres being part of the 30 acres reserved by the Government for Park purposes, and is of very little value except for some such purpose as this owing to its locality. The land if granted to the Town would be made over to the Company only upon their carrying out their contract with the Town.

As the time within which the Company are to commence operations is very limited perhaps your Department would let us know at the earliest possible date, by wire if convenient, whether they will entertain this proposition favourably.

Dear Sir

I see by the local Newspapers that the Town Council have made application to the Government for Blocks 23 and 38 under the Ordinance that they are reserved for the intended Calgary Water Works Company Reserve -

Apart from this Company being only a paper Co and the Chamber of Commerce only I beg to call your attention to the fact that the Reserve of the Blocks of land among others were shewn on the Government plan used a Public Park at the time I purchased -

Sir, the Strength of this Parties application is increased by the fact that lots were sold on Lineal Survey and not on the Block system -

Now Indeed the Town adjoining this Reserve is simply because of the Block system and should on them (running across the Block) By the Government that lots were sold for double the price that lots were sold for further East and more Centre of Town simply because of this Reserve being for Park Improvements & I trust sir you will see the Department fully justified in refusing the application of the Town Council of Calgary for this Reserve as among others that the Department will notify this Town Council of Calgary that this Reserve was Set aside for Park Improvements only

My dear Mr Deadman

There is a scheme on foot here, by which the Calgary Water Works Company are trying to get hold of some lots on the North Eastern corner of the Park reserve, on which to build their pumping station.

I need not tell you, that if they succeed, it will seriously depreciate the value of all the adjoining property, besides depriving the people of what they have learned to look u

a Government Gift to themselves though it has not yet been conveyed to them.

It is such men as these, Charter mongers, and Schemers, who are trying to put money into their own pockets at the public Expense, that are doing incalculable mischief to not only Calgary but the country at large

I trust that you will use all in your power to put a stop to this outrage being perpetrated

Hon. Edgar Dewdney,

Minister of the Interior,

Ottawa.

Dear Sir:

This company, in which Messrs [illegible] and Alex Lucas and myself are the principal stockholders, had plans [illegible] prepared and ready to commence putting in water-works in this town but the Corporation and a large number of the citizens desired we should change the proposed site for the pumping station from Reavley's Ct. below the Fau Claire Mills, to a point west of the town, and in consultation with the members of the Council a site was selected upon a piece of land owned by the Government west of the town, on the Bow River for a pumping site. This selection was made at the special request of the Corporation and a large number of citizens who desired the Company could not get pure water east of the point mentioned, and although it will cost the Company over $10,000 extra to change the location, yet we were willing to make the change, provided the Town Council could induce the Government to give the Company a small piece of the land at the point of location. The Town Council has

made application to yourself representing the Government, and I understand the request has been approved of by Mr Pearce. I have this day been informed that a Mr Conner has asked that the grant be not made, for some reason, I presume it is fear of detriment to his property which consists of only three lots,- a triangular piece No.20 on the east of section 15, which if you will examine you will observe is a very small portion of land compared to the rest of the town, and the works would be at least 500 feet from Conner's house so he cannot possibly be troubled or injured.

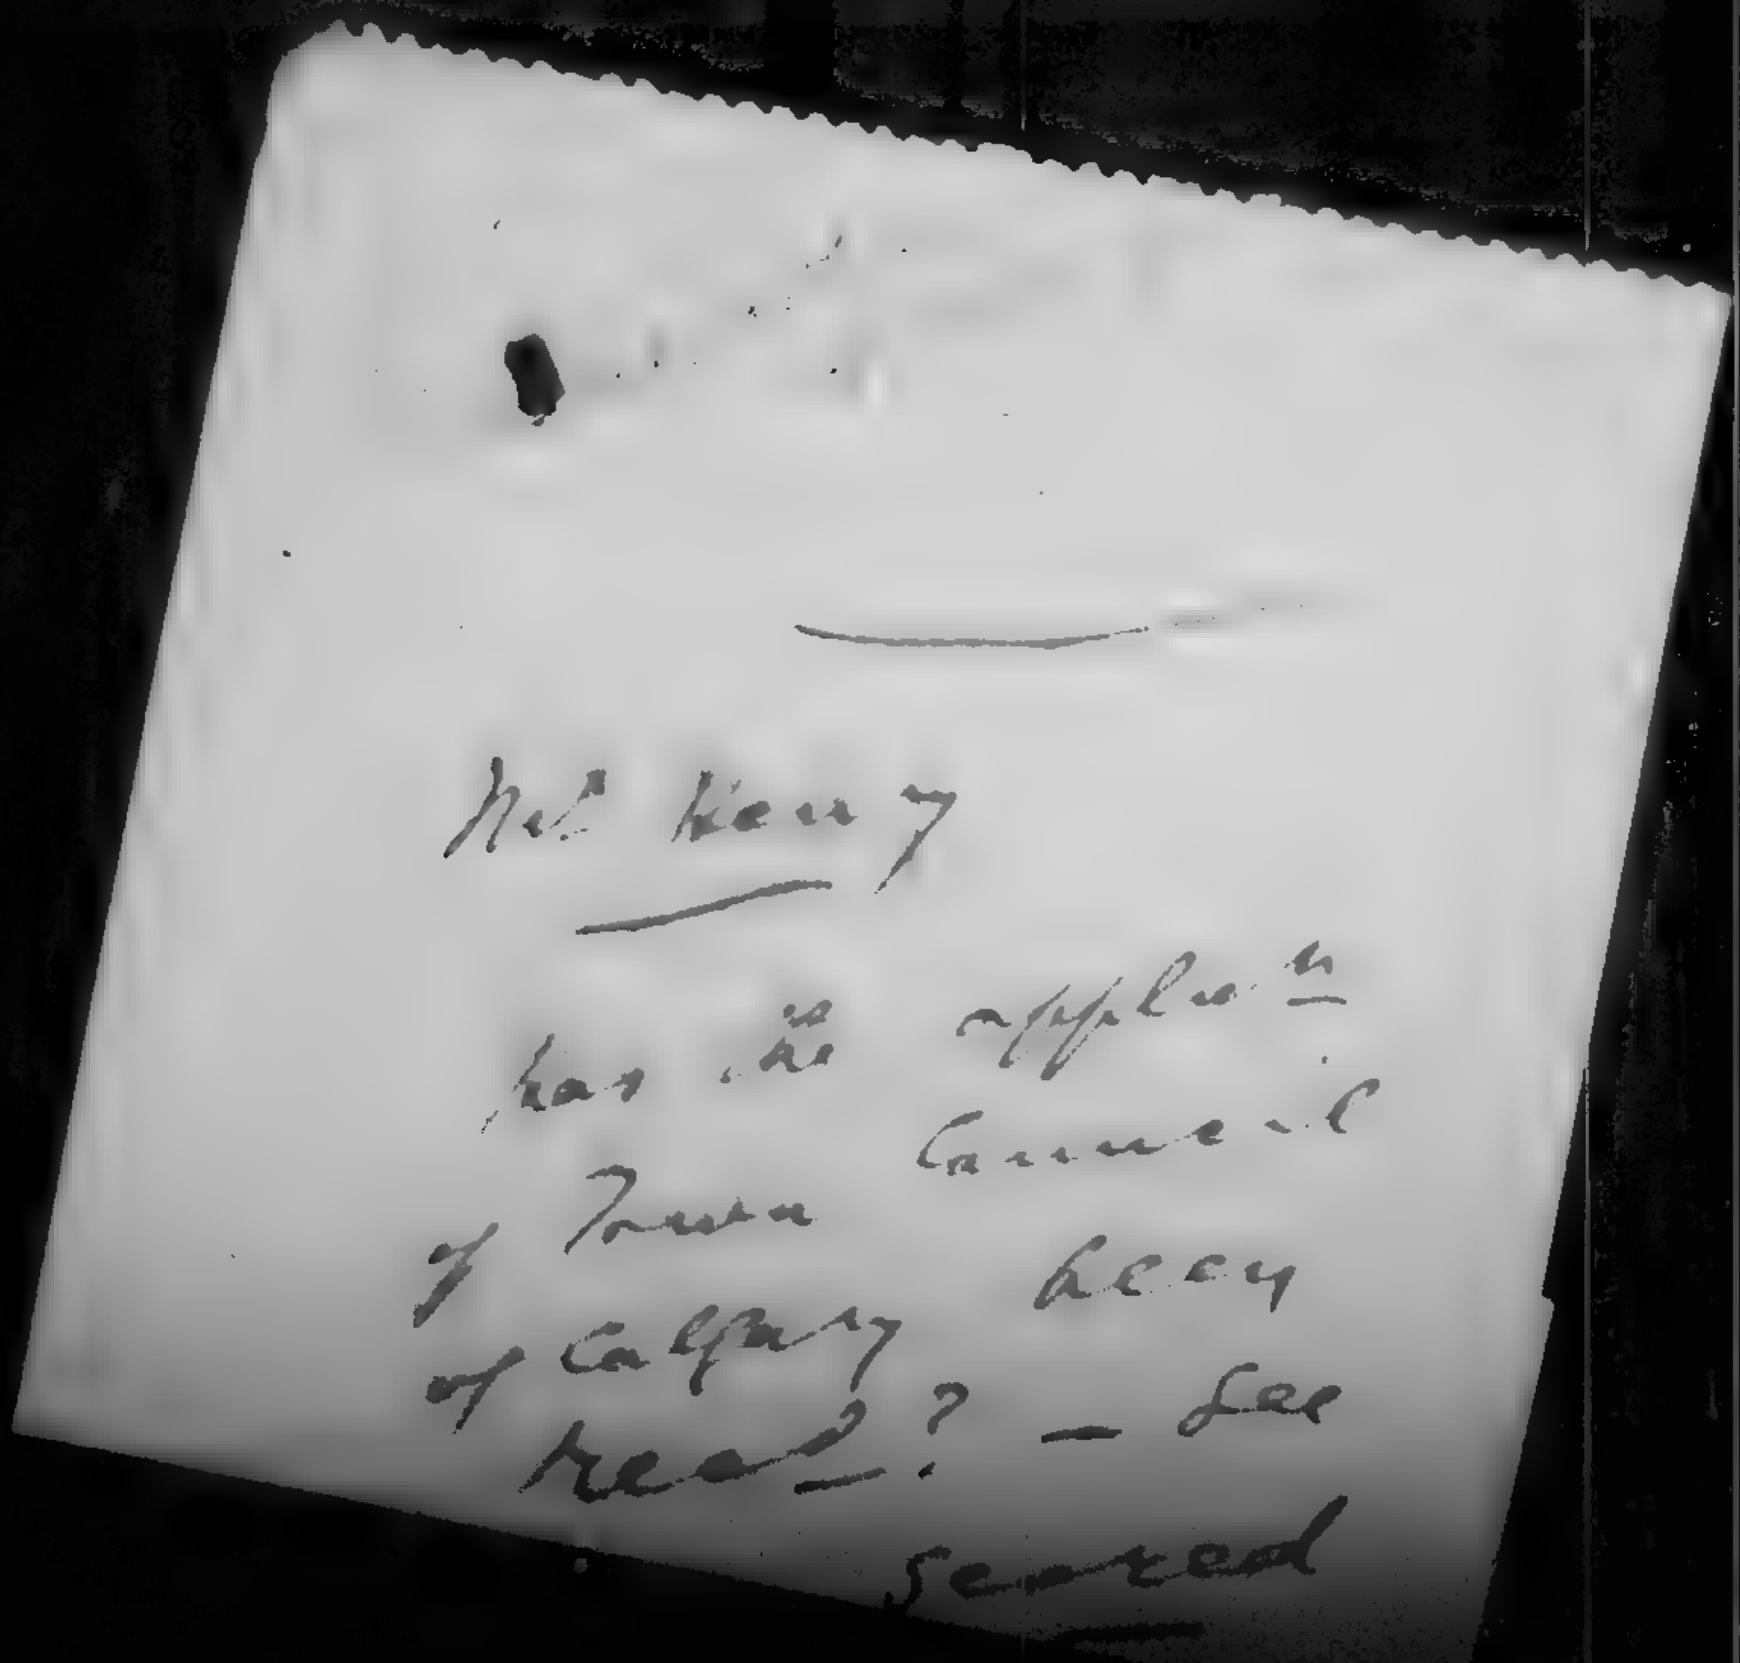

At all events it is the desire of the Corporation who have the interest of the town in view, that the location should be changed and a grant made, and as we have to put to work at once, if at all this year, I beg to ask you to give this your early consideration. I would say that Mr Conner's is the only dwelling house within 1000 feet of the proposed site.

An early reply will much oblige.

Yours truly,

Dear Mr. Dewdney,

Permit me to bring to your attention Mr. Pearce's letter of the 22nd May hereunder. Before definite action is taken upon the application of the Town Council of Calgary, or on Mr. Pearce's recommendation in that behalf, should not the letters of Mr. Ede and Mr. Hodder be referred to Mr. Pearce for report. If this Company be merely a paper company as stated, it would in my opinion be very unwise to grant them the privileges and concessions for which they ask.

Dear Sir

Would you kindly let the Council and myself know a reply to the application for pumping Sikes per our water works. The corporation are very anxious that the location should be up on Sec 16 – and we are desirous of meeting their wish. The delay is very detrimental for if there is to be a change we will require all the time before winter to get works advanced – I regret to trouble you but hope you can give this your consideration soon.

Yours of the 22nd ultimo to hand. Ref. 207328 containing copies of letters from Mr. R. Hodder and T. Ede, of Calgary, and asking me to report thereon.

I would say in regard to the following paragraph in Mr. Ede's letter "furthermore the lots were sold by the government for double the price that lots were further east and nearer the centre of the town simply because of this reserve being for park purposes." that I placed the prices on the lots, and the reserve being there had no influence in the matter, and would refer him to prices on 7, 8, and 9. [illegible] Those which were priced higher on the west side was owing to their location as regards the Bow River, and not with reserve for park purposes. Mr. Ede resides in Block 42, which is midway between the park purposes reserve and the east limit of the section, not, as he states "adjoining this reservation."

Mr. Hodder's residence is in Block 22 and if the water-pumping station were not kept attractive no doubt it would greatly injure him.

As to the promoters being "charter mongers" and a "paper company", I infer they have not within themselves

Dear Mr. Dunbar

With regard to the Calgary waterworks which I have now completed arrangements to construct, I have just heard from the Mayor of Calgary that the Town Council & citizens are making a special appeal to the Department to give permission to use public grounds for the location of the pumping works upon the land hitherto reserved as a Park.

With this appeal I have myself nothing to say, as I am prepared to attempt works lower down the river. As however this public action has been initiated I feel bound to say that from both Engineering & sanitary points of view

for the purpose - For my own part I am ready & anxious to construct these works at once in the most efficient & perfect manner; the works however must always be under disadvantages, unless this point can be settled as the people have recommended; and as time is urgent at present in order to enable me to have the works completed before winter I should be much obliged by the Earliest communication on this point.

If you wish it I can see you at Ottawa on this subject at once, although my present intention is to return to Calgary from Toronto on Wednesday the 21st inst

Henry P. Alexander,

I telegraphed you yesterday that there was no need to come to Ottawa in relation to the Waterworks matter, and now write you, as promised in my telegram, in answer to your letter. The lease to Calgary of the Reserve for the purpose of waterworks has been executed by the Government for the use of the public as a park, and it seems to me that it would not be possible, consistently with this condition, to permit the construction by a private company of waterworks on the Reserve. The Government would have to resume possession and sell the property to the Waterworks Company at the second value. This might suit the views of the people of Calgary well enough at the present time, but if the place ever becomes, like the appearance which we all expect, the

The said Company has also acquired by expropriation a portion of [illegible] which is shewn in the enclosed sketch lying north and west of the red line in same and south of the Log Drive. The said Company also owns all of Section 22 lying south of the Bow River.

The object of acquiring the island and that portion of Sec.21, was to create a water power, the power house of which is some distance below the Road Allowance between Sections 21 and 22 on the channel in said sketch marked "Log Drive". The Company desires to acquire the road allowance across the island and that portion of it extending south from south bank of the log drive about two hundred and sixty six .....66..... feet, as per description herewith.

Dear Sir

Referring to your letter of the 17th November 1894 addressed to His Hon. the Lieutenant Governor of the North West Territories ~~Have to~~ having reference to the closing of the road allowance between sections 21 and 22 in township 24, Range 1, West of the 5th. Meridian, I have to call your attention to the following facts. You state that the Calgary Water Power Company own the island in the river, which is crossed by this road allowance. The island in question stands in the name of the Dan Clark & Bow River Lumber Company, and was patented to them. The map and description showing the road by Mr. Macmillan D.L.S. also show the Island as the property of the Dan Clark Lumber Company. There is nothing on file here to show that the Lumber Company have ever assigned their interest to the Water Power Company and as

the land in question stands in the name of the former Company, it is impossible to go to Bonnet to get authority to transfer the road to the Water Power Company. Will you please see that an assignment of title is sent here, or else have the application amended, to read in favor of the Eau Claire Improvement Company. There is no objection to the closing of the road.

Sir, Sir,

With further reference to mine of the 19th instant, I enclose herewith copy of a letter from the Secretary to the Lieutenant Governor of the North West Territories, dated 30th May, 1881, which I presume you may take as official; I may add that the Town Council of Calgary have not a copy of the proclamation incorporating the Town; the loss of it is probably owing to the racket which occurred in 1885, when for a time Calgary had two councils, two mayors, and two incorporate seals. This is probably a rare occurence in the matter of municipal arrangements; one of the seals had for their coat of arms a bucking horse, and the other a cow being milked. Perhaps the Archivist would be glad to put this information on file.

I might further add that the Eau Claire and Bow River Lumber Company, who have their works situated on Sec. 22 South of the river, for several years paid taxes to Calgary imagining that their works were within the corporation limits.

Sir,

With further reference to your letter of the 30th ultimo, relative to the application of the Calgary Water Power Company for permission to cross road allowance between sections 1 and 36, Twp. 24, R. 1, W. of 5th Mer., I beg to say that I have obtained from the Secretary, and have herewith to forward, the information that the title to the Island in the Bow River which it is sought to have the road allowance has passed from the Bow River Water Company to the Calgary Water Power Company, and I also forward the abstract, a copy of the application presented thereto by the latter Company, and to refer to the details enclosed. From these papers, you will see that the Calgary Water Power Company are now owners of the land at both the road allowance in question, and that the only remaining interests will be those of the municipality, and that application to close this road allowance.

Referring to the letter of the President of the City of Calgary, I enclose herewith the petition as sent to me by the Chairman of the Home Rule Assembly, together with the letter by which it will be seen that the object in question is not within the city limits, but that the petitioners complain that the city is [illegible] the Calgary Water Power Company.

The Secretary,

Department of the Interior,

Ottawa, Ont.

AS

As you intimate that there is no objection on the part of the Department to the closing of this road allowance, provided it is shown that the title to the land affected is vested in the Calgary Water Power Company, I will be much obliged if you will notify the Lieutenant Governor, as soon as possible, that the application of the Calgary Water Power Company may be granted.

Memo. for the Minister's information.

The reason why a small piece of the road allowance south of the log drive has been included in the portion of the road to be closed and given to the Calgary Water Power Company, as recommended in your report to Council of the 20th ultimo, is that this includes all of the road lying between the property of the Waterworks Company on either side, and also because Superintendent Pearce reported as follows:-

"There is no public benefit to be gained by "refusing the Company's application and acceding to "it would be of very considerable benefit to the "said Company enabling it materially to protect its "power.

"No access by the public to the river is "required at this point, there being free access to "the same a short distance both to the east and west "of it by many public streets. The two bridges "which cross the Bow River in Calgary, being one a "short distance above and the other nearly a mile "below the said portion of the road allowance desired "to be closed and the said road allowance will never "be required as a bridge site crossing the said river."

To E. Deville,
Surveyor General.

Re Ref. 886192, beneath. I am sending you a letter from Mr. J.P.J. Jephson, Barrister at Calgary, with reference to a trail part of which seems to have been shown on your plan of Township 24, Range 1 West of the 5th Meridian, and which as Mr. Jephson states, connects with a bridge in Section 16 of that Township, and runs North through Section 21 and part of Section 28 to the North Morleyville trail shown on the plan as commencing in the South East quarter of Section 29. The first part of this trail is shown but the latter portion viz :- that part through the North West quarter of Section 21 and the South East quarter of Section 28 has been left out. Mr. Jephson states that the late Mr. J.A. McMillan, D.L.S., made a survey which is attached to a transfer between Felix McHugh and the Lieutenant Governor of the North West Territories, but Mr Winter, the Registrar at Calgary, does not seem sure that the transfer is sufficiently authoritative. Can you give me any information to reply to Mr. Jephson's letter ? I cannot find it Mr. Goodeve 's books or on the Road File any notification from the Deputy Commissioner of Public Works at Regina, of a reservation

for this road. But as you show a portion of the road on the North West quarter of Section 16, and the South West quarter of Section 21, and Mr. Charles E. la Rue, D.L.S., in his field notes of the North boundary of Section 21 shows a dotted line for a trail crossing the North boundary of that Section all of which would substantiate Mr. Jephson's statement that it connected with the North Morleyville trail. I submit his letter and plan for your consideration.

Referring to Mr. Steer's memo of the 29th inst. herewith, re trail in Tp 24 R. 1, W. of 5th Mer.

The trail from Morleyville North of the Bow River as shown through sections 24 and 31 on the Township plan is according to the plan of J. D. Green's survey of this trail in 1885.

The road shown crossing the N. Bdy. of the N.W. 1/4 section 16 is from a plan signed by J. A. Macmillan D.L.S. 1891 which is on record.

In reply to your letter of the 22nd ultimo, re Section 21, Township 24, Range 1 West of the 5th Meridian, stating that a public trail was surveyed across this land commencing on the Bow River in Section 16 North across part of Section 16, and across Section 21 and 28 to connect with the Old Morley trail North of the Bow River, and that there is in the Land Titles Office a plan of a proposed trail signed by the late J.A. Macmillan, D.L.S., which is attached to a transfer made sometime ago by [illegible], to the Lieutenand Governor of the North West Territories. I am directed to say we have no plan of this trail, with the exception of a portion of a survey of the Calgary Boulevard made by the late J.A. Macmillan, D.L.S., which shows a trail running from a bridge crossing the North West quarter of Section 16 and up through the South West quarter of Section 21, a portion of which trail has been shown on the plan of Township 24, Range 1 West of the 5th and approved by E. Deville, Surveyor General, on the 9th April, 1895. There has been no demand made by the North West Government for a reservation of an area covering the

Memorandum. Department of the Interior,

Ottawa, 18th July, 1891.

Mr. John White has paid in the sum of $500.00 which he states is half of the first instalment upon his purchase of the Section 10, Township 43, Range 25, West of the 4th Meridian, Section 2, Township 26 Range 2, West of the 5th Meridian, and the East half of Section 6, Township 26, Range 1, West of the 5th Meridian. According to this file Mr. White was given permission to purchase the East half of Section 2, Township 2 , Range 2, West of the 5th Meridian, the price per acre to be fixed by the Commissioner. and on file 233122 Mrs. White was granted permission to purchase the West half of this Section, the price also to be fixed by the Commissioner. If the amount now paid by Mr. White as the first half of the first instalment the rate per acre would be $2.50 per acre. Is this correct?

As to another point. The Act stipulates that an individual can purchase only 640 acres of land. Mr. White has tendered payment for two Sections which is of course a contravention of the Act. What are we to tell him?

Memorandum:-

In our letter of the 10th April last addressed to the Honourable Sir Mackenzie Bowell, K.C.M.G., you state on one of the paragraphs that the late Mr. John White also deposited in the Department the sum of $600 to be applied to the purchase of certain lands which exceeded in area the tract that could be sold to him under the Dominion Lands Act. With to his failure to determine the land he could purchase under the law, and no reply having been received from him, the money was deposited to the credit of the Receiver General. Mr. White, his wife and the executrix under his last Will and testament, now asks that this money be returned. If you will give your consent it can be paid over to her in accordance with your letter to the honourable the Premier.

The file 25868 which deals with the late Mr. White's application to purchase these lands cannot be found it having been evidently mislaid for the present, and therefore to save time the present return in this respect is being taken on Mr. Ryley's timber file.

Respectfully submitted.

Dear Sir;

I understand a person can buy government land at $1.00 per acre on agreement to irrigate it, if so I am prepared to purchase the N. E. ¼ of 18 - 1 - 28, west of the 4th and will send you cheque for that amount as soon as you can let me know if this is so. This ¼ section was preempted by Isaac Po er but as I bought his Homestead three years ago when he left the country he told me I might have preemption if I wished so far as he was concerned.

Let me hear from you by return mail and oblige,

Sir;

I herewith enclose a letter just received from Mr. R. A. Wallace of High River, regarding the improvements on the N. W. ¼ of 18 - 19 - 28, west of the 4th and other particulars, as well as his formal application to purchase same.

Referring to your communication of the 21st instant, file 207594, requesting this office to obtain a report from Mr. Homestead Inspector Thompson, I beg to inform you that Mr. Thompson has just returned from the South country and it would not be advisable for him to make a special trip in connection with this matter. Mr. Thompson states that he passed by the land on his way up and believes that nearly the whole of it could be irrigated and that doubtless Mr. Wallace's statement is correct and that the land ought to be worth $ 3.00 per acre. The only thing that he is not sure about, is as to whether there was a fence on the land when Mr. Isaac Potter left it but as it is some years since that gentleman removed from Alberta, any fence that he may have left would not now be of much value.

Sir,

I am directed to inform you that application has been made by Mr. T. A. Wallace, of [illegible] River, to purchase the S.W. ¼ of 16, 19, 20, W. 4th M., which at present stands as a preemption entry in the name of Isaac Potter. It appears from information received from the local Agent that the entry is liable to cancellation, and that Mr. Wallace has purchased from Mr. Potter the adjoining homestead. The application is to acquire the land at the price of $1 per acre on an agreement to improve the land by irrigation. Before coming to a decision the Minister would be glad to have an expression of your views upon the matter. You are no doubt acquainted with the land and the parties concerned.

Calgary N.W.T.

N.W.M.P. Barracks 3rd July 1884

To The Honourable Edgar Dewdney
Minister of the Interior
Ottawa

Sir,

I most respectfully beg to submit as follows:
(1.) Before the 11th July 1882 I made Homestead entry at the Dominion Lands office in Calgary for the S.E. ¼ of Section 4 Township 23 Range 2 West of 5th Meridian and Pre-emption entry for the S.W. ¼ of same Section under subsection 7 of Section 33 Chapter 54 Dominion Statutes.
(2.) That on the 11th December of same year being misled regarding the time allowed for completing the first year Homestead duties I notified the Local Agent of my abandonment of the same (Exhibit A)
(3.) That on the 3rd June 1884 I was informed by Mr Fraser a member of the Dominion Lands Board that my abandonment up to that date had not been acted upon and that my original entries still stood, and were not

then

211362

then cancelled, and further that a certain affidavit was required to be made before such cancellation could be made

(4) That I then immediately addressed a letter to you which **enclosed** praying that certain forms for said Homestead and Pre-emption be allowed to stand and that I be allowed to complete the required duties as though no abandonment had been made - and also a formal notice to the local agent revoking my abandonment

(5) That on the 6th June ultimo I received from the local agent acknowledgement of my said communication at the same time advising suspension of further proceedings - (Exhibit D)

(6) That on the 22nd June ultimo, I received from the local agent notice that my entries had been cancelled, without known having any reason therefor.

(7) That on the 2nd June ultimo, I was subpoenaed to appear on the following day at the office of the Superintendent of Indian Affairs to give evidence re

Reynolds

211262

respecting my abandonment that I did
to appear and retain on petition of my
counsel (who was present and objected
certain matters pertaining to and objections with
Mr Lees, the Superintendent of Mines and
Member of the Dominion Lands Board
as to the proceedings) I intend to receive
certain questions put by the Commissioner
and was yesterday, the 2nd inst, arrested
at my further residence (about nine my
Father's who was dismissed after a short
examination) without any warrant or other
show of authority on the part of the N.C.
Police and constable of the 1st Batt. I
was then not told me I present
(I mind a prisoner in the gaol, as I
was informed on the warrant of the said
Mr Lees Superintendent of Mines and
member of the Dominion Lands Board
for contempt (Exhibit C.)
(8) That I have at all times given my
my as a loyal subject of Her Majesty
and as a law-abiding citizen of Canada
and I protest against this arrest and
retaining me of your illegal authority
on the part of the Commissioner, but as

June last past at the Legacy of his actions
in the Courts as Agent to the Chief
of the Chippewa tribe of Indians and
as a Member of the Government to which
such enjoins to be made note of the re-
-commendations of such Court as will show whether
or not the action of the Commissioner has
been of partiality pure motives

(4) That one Pullone has made application
to purchase the Homestead and Timber
in question and his application has been
recommended by Mr. Thomas Rowe the Local
agent said Pullone being a Clerk in the
Hudson Bay Company's store and he has
not the opportunity nor inclination to settle
on the land. Further has been a purchaser
to employ for speculative purposes and
thereby contrary to the letter and spirit of
the Law

(5) That on a previous occasion viz.
when S.E. ¼ Section 32 Township 21 Range 1 W of 5th
became vacant by the death of the
holder the Petitioner acted in similar part
and immediately after being informed the
property it was transferred to Mr. Thos. Rowe
as a reference to the Register office will show

(P.T.O.)

(11) That I was told (1918) the S.E. ¼ section 20 Township 101 Range 1 W of 5th was left vacant by the removal from the Territories of the holder and in answer to enquiry regarding it the local agent Mr Lowe said nothing could be done about it, as far as an entry for it was concerned, but it was quickly and quietly passed into the hands of Mr (or Mrs) Lowe who are now residing upon it

(12) That I have heard of Mr Lowe and Mr Lowe working together in a case to block the entry of an intending settler on which case however they were unsuccessful, followed by some underhand dealing subsequent to refusal.

(13) That I have heard many complaints by settlers regarding the manner in which the affairs of the Lands Office are conducted and the way they have been treated, but either from fear of unfair reprisals when their points may be applied for or other unjust treatment they prefer to put up temporarily with minor annoyances, nevertheless, some have the earliest opportunity of settling their homesteads and leave the country without giving further

their

their necessary duties in a half-hearted and spiritless manner, or appeal to the British Colonial Secretary -

(11) That by the high handed and autocratic bearing and cruel grasping nature of trusted Officials, Good Laws are becoming Vexations and distasteful to many honest, toiling, Loyal Settlers on Government Lands, and the Government, the author of such Laws, is thus brought into Contempt!

(12) That in making these representations to You Sir, I do so in the free and simple Confidence that if any wrong has been done to me in the matter You will endeavour to correct it: I feel deeply aggrieved at the disgrace the Granting of being sworn for a short time Co-incident with accused Murderers and Horse-thieves and pained beyond my ability to properly express on account of the short Cummings a deliberate invasion of my fireside home

(13) That my desire was, and is, to become a bona-fide settler in the Country and as stated in my examination before

before the Commissioners. I was, and am
now prepared, to faithfully perform the
duties immediately required to be done
if my entries for the homestead could
be allowed to remain and be not cancelled.
In consideration of the premises
and of the matters herein set forth
I pray that the Honorable
Secretary of the Interior may
cause the cancellation of said entries
to be set aside and for me
such further relief in the premises
may be granted as to him seems
meet and proper.

(1)

I am a citizen of the United States
and resident of the State of Nevada
over the age of twenty one years.
I have personal knowledge of the facts
hereinafter stated. I am not
interested in the above entries
except as a citizen who is in favor
of the enforcement of the laws
of the United States, and
believe that the public interests
will be best subserved by the
enforcement of the laws
relating to the disposal of the
public lands. I have never

Extracts from letter from Superintendent Pearce to the Commissioner of Dominio n Lands, dated 10th June 1889.

"I beg to enclose herewith an affidavit from "Mr R.H.M.Rawlinson, which shews the amount of improvemes "he has on the land in question. He declares that he "has had no collusion , ei her directly or indirectly, "with Riley, but from an observation he made I am under "the impression that although he has not nor is he aware that anyone else has had any collusion with him, others "have had , in this way; that they have undertaken to buy "theland for hi from the Govemment at a fixed price "per acre, when cancelled, and expect to do so by placing "half breed scrip on it in payment.

" As you are aware I have always been opposed to "the use of such scrip on cancelled lands and in this cae "Iwould suggest that the entries be cancelled, and the land sold at $2.50 per acre, cash, no half breed land "scrip to be allowed in payment. The half section is a "very good one, but it has not been rendered valuable by f reason of its proximity to Keith Station, or that the "Canadian Pacific Railway passes thr ough it. It would "be just as valuable if it werwe within the same radius from Calgary in any other direction, so assuming that it is the policy of the pepartment that a fixed price for "lands regardless of their location be maintained, then "$2.50 per acre should be charged,; if however you "think otherwise then we might place it at $3.00 per acre

cash

"cash. Rawlinson has proved a first class settler and "appears to be a straightforward honest man." + + + + + + "It was from an observation which fell from "Mr Rawlinson just as I was leaving him on Monday last "that I inferred that a "dicker" regarding half breed "scrip was going on, and I had hoped to obtain in Mr "Riley's affidavit some further light on this point."

To all or any of the Constables of other Peace Officers in the District of Alberta and North West Territories of Canada and to the keeper of the Common Gaol at the Town of Calgary in the District and Territories aforesaid:

WHEREAS on the 27th day of June instant at the Town of Calgary aforesaid under and by ~~xxtrue~~ virtue of the provisions of section ninety six(96) of the Dominion Land Act 49 Victoria Chapter 54 Revised Statutes of Canada, I duly issued my subpoena to Ezra Homesfield Riley requiring him to be and appear before me on Saturday the 29th day of June instant at my office in the building occupied by the Superintendent of Mines situate on the South side of Stephen Avenue and between Scarth and McTavish Streets in the Town of Calgary to testify what he knows concerning the abandonment by him the said Ezra Homesfied Riley of his homestead and pre-emption entries to West half of section 4(four) Township twenty five (25) Range two (2) west of the fifth initial meridian. And whereas it has been made to appear to me upon oath that the said subpoena was duly and legally served upon the said Ezra Homesfield Riley and that he was paid at the time of such service $2.80 for witness fees and conduct money, and the said Ezra Homesfield Riley did attend before me at the said time and place appointed but refused to give evi-

evidence touching the matters referred to in the said subpoena when requested by me to do so.

These are therefore to command you the asaid constables, Peace Officers, or any of you to take the said A. Calgary, 6th July , 1889.

Sir,

In reference to yours of the 8th ultimo 137844E Ref 137000 regarding E .H.Riley's refusal to give evidence concerning the W.½ 4-25-2 W 5th M, I laid all the papers in the case before John Costigan Esq, Crown prosecutor with the letter of which a copy was sent you. He advised me that everything was regular and drew up a warrant of committment, copy of which is enclosed. You will observe that said warrant gives Riley the option of shortening the sentence by offering to give the evidence required. It occurred to me that the Act did not give me that power, consequently as I was leaving for Canmore and as D .L.Scott Q.C. of Regina was to call in the office to see Meyer I requested Meyer to submit it to him and he stated I had n ot that power and made several changes in the wording of the warrant. I failed to meet Scott but

but from what Meyer gathered from him I inferred that one could not be too careful in such cases as regards procedure. I then consulted McCarthy of Loughead & McCarthy who advises me not to proceed, that flaws might be urged in the subpoena, the judges gave the party committed every advantage in such cases. Further the fee tendered might not be held su ficient. In the consoli dated North West Ordnance no fee is given and he (McCarthy) has always taken the old Ordnance fee $2.00 as the one required. He drew up a new subpoena and affidavit of service which were served on Riley, which you will notice (from copies enclosed) I signed only as a member of the Land Board. At the hour specified Riley appeared accompanied by his counsel Mr Ede and under the latters advice refused to answer certain questions. Copies of questions and replies signed by Riley enclosed. Before opening the case Mr Ede stated that by his advice Riley would not answer except what he chose and disputed my authority to take evidence. I requested him to put what he had to state in writing so that it might go on record which he did , copy enclosed. I then submitted Riley's evidence and Ede's objections to Mr McCarthy who advised me to commit and he drew up t e warrant of commitment, copy enclosed, I deferred having Riley committed till Tuesday July 2nd so as to give him every opportunity to get out a writ of Habeus Corpus or take any lega proceedings he might desire. He was committed on the afternoon of the 2nd and discharged on the fourth.

Whether an action may be attempted for false

arrest.

arrest or not I am not aware but one thing appeared to me to be certain and that is it would never do to permit him to defy the authority of the Land Board.

I think under Ede's advice he will attemp to contest the cancellation of his entries. You will notice the grounds of his contention both in Riley's evidence and Ede's written objections .

I do not think it worth while going any further in this case but you may deem it advisable to do so that is, again subpoena him and again commit him if he refuses.

I have in mine of the 10th ultimo expressed as to how the half section should be disposed of.

Awaiting any further instructions you may send me.

I have the honor to be,

Sir,

Your obedient ervant,

Ezra H.Riley the homesteader of the above land contends that the Superintendent of Mines has no power to take evidence in the above land entries on the following grounds.

1. That there is no abandonment of said land.
2. That prior to the cancellation of the above described homestead and pre-emption entries the said E.H.Riley notified the Dominion Lands Office at Calgary that he had not abandoned his homestead and pre-emption entries.
3. That the cancellation of the said homestead and pre-emption entries were made after such notice and within a year from the date of the entries for such homestead and pre-emption entries.
4. That there is no matter in dispute relating to the said land.
5. That the Superintendent of Mines has no power to issue a subpoena to take evidence where there is no abandonment over matters in dispute.
6. That on this and other grounds Ezra H.Riley refuses to give evidence in any mater except his denial of abandoning his said homestead and pre-emption entries.

Dominion Lands Commission.

Winnipeg, July 13th, 1889

Enclosures.

Sir,

Referring to the Departmental letter No.208584, of the 28th ultimo, I beg to submit for your information and consideration the following report, and accompanying copies of papers, in re E.H.Riley and W.½ Sec 4-25-2 W 5thM

Mr Riley obtained homestead and pre emption entries for the above mentioned ha.f section on the 11th July 1888 and elected to perform his settlement duties in accordance with the provisions of sub clause 7 of clause 38 of the Dominion Lands Act - the "five years" system.

On the 4th December 1888 he wrote a letter to the Dominion Lands Agent at Calgary stating that he was unable to fulfil his homestead duties and asking permission to abandon his

A.M.Burgess Esq.,
Deputy Minister of the Interior,
Ottawa.

L.M.F.

his entry with the privilege of making a second entry when he found himself in a position to perform the necessary duties of a settler. The Agent forwarded a copy of that letter to me for consideration , and together with it a copy of a letter from one R.H.M.Rawlinson, applying to purchase the land in question which he " understood had been abandoned by E.H.Riley. "

The Secretary's answer to the Agent was that "if Mr E.H.Riley furnished a declaration to the effect "that he has not received or been promised, and does not "expect to receive any consideration for allowing his "entries for the W.½ Section 4-25-2 W 5th M, to be cancel "led, it will be considered whether or not such cancella- "tion can be authorized and Mr R.H.Rawlinson's application "to purchase the land be entertained."

In response to this a declaration was submitted which referred only to the S.W.¼ (the pre-emption) . This was returned for amendment on the 12th February last, but has never come bavk here. On the 28th February an application for the cancellation of Riley's entries was filed by one Charles Parlow, acting on behalf of one Charles Dumas Jr.

On this the usual notice to shew cause why his entries should not be cancelled was sent to Riley and the Homestead Inspector instructed to report.

Riley made no response and as the report of the Inspector , who visited the land on the 25th May, shewed that up to that date he had neither resided upon nor

cultivated

cultivated any portion of his homestead (although some improvements had been made thereon by Mr Rawlinson above referred to) the following order was made on the 15th June - and in due course communicated to the Local Agent and parties interested:- "Cancellation to be carried out "Reserve disposition of land and improvements for the "present."

In the meantime, however namely on the 30th May the papers in the case were sent to Mr Superintendent Pearce for report, with a letter from which I make the following extract:-

"Probably you will think it advisable to summon "and examine the parties with a view to ascertaining "whether Riley is getting any money or other considera- tion for allowing cancellation to go by default, and I "am to ask you whether it would not, in view of the con- "flicting interests of Rawlinson and Dumas, and of the "possibly more than average value of the land, be better "to open it for sale at an upset price rather than re- "open it to homestead and pre-emption entry after cancel- "lation x-x-x-x-x-x-x-x-x-x-x-x-x-x-x-x-x-x-x-x-x-x-x- "The Commissioner would also like to know whether Dumas "is an actual settler or whether it is not his intention "to locate a half breed warrant on the land if given an "opportunity to do so. The Commissioner suspects that he "or Parlow, is acting in collusion with Riley."

On the 7th June I received a telegram from Mr Pearce, to which I sent a reply by mail as follows:-

A.M.B.

"I received your telegram last night, saying that Riley "refuses to give evidence in the matter of the W.½ 4-25-"2 W 5th., although he has been subpoenaed and has re-"ceived the fees which legally he is entitled to, and "recommending that we chould take action to proceed "against him for contempt. I quite agree with you, but "think that you had better take legal advise. I would "suggest that before instituting proceedings you warn "Riley of the consequences of his disregarding your sum-"mons. If he is obdurate it would then be better to "proceed against him."

On the 10th June I was advised from Mr Pearce's office that due warning had been given to Mr Riley in accordance with my suggestion, and the subsequent proceedings taken in the matter by Mr Pearce are detailed in a letter from him, dated the 6th instant, copies of which letter, an its enclosures, are enclosed herewith.

It will be observed that by the terms of his entry Mr Riley was bound to " perfect " it by commencing the cultivation of his homestead within six months, and that having failed to do so his entry was clearly liable to cancellation. I enclose extracts from a letter from Mr Pearce (dated the 10th June) giving his opinion as to the best way to dispose of the land etc., but before giving directions for its disposal I shall like to have your views as to what further action, if any, should be taken as regards Riley.

I

A.M.B.

I am inclined to think that he could not again be subpoenaed to answer the same questions and committed to gaol for a second refusal to do so. Perhaps you will consult the Law Officers of the Crown on this point if you think it desirable that such action should be taken.

I report thus fully in order that you may be in possession of the facts in the event of Riley or his Solicitors communicating with the Department and I would ask you whether you think that before disposing of the land in question the applicant for cancellation - Parlow- and the party on whose behalf he is acting had better be examined, and whether it should not be disposed of by sale only, as suggested by Mr Pearce.

Referring to the complaints against Mr. Pearce, the Superintendent of Mines, and Mr. Howe, the Agent of Dominion Lands for the Calgary District, made by your letter to the Minister of the Interior of the 3rd July last, I have now to inform you that an investigation of the charges you make against Mr. Howe will be held. As to anything that occurred in connection with the subpoena issued to you by Mr. Pearce to attend and give evidence before him with reference to your homestead, you have only yourself to blame ~~in the matter~~. Sir.

I have the honor to acknowledge the receipt of your letter of the 2nd instant, Ref.No. 208584, enclosing copy of a letter from E.H. Riley.

As Mr. Riley's complaints seem to be principally against the Agent here, I have nothing to say, excepting in answer to paragraphs numbers 16 and 17.

Concerning the first, I have no doubt that the land alluded to is that which Riley's father obtained as a homestead, and on which [illegible] were living, viz., the N.W. 1/4 20-24-I W. 4th, which was once the homestead of Mr. S.J. Howe, deceased. I did object to Riley getting it as an ordinary homestead, as I did not, nor do I yet, consider he was entitled to it. If this is the land referred to, copies of the correspondence in connection therewith between the Commissioner's office and myself can be sent you.

Concerning the threats alluded to in paragraph 17, of Mr. Riley's letter, I enclose herewith copy of a letter dated 7th June last, addressed to Mr. John F. Costigan, Crown Prosecutor, Calgary, reciting briefly all that had been done in the case. No threats were ever made Mr. Riley; I merely pointed out to him on the first occasion when he refused to give evidence what power I had in the matter, and if he persisted in refusing to testify I should be compelled to exercise said

I do not think there would have been any trouble in the matter had it not been for the bad advice of Mr. Riley's father and also his solicitor, and if he has a grievance against the officials of the Government in compelling him to associate with "accursed "horse-thieves and murderers", as stated in paragraph 15, I would state that when I told him if he persisted in his refusal to give evidence that I would have to commit him, his reply was "that the grub in the guard-room was "as good as it was at home."

Sir,

During an interview I had with you on the 24th inst. it was intimated to me by you officially that in pursuance of the Address to Her Majesty from the Hudson's Bay Company, praying that the Territory in the Saskatchewan District, should be placed under the Government of Canada, Her Majesty had been pleased to signify her intention to comply with the prayer of the Petition, and that the latter had been referred by Council to the Government of Canada for the adjustment of certain financial questions.

This matter is not mentioned in the Speech to open the Session of Parliament, but I am directed by His Excellency the Governor General to make the following statement in a letter addressed to yourself on this subject, viz:—

That on a previous occasion, viz, the 30th day of June last, when Sir Edmund Head was about to proceed to England, the Hudson's Bay Company addressed a letter to His Excellency the Governor General, praying that the Territory in the Saskatchewan District, should be placed under the Government of Canada, and that by Order in Council of the 31st July last, His Excellency was pleased to refer the matter to the Canadian Ministers for their consideration and report.

In re the investigation of which you notified me would be held in answer to my memorial of last year, and which I was requested by Mr Pearce I should furnish to correct an error which appeared in your letter to me of 2nd inst. I am therein told that the Crown Prosecutor cannot be summoned to his own Court except and to advise me that we are to explain the destruction I did not disappoint Mr Pearce's power to hold an examination as there is no dispute. Mr Pearce summoned me to attend before him on the 23rd June last as to the abandonment of my homestead which abandonment had been withdrawn and in reply to my enquiries I was advised by you that the homestead and pre-emption still stood on my name, all this previous to the issue of Mr Pearce's summons since then no thing in dispute. Now

my counsel advised me to this effect and that Mr. Pearce had no power under the act to investigate my private affairs until I had done some act calling some question in that Furthermore a perusal of the correspondence will show that I, as an accused party, and as a portion of the evidence I desire to adduce will be excluded from the record of the commission and etc. on Saturday. That that am not unreasonable as I submit that Mr. Pearce and Mr. Graham who is the inspector of Dominion lands together the two commissioners whom I am advised are appointed to conduct the investigation can be considered as a fair and unprejudiced — and I most respectfully pray that others may be named in their stead in the event and that the commissioners be instructed to fully investigate all the matters complained of by me and to defray the cost of bringing up my witnesses. On the 26th Dec. 1885 the Agent at Calgary forwarded here an application from S. H. Riley to abandon his entries for the W½ Sec. 4. 25. 2 W. 5th M. with the privilege of making second entry at some future time, and with the same covering letter copy of an application from one H. H. W. Rawlinson to purchase the [illegible]

The Agent was told in reply that it wd be necessary for Mr. Riley to furnish the usual declaration that he had not received or been promised any consideration for allowing his entries [illegible]

A declaration of this nature was forwarded here ~~accordingly~~ through the Agent on the 25th January last but it referred only to the S W¼, Mr. Riley's pre-emption (described in his declaration as his homestead) and was consequently returned for amendment with a letter, of which I enclose a copy.

The Agent has not replied to that letter, but on the 28th February he [illegible]

Enc. copy

to this office an application for inspection from one Charles Parlow on behalf of Charles Dumas.

Notice to show cause was sent to Riley on the 18th March and he has made no answer.

The Inspector's report shows that no settlement duties or improvements have been performed by Riley, but that Rawlinson has built a house and made other valuable improvements on the land in question.

Dumas is pressing for a decision on this application to cancel but before taking further action I would be glad to have a report from you in the matter.

Probably you will think it advisable to summon and examine the parties with a view to ascertaining whether Riley is getting any money or other consideration for allowing cancellation and learn to see you whether it would not, in view of the conflicting interests of Rawlinson and Dumas and of the possible more than average value of the land, be better to offer it for sale at an upset price rather than reopen it to H.D. entry after cancellation, and if so to request you to state what you think would be a proper upset price. The Commr. would also like to know whether Dumas is an actual settler or whether he is merely acting as agent for someone else who wants to secure a valuable timber claim. The Commr. is also anxious to know if Riley has complied with the law, & if not, why not, & whether Parlow, who is acting in behalf of Dumas, is acting in collusion with Riley.

radius from Calgary in any other direction, so assuming that it is the policy of the Department that a fixed price for lands, regardless of their location, be maintained, then $2.50 per acre should be charged; if, however, you think otherwise, then we might place it at $3.00 per acre, cash. Parlinson has proved a first class settler, and appears to be a straightforward, honest man.

I telegraphed you on the 7th instant, regarding Riley, and expecting to have an answer directing me to proceed against him with a view to committing him for contempt. I addressed a letter, of which the enclosed is a copy, to Mr. Costigan, the Crown Prosecutor here, but as yet, I am without instructions; it seems all the steps which I have taken to obtain Riley's evidence. I think he should be punished, otherwise it will bring the administration of this Department into contempt at this point---this is the first case of this nature which has arisen, and I think it should be properly dealt with. I also enclose you a duplicate of the subpoena and a copy of the affidavit of service so that you can satisfy yourself whether my proceedings were in order or not. If my action has been irregular I ask you to advise me, so that I may guard against it in the future. My intention in telegraphing you was that I expected to leave Calgary for about ten days immediately, and was to take the necessary action before leaving, but I suppose it will stand over now until my return; my inclination, I may state, is to have Mr. Riley incarcerated for forty-

eight

eight hours.

It was from an observation which fell from Mr. Rawlinson just as I was leaving him on Monday last that I inferred that a "dicker" regarding Half Breed scrip was going on, and I had hoped to obtain in Mr. Riley's affidavit some further light on this point.

I would direct your attention to the fact that Mr. Riley has written to the Agent withdrawing his abandonment, and states he is now going to perform his homestead duties, but I instructed the latter to notify him that until this cancellation is decided upon no steps made now by him will affect the case. I think cancellation should be carried out, and the parties notified to that effect. As to the price to be charged Rawlinson, that could be considered later.

Riley says he sent his papers in and paying in that he was served with a notice to show cause within thirty days why his entry should not be cancelled, and if he failed to do so his entry would be cancelled, and he therefore failed to show cause, or to have anything more to do with it. In my opinion the Riley family are not at all a desirable set of people to encourage. This man's sense of honor is so very obtuse that he thinks he would be perfectly justified in cutting Rawlinson and taking advantage of his improvements without saying "by your leave". Rawlinson, I believe has some brothers in the country who are stated to be capital settlers; they are all young Englishmen who are well acquainted with horse-breeding, and have, it is

stated, the necessary capital for such enterprise.

On the 7th June I received a telegram from Mr. Pearce, to which a reply ~~was sent~~ as follows or by mail:

" I received your telegram last
" night, saying that Riley refuses
" to give evidence in the matter
" of the W½ 4 -5 - 2 W"

acting on behalf of one Charles Dawes jr.

On this the usual notice to shew cause why ~~cancellation~~ his entries should not be cancelled was sent to Riley and the Homestead Inspector [illegible]

Riley made no response and as the report of the Inspector, who visited the land on the 25th May, shewed that up to that date he had neither resided upon nor cultivated [illegible] although some improvements had been made thereon for [illegible] the following order was made on the 15th June - and in due course communicated to the local Agent and parties interested :- "Cancellation to be "carried out. Reserve disposition "of land and improvements for [illegible]

In the meantime, however - namely on the 30th May - the papers in the case were sent to Mr. Superintendent Pearce for report, with a letter from which I make the following extract :-

"Probably you will think "it advisable to summon and "examine the parties with

letter to ~~the~~ me ~~this office~~ for ~~its~~ consideration, and together with it a copy of a letter from one R. H. M. Rawlinson, applying to purchase the land in question which he "understood had been abandoned by E. H. Riley.

The Secretary's answer to the Agent was that "if Mr. "E. H. Riley furnishes a declaration "to the effect that he has not "received or been promised, "and does not expect to "receive any consideration for "allowing his entries for the "W½ Sec. 4. 25. 2 W. 5th M. "to be cancelled, it will be "considered whether or not such "cancellation can be authorized "and Mr. R. H. Rawlinson's "application to purchase the "land be entertained.

In response to this a declaration was submitted which referred only to the SW¼ (the pre-emption). This was returned for amendment on the 12th February last, but has never come back ~~with the~~ ~~answer~~. On the 28th February an application for the cancellation of Riley's entries was filed by one Charles H. Parlow

R. McL. Burgess Esq.

Sir,

I am most anxious to obtain
a decision as regards the following matter
& only excuse for troubling you instead of writing to
the Dominion Land agent at Battleford or Calgary
but by so doing I hope to obtain an earlier reply.

In the Fall of the past year ('88), my brother
& I took up a location in the Touchwood Hills at
the foot of the Riverstone range of the Rocky Mts.
We agreed to have our homesteads and pre-emptions
adjoining each other for the sake of economy and comfort
i.e. to have the 640 acres in one square unit.
The Touchwood Hills are situated the East of Surveying
operations which were carried to within twenty
miles westward of the East Line of Township
available to settlers at the time of
Township (the Township Being very broken

and hilly.) so we selected a small valley
South having a small spring rivulet at its
mouth and containing enough ranching
adapting the location for our purpose, which is
farming. The soil in the N and NW
is of a gravelly & stony loam; to the West it
becomes a sandy loam with a small percentage of
gravel, while to the S and E it is a rich loam
The land is surrounded by rugged stony hills
from which the valley takes its name, these
by a small stream running through a
Poplar bush.
The hills all round
are more or less stony and the
valley being rather moist which covers the
valley, the North Fork & the Old Man River. Their
source is surrounding the Riverstone range of the Rocky
The spot we selected is distant some four miles
from the range, and from two
to
mouth of the Fall of the season we were unable
to put any improvements on the land as the time
of settling was too late for the season so we
spent the time
(We found
a small log-shack (12'x14') situated on the

South of Yoss's creek (rides map). (This merely serves as a convenience while getting out timber available for erecting a permanent habitation & for the huts which we had better to have already commenced to put up.

Dec 1st 1879. (Friday) Mr Ian called up with the draught to Yoss's land. Undecided as to whether to obtain a satisfactory boundary line (Mr Blackburn on right hand - my section 2) Eventually determined to have the land surveyed. For this purpose we obtained the services of Mr Wilkins (son of Mr Wilkins about whom I wrote) who was selected first. Jones a part of section 29 (which is Crown Land). (Mr Wilkins my neighbour on the road) to mark out the lines existing & admissible.

Mr Wilkins this section 29 can be excluded for a time being as part of Government land. So that we may be enabled to obtain it?

It is so largely composed of [illegible] hill country

(2) In case this cannot be done - is there any method open to us by which we can obtain this section in any considerable portion of it?

It is by no means desirable that we should be [illegible] Yoss's creek [illegible] Blackburn, as the land [illegible] would be no longer 'weak-up', while that [illegible] North & East (until the prairie is reached.)

There are two good localities in the [illegible] of Yoss Creek running from [illegible] cross in area. But not sufficient [illegible] for leaving a compact farm as in this case.

It is necessary for our driving road to the North that the Creek is to obtain a Southern slope. So that [illegible] a Northern slope or exposure [illegible] the [illegible] making [illegible]

Sir,

I am directed to acknowledge the receipt of your letter of the 7th ~~Instant~~ July, stating that you and your brother ~~have~~ settled on what you have since ascertained by a private survey to be a School Section, and asking whether under the circumstances you can obtain homestead entry for the same, and the Government take other land in lieu for the School Endowment.

Draft Approved

In reply, I am to inform you that the provision of the Dominion Land Act of 1879, giving the Minister of the Interior power to allow homestead entry to persons squatting on School Land, prior to survey, provided they proved "bonâ fide" settlement and to take other land for the School Endowment, is no longer in force, and

Cecil Elton, Esq.
Pincher Creek,
N.W.T.

the Minister has no power under the existing law, to grant homestead entry to School Sections under any conditions, these lands being reserved exclusively for sale at public auction, for the benefit of the School Endowment Funds of Manitoba and the North West Territories.

The only way therefore in which you can acquire the School Land in question is by ~~sale~~ competition at public auction whenever it may be offered for sale, which of course cannot be until the subdivision survey has been made and the survey confirmed.

July 21st '90

Sir,

In reference to your letter (No. 20875-6) dated July 2nd '89, I beg to state that upon the 22nd inst. I gave up my location on which I had accidentally by a private survey to be school land, and have obtained the legal holder Mr. A. B. Lewis consent to homestead and pre-empt the NW and NE quarter sections of sec 18, Township 8. Range 1, West of the 5th Meridian, and have already made my homestead application at the Lethbridge Dominion Lands' office. I have obtained my homestead receipt, (NW ¼ sec 18 [illegible]) but Mr. C. D. Rickards the local land agent. (acting in the absence of Mr. E. G. Kirby), was unable to enter me for the pre-emption, but consented to hold the NE ¼ sec of sec 18, (T. 8, R. 1, West of 5th M.) vacant. awaiting your decision.

By referring to my former letter (No. 20875-6) you will see that I gave notice to Mr. E. G. Kirby. the land-agent at Lethbridge, in the latter part of '88,

of my intention to homestead and pre-empt the unsurveyed land. To this notice I received no reply.

Being compelled, after the receipt of yours of the 2nd July '89, to search for another location, I decided to move to the adjoining section no. 32 (T. 9, R. 2, West of the Meridian - unsurveyed).

Shortly after, I accordingly wrote a second letter to the land agent at Lethbridge, Mr. E. G. Kirby, dated Nov. 23rd '89, notifying him of my action.

This letter also was completely ignored!

Although my time was fully occupied at this date, had I received any instructions from Mr. E. G. Kirby, I would immediately have made a visit to the Lethbridge Land Office, or have sent in an application to have quarters if necessary. However, receiving no reply, I naturally presumed that all was in order, & consequently that I was entitled to pre-emption rights.

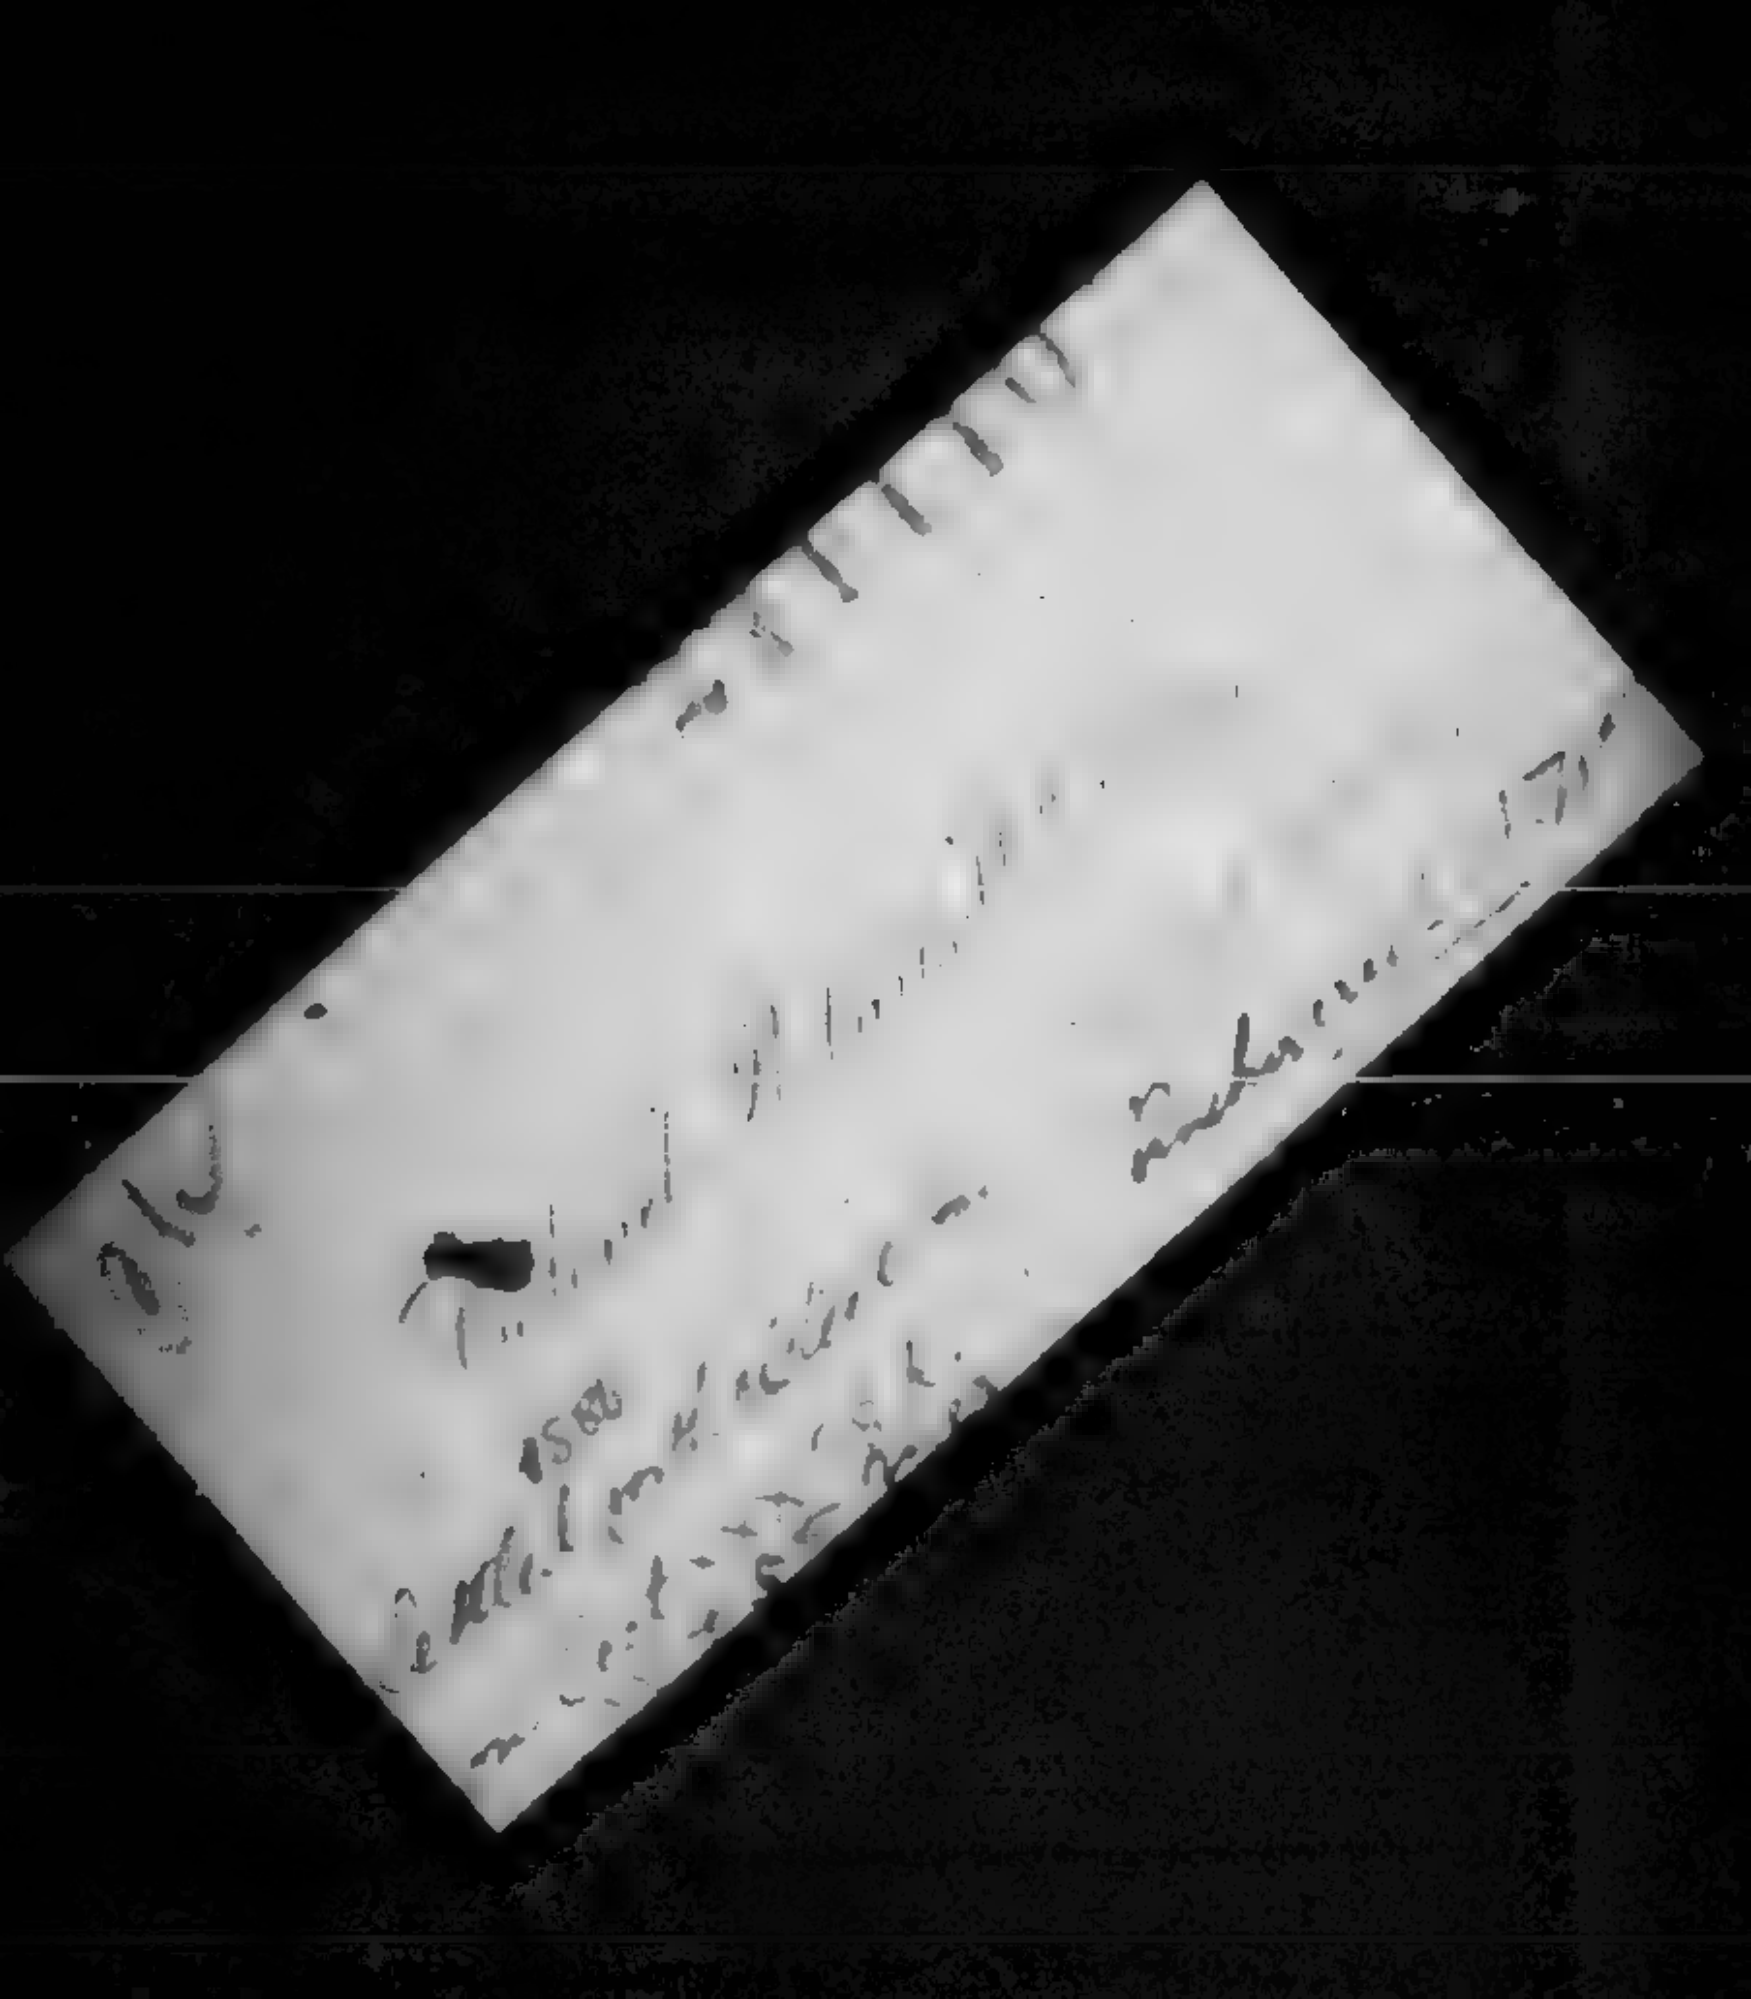

Last month, June 4th '90, during the visit of the Homestead inspector, Mr. Thompson to this district, I learnt that owing to the land for which I had made application being without the survey, I was only entitled to squatters rights, and could not make a formal entry.

3.

this being the case. I obtained the Crown Lands consent
& and determined to file within the surveyed area I.R.
to homestead the NW ¼ sec. & to preempt the NE ¼ sec.
of sec 18, T. 8, R. 1, West of the Meridian, but as since
above have so far only obtained a homestead entry.
Under the circumstances I shall be greatly obliged
by your forwarding me permission to preempt the

Sir,

I have the honor to acknowledge the receipt of your letter dated the 22nd Inst. Lr. No. 241, 110 Ref. No. 208,756 enclosing a copy of a letter received from Mr. Cecil R. S. Elton (of Pincher Creek) relating to the N. ½ of Sec. 18 - 8 - 1 West of 5th M. and asking for a report in connection with the same, and in reply I would say that Mr. Elton called at this Office and explained the matter from the first, and as it eventually rested (as I understood it) upon his procuring the permission of the lease holder Mr. A. B. Few, prior to making a Home-stead entry, this permission having been obtained and filed in this Office, I granted Mr. Elton the N. W. ¼ of Sec. 18 - 8 - 1 W. of 5th M. as a Homestead entry on the 16th of July 1890.

If the applicant owned the N.W.quarter of the said section,there might be good reasons why he should be sold the portion applied for; but does he own that ? W. W. File 208756 T

Department of the Interior,

Ottawa, July 26th, 1899.

Mr. Sart,

Mr. Goodeve reported to you on the 4th of July that Mr. C. W. S. Elton of Livingstone, had applied for the purchase of Legal Sub-Divisions 10 and 15, of Section 18, Township 8, Range 1, West of the 5th Meridian, and that he desired to irrigate the same. He stated the Agent had reported on the application and was not aware of any reason why it should not be granted, and he asks whether the land could be sold to Mr. Elton under the recent ruling of the Minister at the upset price of $3.00 per acre, subject to the cost of construction of the irrigation works being deducted. No instructions have been received from you upon this application and Mr. Dennis has enquired what action has been taken thereon. The File has been sent to me by Mr. Burpe with a note thereon to await Mr. Turriff's return. There appears to be no objection to the same action being taken on this application as you have taken upon several other applications to purchase land to irrigate it, namely, that if the applicant obtains a license under the North-West Irrigation Act to divert water for irrigation purposes, the land may be sold to him at the rate of $3.00 per acre less the cost of the construction of the works to irrigate the land but not less than $1.00 per acre.

Respectfully submitted.

Sir,

I beg to refer to my application for permission to purchase Legal sub-divisions 10 & 15 Sec 18 T. 8 R. 1 W of 5th M. for irrigation purposes. I beg to state that I am still in communication with the Deputy Commissioner, Public Works Dept. Regina, in order to obtain the license for diverting water for irrigation necessary to this end.

My irrigation works have been completed and in use for over four years, and the fee for the final license was paid in 1907. Apparently the cause of delay is my application for free right of way across SE 1/4 Sec 19 T. 8 R. 1 W 5th M. which is a water reserve. I have now requested the Deputy Comr. minister to this application although as the Act reads only however a few words of the Law, in order that I may obtain the license without additional delay.

If it could conveniently matters I am prepared to purchase the whole of the W 1/2 Sec 18 T. 8 R. 1 W of 5th M. instead of legal subdivisions 10 & 15 only, as would I can complete this purchase, my Duties would not be almost entirely within my own property.

Yours truly, C. W. S. Elliott.

I beg to acknowledge receipt of your letter of the 4th instant and to say that all those portions of the North West quarter of Section 32 in the above mentioned township which are shown as islands on the plan of the township approved on the 2nd March, 1889 were patented to the Canada North West Coal and Lumber Syndicate on the 23rd October, 1890, and the description in the patent was as follows:-

"Being in the twenty fourth township in the tenth range, west of the fifth Meridian in the Provisional District of Alberta in the North West Territories. Composed of all that portion of the north west quarter of Section thirty two of the said Township consisting of the Islands or portions thereof situate in the Bow River within the limits of the north west quarter of said Section thirty two as shown upon a plan of survey of the said township approved and confirmed at Ottawa on the 2nd day of March, 1889, by Edouard Deville, Surveyor General of Dominion Lands and of record in the Department containing by admeasurement twenty seven and 10/100 acres more or less."

Re N.W.T. 32-24-10-W.5th M.
Your file 162273-4525.

I beg to acknowledge the receipt of your letter of the 4th instant and to say that it is not understood in the Department how you obtained the information to show that the portion of the above-mentioned quarter section lying west of the river comprised 40 acres. There has not been any plan published which shows any such area. The plan on which the patent to the Canada North West Coal and Lumber Syndicate for lands in this quarter section was based was that of the 2nd March, 1910; and the patent as stated in the departmental letter of the 14th December last did not include any of the lands lying east or west of the river but only the islands or portions of islands within the limits of that quarter section in the Bow River. There has not been any patent issued for the portion of the quarter section lying west of the river which, according to the records of this office, contains 1 acre. I may add that in the patent which was issued mines and minerals were reserved to the Crown.

Dear Taylor

Solon Bullock is home and is anxious to get his land in the W. of Strathcona up - we must - to the West shop and A.M. to explain the matter to you and get your advice as to the best way to proceed - and found you had left on the night train - will you be home next Saturday - if you do I will learn the matter all from - & will explain as well as I can the matter of the trouble in getting up his homestead he made a mistake in the lot - and put all his buildings & fenced & broke up about 25 acres and has lived on it - going on 3 years he just - has done this from the money & implements required of Littleton - and did not find out his mistake till he went to get his patent from

the agent at Lethbridge it was then and only then that he found he was about six yards off the line on the South West quarter of No 9 Township instead of South West quarter No 16 Hounsfield

Now as it was purely a mistake in locating the land we hope and think the Gouvt will deal justly in the matter and not take advantage of the mistake that was made what we ask and expect them to do is to allow the improvements just as if mistake on South West quarter of No 9 Township instead of on South West quarter of No 16 Hounsfield and Johnie to purchase Township which he has agreed with the agent at Lethbridge to do but says he can not obtain them the Homestead with out instructions from Ottawa to do so about he can see the justice of the case and advised Johnie to give $10 or one Hundred which would hold it until he Johnie could get satisfactory arrangements with the Gouvt

Yours faithfully

30th May 1892

Dear Mr Burgess,

Referring to your letter of the 23rd instant on Ref 293256, I see that the only other paper we have on file relating to the case is the application of John A. Bullock dated the 28th of January 1889 for the issue of authority to Walter Faithorn to act for him in making entry for Dominion Lands , his intention being to enter as a homestead the S. W. ¼ of Sec 16--6--30 W. 4. and to pur--chase the N..W. ¼ of Sec 9 adjoining.

I should imagine from this that Mr Bullock was acquainted with the boundaries of these 2 ¼ sections at that time and that there can be little excuse therefore for the alleged mistake in the placing of his build--ings but I will endeavor to obtain further information and report in accordance with your request.

Yours truly,

A. M. Burgess, Esq

Dear Uncle

I arrived in Lethbridge Monday morning and immediately went to see the Agent of Crown Lands. They have been blue-blooming for only two days since and will not grant them only the interest on that is customary ~~to~~ in such matters to purchase mine to sell the whole half section at $8.25 per acre You see it amounts to the same thing as buying 160 acres at $2.50 per acre and then would be more legal and be of much advantage to me. Perhaps it would be as well to let Mr Taylor and have it settled that way If so you could

clear at once and then I must have an undisputed right to the land ~~made~~ already made that I put it to fence it round, all in due time if I can get labor cheap and the quantity of sails I think it is a grand piece of information and ought to be seen about at once To say it now without any further argument if they do all the other is by far the better way All our present Love to you with an eye to Business

Sir,

In reference to your letter of the 12th instant Ref.No. 293256, I am directed to say that the papers in Mr. Bullock's case have been brought to the attention of Mr. Superintendent Pearce, who is now here, and he points out that a special trip by the Inspector to attend to this case will be very costly to the Department. Mr.Pearce says that it is probable he may be going into the neighbourhood of Mr.Bullock's land at a not very distant date, and if he does he will take the opportunity of making the required inspection, if not he thinks the case should be allowed to stand over until some other business in the same locality requires the Inspector's attention, as to go specially in this case would involve a journey of about 300 miles.

I have only to add that Pullock appears a nice young man but if his progress depends wholly on his personal exertions it will not likely prove very rapid.

His buildings are not more than 200 hundred yards South of the Sly limit of his homestead & as good if not a better building site could be obtained on his homestead as where they were erected.

He explained that he had not nearly so much breaking on his H. as he had represented to the Department he would have which was owing to the very dry season, he had contracted for some 30 ac of breaking which had not been done.

I am 24 years of age, British Subject by birth, single man, came to this district eight years ago and have been here ever since except 2 visits to Ontario 2 of which were about 6 months each & other 2 months in duration.

I entered for a Homestead & Pre-emption applied as pre-emption the N.W ¼ Sec 8 Tp 8 R 30 W 4th in 1888. I built my house in 1888, 16x20 ft with 10 ft roof \$450-0, a stable 16X20 ft with hay loft & shingle roof \$400-00 and in 1891 I built a cow shed, cost \$350-00

I commenced to live in the house in the Summer of 1888- in July. [illegible] and left Dec. 31 when I leased my place for 3 years. I lived in said house off & on, principally during each year. I have also on the N.W.¼ of Sec 8 - 8 - 30 under cultivation 10 acres fenced. On the S.W ¼ Sec 17. I have 4 acres broken and fenced.

I have 30 head of horses.

Before building I asked Mr. Wills where I should build as I was informed I could not all of a certain distance from the coal mine. I built there on what I was told was the Hill Top. Spring 1892 I discovered coal on Sec 8.

That I took possession of the aforementioned quarter sections, being the claim of Mr J.A.Bullock, in the latter part of November 1891 and have resided on it ever since.

That at the time I took possession there was about five acres of breaking on Section 9. That during last summer I broke 5 acres on section 16. There had been fenced by Mr Bullock some 8 or 10 acres, but the fence had been broken down; the posts were standing. I have re-wired said fencing and have in addition enclosed three or four acres, and have the posts on the ground to fence the 30 acres to be broken on section 16. The wire is purchased but not delivered. I have also erected since I took possession a shed or stable 45 x 16 or 18 board roof, 8' walls, not a shed, but a stable. The house and stable other than the one mentioned were here when I took possession, and must have cost Mr Bullock I think upwards of $400.

That since I took possession of this place Mr Bullock has not resided on it; has been on the place occasionally, but has never stopped one night.

That I have also built a good hay corral and stock corral, costing, together about $40.

That prior to my taking possession of the place, I lived in Tp 5, R 1 W.5.M. with Mr Lionel Brook about 15 months, and

prior to that lived on Sec 25 - 6 - 30 with Captain Scobie about six years. That I think Bullock lived on th s claim off and on for some time but I can't say how much, but I think he must have lived on it upwards of a year in all.

And I make this solemn declaration conscientiously believin the same to be true and by virtue of the Act respecting "Extra Judicial Oaths".

Dear Mr Burgess,

I enclose with this copy of lease, and also of affidavits regarding Mr Bullock's residence on sections 9 and 15, Township 6, Range 30 W.4.M. Mr Bullock's residence was so erratic that it it is difficult to get evidence with any definiteness regarding it. Mr Bullock is now in Perth, Ontario, and his evidence could no doubt be obtained if thought advisable. I endeavoured to get more definite information regarding him but failed. I could find no one who could state exactly what length of time he had resided. He was part of the time living in Pincher Creek village, sometimes with one rancher and sometimes with another.

Sir,

I have the honor to acknowledge the receipt of your letter dated the 5th inst and in reply to say that your son Mr J Pollock called at this office about a month ago and stated that it was his intention to go to British Columbia for three years. He applied to make a pay for the S½ 6 with last as he was leaving the country, the law would not permit me to grant him the entry applied for as under Clause 37 of the Act which would have allowed him to remain away for two years upon duly entering cultivation and erecting a house upon the property that he was obliged to have to give me notice in each year for three years to earn a free patent, and the time you could not exceed the number of months from which I could have accepted

Dear Mr. Taylor,

The report in the Bullock case has come in, and I think we will be able to fix it up without requiring the young man to come to Ottawa. It appears that he did pay in $10 for a homestead entry, but did not act after such entry, and the Agent placed the money in the Trust Account where it has remained ever since.

Dear Mr Burgess,

Thomas Henderson of Edmonton, whom I have known for some years & believe to be a good honest fellow, asked me to represent his case to you which is shortly as follows:—

He took up the E½ Sec 23 T 53. R 24 W of 4th M. for which he made his entry 1st Nov. 1883—

10214

He went into residence on the land on March 1st 1881 prior to which he broke & cropped 20 acres. 2nd year 35 acres cropped. 3rd year 60 acres cropped. 60 acres - resided continuously on the land from March 1st 81 to April 15th 83 when he moved into Edmonton for the sake of sending his children to school - He took his crop off that year & in 1884 he ploughed & fallowed the land.

He wishes to know if he can return to the land & complete his 3 years residence & then obtain his patent - He was told he must (after having served 2/3 of the term for Leach) serve his full Term for Rachel too i.e. a full 3 years before he can obtain his patent which he is unwilling to do as he thinks this would be taking an advantage of him

Form No 696.

IN THE SUPREME COURT OF THE NORTH WEST TERRITORIES

NORTHERN ALBERTA JUDICIAL DISTRICT

BETWEEN:-

Murdock McLeod, Plaintiff

-and-

Thomas Henderson Defendant.

STATEMENT OF CLAIM

The plaintiff being in occupation as a squatter of a certain quantity of un-surveyed land, the title of which was then in the Crown, fenced about 20 acres thereof and broke and ploughed the same and otherwise improved it, the tract of country comprising the said land was soon after surveyed by Government authority and thereby the said 20h acres was constituted a portion of the North east Quarter of Section 23, Township 53, Range 24, West of the 4th Meridian; the Defendant shortly afterwards desired to make application to the Government to be allotted the said quarter Section as a homestead and it was thereupon agreed between the Plaintiff and the defendant that if the plaintiff would not oppose the defendants proposed application by claiming to be entitled to compensation for his said improvements, the plaintiff would allow the defendant to continue to occupy the said land free of all charge until the said defendant should obtain his patent for the same quarter section and would then sell and transfer to the plaintiff the said 20 acres at the same price or for each of the said 20 acres as the defendant would be required to pay to the Government for his pre-emption. The defendant has lately obtained his recommendation for patent for the said quarter section and has been required to pay for his pre-emption, at the rate of $2.00 per acre, but has since sold the whole of his homestead and pre-emption to a person other than the Plaintiff thereby terminating the Plaintiffs right of occupancy of the said 20 acres and preventing the Defendant from fulfilling

fulfilling his said agreement and entitling the Plaintiff to damages.

The particulars of the Plaintiff's damages are as follows:-

1880 May	To fencing a piece of land on North east quarter of Section 23, Tp 53, R 24, W. of the 4th M.	$50.00
1881	" breaking 18 acres @ $5 per acre	90.00
1882 May	" breaking 2 acres @ $5 per acre	10.00
1892 Oct.	" plowing 10 acres @ $2. per acre	20.00
	" taxes paid on 20 acres during 7 years	4.00
		$174.00
	Deduction	74.00
		$100.00

The plaintiff claims from the Defendant the sum of $100.00

The Plaintiffs proper Post Office address for the purposes of this action is " care Messrs Beck & McNamara, Advocates, Edmonton "

Sir/-

There is a suit pending between Murdock McLeod, Plaintiff and Thomas Henderson Defendant with reference to a portion of the North East quarter of Section 23, Township 53, Range 24 West of the 4th Meridian in which we are acting for the Plaintiff. It is important and probably necessary absolutely necessary that we should have the Departmental File with reference to this land produced upon the trial of the case, in particular the affidavits made by Thomas Henderson upon his application for entry and for patent and also the evidence given by both McLeod and Henderson before Mr Wm. Pierce, who some years ago held a general investigation with reference to a number of conflicting claims to property in the Edmonton District. In order to satisfy you of our necessity for these documents we enclose you a copy of the Statement of Claim in this action. As you see the Plaintiff sets up a claim based upon a verbal agreement made immediately prior to Henderson's making application for entry. Such an agreement although perhaps void at the time as against the Government was we claim binding as between the parties, at all events owing to the continuance of McLeod's possession of the property in pursuance of it.

T.D.M. of the T.

May we ask you to have the file and Mr Pierces notes of evidence forwarded to the Dominion Lands Agent here with instructions to produce them before the Court upon being subpoenaed for that purpose and to allow the parties interested in the action to inspect them at his office. It would save much inconvenience if the Agent were authorised upon being subpoenaed to entrust the documents to the custody of the Deputy Clerk of the Court until the trial of this case is over as otherwise the Agent is kept away from his office for an uncertain length of time when all that is really required at the Court are the papers which he produces. The Court sits here within less than a month, please therefore let us have as early a reply as possible.

Office of the Superintendent of Mines,

Sir,

Mr. D.W. Moore, whose wife is the step-daughter of the late Mr. Boag, and who made entry on the 5th June, 1888, for a homestead and pre-emption, the N. 1/2 12-25-1 W. 5th M. called on me on the 18th instant, in reference to the following matter.

Mr. Boag died on the 7th February last, leaving a wife and no children. There is some breaking done on the land, but how much does not appear very clear. Mr. Homestead Inspector Thompson says he has not examined the land, but I imagine that there is only the first year's improvements done, viz.; five acres of breaking.

Mrs. Boag is 50 years of age, and at present is unable financially to comply with the conditions of the Act, but she owns certain property, and trusts to be able to dispose of same this year, thus enabling her going on with further duties, and Mr. Moore states that he hopes in a year's time to have matters arranged so that he can live with her, as the old lady does not care to live there without her daughter. Can she be granted an extension of time to complete the duties ? If not, can the land be sold to her, and if so, what price should be charged ?

Mr. Moore desires an answer as soon as possible so that should he answer be favorable if the homestead conditions

The Commissioner of Dom. Lands,
Winnipeg, Man

conditions for the second year are not yet fulfilled he may complete them prior to 5th June next, thereby preventing possible cancellation. If, however, these concessions cannot be granted on the lined desired, Mrs. Boag might wish to abandon the claim altogether. If what she asks can be done, would not the public interests be conserved if she were required to do other improvements for this year to some extent beyond what is required by the Dominion Lands Act ?

Winnipeg, Man. 22nd February 1898

Sir,

In reply to your letter of the 14th instant No 22[illegible] on 21[illegible]1 I beg to inform you that on the 30th July Mr Joseph Boas was advised that the Commissioner had received a copy of his letter addressed to the Minister which was enclosed with your communication of the 18th July last, No 211[illegible]1, and that as it appeared he had not up to that time commenced permanent residence on his homestead the Commissioner was unable to grant him leave of absence as the Dominion Lands Act does not permit of an extension of time within which an entry - in a case such as this - shall be perfected. Mr Boas was further informed, however, that if an application should be made for an inspection of his homestead with a view to cancellation an opportunity would be afforded him for explaining what he had done in the way of residence and cultivation and of making whatever in defence the circumstances admitted of. I regret that I return unsigned the necessary report to you should have been omitted.

Dear Mr Smith.

I have had an opportunity of discussing with the Deputy Minister Mr Burpee's letter of the 22nd ultimo about the application of Joseph Boag for an extension of time of leave of absence from his homestead [in which it is stated that "he has not appeared to have had not up to the 30th July commenced permanent residence on his homestead the Commissioner was unable to grant him leave of absence as

W.F. Smith Esq.
Comm. Dom. Lands
Ottawa

'as the Dominion
'Lands Act does
'not permit of an
"extension of time
"within which an
"entry in a case
"such as this shall
"be perfected"

From this it
would appear that
you are under the
impression that a
settler under the
five years system
does not perfect his
entry until he
commences ~~~~~,
residence on the
land, whereas, by
subsection 2 of section
38 of the Act the
perfecting of the entry
consists in the breaking

of

of five acres within the
first year after the date
of his entry, such
breaking however to be
commenced within
six months after entry.
Mr Burgess is therefore
clearly of opinion that
provided Boag had
~~applied~~ complied with
this provision of the
law you would be
authorized to grant
him an extension of
time within which to
commence actual
residence upon the
land.

I have
to now convey to you

for your guidance
in dealing with any
similar case which
may arise in the
future, the Department
being informed by the

that Joseph Bray died

the merits of this
particular case need
not now be considered

See Commissioner's file 115084 re the homestead of R. W. Cowan, S. E. 1/4 of 30 - 27 - 3, west of the 5th, patent for which was approved on the 18th July, 1889. Mr. Cowan is of the opinion that he was entitled to his patent previous to the 2nd June, ~~1894~~ 1889, and therefore would be entitled to second homestead entry. Since obtaining his patent he has removed from his homestead to other land purchased from the Government, viz, S. W. 1/4 of 4 - 27 - 3, west of the 5th, on account of water. In view of this fact, if he should obtain an entry for a second homestead, he desires to know if residence upon this land would count the same as if he had resided upon his first homestead. I informed him that I did not see how it could but that I would refer the whole matter to Head Office.

Re S.W. I/4 27-45-24, W. 4th M.

R. Ramsay has built on above I/4 section a store house and stable, and breaking, worth altogether $I,000. The store and house are one building built of logs, about 24'x 22'; stable i- also of log about 50'x 22'. Freighters house log, about I6' x I8'; I0 acres fenced with post and half rails and half barbed-wire (2 strands of each). About half the fenced portion was broken when he (Macdonnell) left. Ramsay has been in residence since October I[illegible]; previous to survey had been on Bear's Hill Reserve (Chief Bob-Tail) for about three years, when they received notice several times (the last time being about Oct. I887) to leave; did not know they were on reserve till after survey.

Mr. Macdonnell and Mr. Ramsay are in partnership, keeping a stopping place. If they are allowed to purchase, Mr. Macdonnell is willing that purchase be made in Ramsay's name. No settlement within I0 miles. Their occupation is trading with the Indians (in furs); this being their occupation at the time they were on reserve, and still so. They are also trying to raise cattle (have now I5 head and half a dozen horses. Claim is an open plain; no wood except some scrub wi low of no use even for firewood. They call the place the "Bear's Hills Plain".

Mr. Ramsay is a married man, and has his wife living with him; no family. Mr. Macdonell is also a married man, but wife and family not living there. He is always out trading with the Indians, and only making this his headquarters; Ramsay is always on the place. Stage stops at this place for dinner going north, but not coming back.

Post Office, Holbrook, about I2 miles to the south.

They desire to purchase this if it will be sold at whatever price Govt. lands are sold for in that vicinity.

States that they first went on first claim about I2 miles to the south west (on trail) in perfect good faith. They asked the Indian Agent, (before going on there) where they could get a claim, and not likely be disturbed, and were told of a place near a big river which they accordingly took up, but after survey found they were on Indian Reserve, and being told that none but those connected with the Indian Department could settle on an Indian Reserve, they moved to present claim, I2 miles north.

LETTER No. 4693
REFERENCE No. 4I40

Sir,

I enclose herewith copy of a statement by one Wm. Macdonnell, in reference to S.W. I/4 27-45-24 W. 4th. He and R. Ramsay desire to purchase this claim at as low a rate as possible on account of having to abandon a former claim in Indian Reserve No. 139, Chief Bob-Tail The above described claim is just outside and east of Reserve No. 138, Chief Ermine Skin, and their buildings are close to the Edmonton Trail.

I know nothing concerning either claimant or as to the truth of their statements, but Mr. J.S. Dennis informs me there is some correspondence concerning them in the Department on Head Office file referring to Chief Bob-Tail's Reserve, and probably something can be ascertained as to their occupation by examining those papers. If they are found worthy of encouragement I trust their application will be met as far as possible; although it is not now the policy to dispose of odd-numbered sections, an exception might, under the circumstances, be made in their case.

DEPARTMENT OF THE INTERIOR

MEMO.

TO THE AGENT OF DOMINION LANDS

AT Edmonton

Re 21286½ N.W.T.

In your Return of the 23rd ult inst. — No. 1361 ½ — H.W.T. 27-45 24 W 4th

You report the payment on account of this land as made on the 16th Feby, 1894, but from your report the patent is applied for as on the 16 January, 1894

The name is spelled "Ramsey" but in your Return "Ramsay"

ANSWER.

The final payment was in the hands of the Dominion Lands Agent at Edmonton, (the Belaskawin Office having been closed) on the 16th January 1894 — after some delay the matter was referred to the Agent at Red Deer who had charge of the Belaskawin books. By him held over until my arrival at Red Deer on or about the 16th — I found it necessary to obtain from Mr Ramsay all receipts for previous payments, this caused further delay — It would be unfair under the circumstances to charge Mr Ramsay interest after the 16 January

Ramsey is the correct spelling

Time 1st 1c 43 21

Please return this form to the Secretary with your explanations.

Sir:-

Referring to your communication of the 17th instant, Ref. 560320, I have the honour to inform you that in March, 1889 Mr. Lamb was granted entry for the S.W. 1/4 of 12 - 25 - 2, West of the 5th, as a homestead, and the N.W. 1/4 of same section as a pre-emption. He afterwards returned receipts for same and was granted fresh entries--the S.E. 1/4 as a homestead, and the S.W. 1/4 as a pre-emption.

A declaration of abandonment of the S.W. 1/4 was received on the 20th March, and it was an oversight not mentioning that fact in this Office letter of the 2nd April, No. 30962, notifying Head Office of the cancellation of this quarter.

letter in order that the Commissioner may have one, and the Timber and Mines Branch the other, as his letter covers an application to homestead as well as an application to lease for grazing purposes.

I would very much prefer that Head Office should communicate with Mr. Riley direct and furnish this Office with a copy, although Mr. Riley apologized before leaving the Office for being a little too hasty, and we parted friends.

Mr. Riley is a bona fide settler and he has several sons here who have homesteads adjoining his own land in Township 24, Range 1, West of the 5th. I understand that the sons whom he expects to come here, are in business in Montreal. One of them Mr. Riley informed me has just visited him and only returned to Montreal a short time ago.

the entries. I informed the Gentleman that I would require to refer the whole matter to Head Office. You will observe that Mr. Riley is one of the applicants to cut hay upon the lands in question, and, although I do not say that the applicant is desirous of making homestead entries for the purpose of securing the hay upon these lands, I will say that I have known parties to do such things. They pay the $10 fee, obtaining the hay for prob[illegible] one or two seasons or more, and then abandon the land. On the N.W. 1/4 of 12 there is an application from Thomas Riley to cut hay; on the whole of Section 14 there are applications from Thomas Riley, W. J. Latimer and E. J. F. Hills; on the whole of Section 13 there is an application from Thomas Riley. You will observe, therefore, that there is hay upon all the lands included in his application, although I do not think that there is sufficient hay upon any one quarter section to warrant this Office in not granting homestead entry for any one of the available quarter sections to a bona fide settler. It makes it rather awkward for this Office that Mr. Riley has applied to homestead these lands just at this particular time after all parties who have applied to cut hay upon the said lands have been notified to arrange the cutting of the hay amongst themselves, otherwise they will require to tender. Mr. Riley, if the entries are granted, desires to cut the hay on the lands. I have informed him that, inasmuch as the parties who have made application have been notified to tender, that although Head Office might consent to grant the homestead entries, the hay would probably be allowed to go to the party who offered and paid the highest bonus. Sir:-

I enclose herewith an application from Mr. Thomas Riley of Calgary to homestead on behalf of his two sons who reside in Montreal, Mr. T. C. W. Riley and Mr. F. R. Riley, the N.W. 1/4 of 12 - 25 - 2, West of the 5th., and the S.E. 1/4 of 14 - 25 - 2, West of the 5th; and to lease the North 1/2 and S.W. 1/4 of 14 and Section 13 of the same Township and Range. The N.W. 1/4 of 12 - 25 - 2, West of the 5th., was at one time the pre-emption entry of Mr. Edwan Lamb, but he afterwards had the same changed to the S.W. 1/4 of the same Section, and it might be called cancelled land. The S.E. 1/4 of 14 is apparently vacant and available; The North 1/2 of 14 is cancelled land; the S.W. 1/4 is vacant; Section 13 is C.P.R., and, so far as this Office knows, is available for leasing.

When Mr. Riley appeared at this Office he presented an Authority to make entry for his sons for homestead and pre-emption dated in 1888 and signed by Mr. E. F. Smith who was then Commissioner of Dominion Lands. I did not care to grant the entries on authority so old, especially as the regulations have since changed and a List of Questions have to be filled out and sworn to by the applicant, and inasmuch as there are a number of applications before this Office to cut hay upon the lands in question. Mr. Riley seemed quite put out that I could not grant

Dear Sir:-

I find it is due to you and to myself as well as to my two sons whose interests I represented in my application to make entry for homesteads yesterday, to state a few plain facts which will perhaps not only justify the earnestness (you termed it impatience) with which I presented the applications, but at the same time assist you in making a liberal and fair report on the same to the Department.

Eighteen years ago I visited this "Great West." Fourteen years ago I took up my residence here deciding to make of the future home of myself and family. My wife, five sons and three daughters soon joined me, and all these are now living with (or near) me. Two sons remained in Province of Quebec, but finding no suitable material to occupy land for themselves there I spoke to them of the question for a number of years past. Their combined interests of the family are very considerable (Their stock in trade). The time has arrived when they must locate them. The young men of enterprise, such as I am satisfied they are, will not long remain idle, in spite of speculation. Speculators are dropping in. I must not fail to urge, so long expected, my sons' interests will suffer.

You refused to grant homesteads entries applied for, on the ground

Sir:- 56686

Referring to this Office letter of the 15th instant, No. 35431, enclosing an application from Mr. Thomas Riley, of Calgary, to homestead on behalf of two of his sons the N.W. 1/4 of 12 and the S.E. 1/4 of 14, 56714 in Township 25, Range 2, West of the 5th, and to lease 56685 certain other lands in the same Township, I have the honour to enclose herewith a copy of a communicat on received this day from Mr. Riley which I trust will reach you before a decision has been arrived at in the case: although I consider I have already laid the matter before you in a very impartial and fair manner.

Mr. Riley does me a slight injustice in stating that I refused to grant the homestead entries on the ground that his power to act as agent was dated some years ago. He should have gone a little farther and stated that I pointed out to him that in addition to the authority being very old, the regulations in respect to those authorities have since been changed; that a list of questions require to be filled up by the applicant and the same has to be sworn to before a Justice of the Peace or a Commissioner.

The applicant for hay, to whom Mr. Riley makes reference as not being a settler in the District, I presume is Mr. Hills, who is an applicant on behalf of Mr. O. A. Critchley, a rancher near Calgary. Mr. Hills, I understand, is Mr. Critchley's manager.

Sir,

I beg to acknowledge the receipt of your letter of the 17th instant, file No. 27259, and in reply am requested by the Commissioner to say that under the circumstances set forth therein it would seem desirable that Mr. Riley should obtain a fresh application from his sons to enable him to be authorized to make homestead entry on their behalf. You will, therefore, be good enough to supply him with the usual forms for their signature, and mention on all of the lands that have been applied for, the N. W. ¼ of 12 and the S. Calgary, 18th June, 1900.

Sir:-

I herewith hand you my cheque for Office fees on entries for Homesteads for T. C. W. Riley (the N.W. 1/4 12 - 25 - 2 - 5.) and F. R. Riley (the S.E. 1/4 14 - 25 - 2 - 5) regarding the first named a cancellation fee of $5.00 has been charged but there are certain tangled circumstances in connection therewith (the cancellation dates so many years ago, and nothing has ever been done on the place) that I think it is unfair to make me pay that extra fee.

I respectfully ask that the same be remitted.

Yours faithfully,

(Sgd.) Thomas Riley.

Sir,

I have the honor to request that I may be furnished with an exact copy of the homestead entry of One Louis Cheecamy numbered 133 in the list of Section 16 - 54 - 25 W 4th reasons for asking it is that the said Louis Cheecamy is not living on his homestead but on the two (2) acres which he purchased from off the fractional S.W. ¼ of 16 - 54 - 25 W 4th. He claims that I told him that he would commence under the two acre limit and found nothing here to substantiate that, hence my request

Dear Sir: Re: SE 16-23-29-4
Sparrow, Charles

The matter of an adjustment of the seed grain or relief indebtedness outstanding against the above has been referred to the undersigned, constituted to deal with cases in the Province of Alberta, and an investigation having been completed, I am now in a position to furnish the following report:

The indebtedness, with interest computed to 31st March, 1942 is as follows:

Lien.	Principal	Interest	Total
1896	$35.00	$82.00	$117.00

for which there is no security, the liens being unregistered and the debtor is either dead or cannot be located.

It is accordingly recommended that the indebtedness be written off as a loss and the account closed in the records of the Department.

All of which is respectfully submitted,

THE RAILWAY

It is only to be expected that in view of our railway prospects the feeling of hostility and uncertainty formerly generally prevailing to the south and east should give place to a feeling of confidence which will lead to greater exertions on the part of every one to meet the altered circumstances now at hand. It needs to be repeated that the years of waiting through which we have passed have not been years of inactivity. The ability to push enterprises of any kind has been greatly increased, and we find that we have not been without a reason when we found that we were to make use of the new and improved situation. R. 24 W. 4th Pm.

On 29th August last I obtained a Recommendation for Homestead Patent to the S.E. 1/4 of above section which recommendation however did not become valid till 8th October last when it was countersigned by Mr J. M. Gordon. I am informed that the payment for my pre-emption (the S.W. 1/4) became due six months after, namely on 8th April last and that I am thus nearly four months in arrear.

I now humbly beg to apply for further time for payment. So far it has been utterly beyond my power to make even a partial payment - last year season also I worked hard and put in a crop if rain but nothing as the season was so dry - Then during all last winter I had much sickness in my family and I was put to great trouble & expence and indeed had hard work to make ends meet - and this spring my house and stable & all the fencing on my claim were totally destroyed by a prairie fire -

Under all these circumstances and as I am indeed a very poor man I would respectfully beg that you would grant me an extension of one year from 8th April last for payment for my pre-emption and that you would withdraw the Dom't Agt. here to steal effect. Kindly reply and inform me

Your obedient Servant

Sir

I am sorry that I was not at home when you called on me this morning, as I am anxious to explain to you the circumstances under which I left Canada in 1837, and to show that I was not guilty of any act which could justly subject me to the penalties of treason. I have written a letter to Mr. Hincks, which I enclose herewith, and which I hope you will find satisfactory. I have also written to Mr. Hincks, requesting him to call upon you, and I trust that you will find it convenient to see him. I am very anxious that the matter should be brought to a speedy termination, as I am desirous of returning to Canada as soon as possible.

Sir,

In reply to yours of this morning. I think you will remember me calling at your office, when you advised me to write a letter for you to forward to the office at Winnipeg, which I did and handed it into your office. The same day.

The reason I asked to have my homestead transferred to my son, Mr Pearce asked me when I was going to leave Langdon, it troubled me much at the time I quite forgot that I took up my homestead over 3 years ago. If I had referred him to you it would have been all right, after reading over the Rules of homestead taking up, I decided to let my homestead remain in my own name as it stood on your books, the letter you forwarded was to that effect.

I hope the above explanation will lead you to understand the cause of my misunderstanding, for which I am extremely sorry, hoping the above matter is explained.

R/44156

In reference to the letter of the 6th inst. No 5084 R/16768 I have the honor to state that Mr. Gilbert Anderson called yesterday & applied for new entry to S/2 of 21 3 & 4th forging usually forest entry fees.

He stated that when you notified him some time since that he was going on the homestead he had forgotten that he had to make entries under Sub section 7 & told you he had not thought of that yet, that when you told him what the homestead law required him to do he found out he would not be able to comply with it's conditions & therefore made application to abandon in favour of his son.

He subsequently recollected & found out

out from the Agent that his duty was under that no I would not require to go into residence for two years from its date. He came to the Office where you were many & told me of this & that he wished therefore to retain his salary. This was on the very day the Agent received instructions to cancel on the application to abandon & after Mr Anderson left I ascertained it was already cancelled. I then wrote letter of 20th Nov 1794 (Nov C.O. file referred to) The answer to the letter N° quoted & it is merely in regard to the last paragraph of said letter that I wrote this to show that I think the cancellation [illegible] might justly be waived as I have told the Agent &c &c.

Sir

I have the honor to enclose herewith copy of the application of Hodges Garrault to homestead and pre-empt the W½ of 35-5-1 W. 5th

On referring to the map you will see that the claimants home is on the N.E ¼ of the section. He states that that at the time he made this declaration the surveyor informed him that he was on the N.W. ¼, and he still maintains that he is.

I think however that there can be no doubt that he is where he is represented to be.

All or at least very nearly all his improvements are on the N.E ¼ of the section. I suggested to him that he homestead

The Commissioner of Dom. Lands

Winnipeg

Manitoba

Form No. 9.

homestead that portion of the N. ½ lying east of Pincher Creek which contains 160 acres, and that he pre-empt the N.W. ¼ of 36.

He objected to this most emphatically; on the ground that the land mentioned was too much broken and contended that he should have the W ½ of 35.

From date of settlement of course an entry could be granted even on an odd section if granted as I suggested but should an entry be granted to that portion of the section on which there has been neither residence or improvements in lieu of the portion on which those are situated.

It occurs to me that if the N½ be granted (you will notice that there is a claimant to the adjoining quarter section on the other side of the Creek, and the policy has been not to allow two claimants to occupy both banks of a stream) there would be a portion

left

left on the S.E ¼ 35 which could not readily be made use of in connection with any claim.

I would therefore recommend that the claimant be acquainted what I had suggested to him or if you think an entry might be granted to the west side of Creek in lieu of the portion to East side on which his improvements are, that he be allowed to homestead and pre empt either of the following:

L.S. 15 and 16 of Section 34, 13 and that portion of the lying West of Pinchis Creek of Section 35 A or he could reverse this. That is what is proposed to be granted as a homestead he could have as preemption and vice versa.

By taking this he gets a good average claim and also that portion of the N ½ of 35 lying west of Pincher Creek. I would direct your attention to the fact that a building intended for a School is in course of erection on N.E ¼. 34; the Agent should be careful in granting entry to exclude this.

If this meets with your approval please instruct Agent, advise Head Office and notify me.

LETTER No 3431
REFERENCE No 2184

Calgary 23rd June, 1888

Sir,

In reference to your letter of the 13th instant No. 10c644, Ref. 118539, I have to state that no part of the S.E. 1/4 35-5-1, W. 5th nor of Section 2-6-1 is available. Mr. Careault's claim therefore, must be confined to the N.E 1/4 34 and the N.W. 1/4 35 lying west of Pincher Creek or the west half of 35 lying west of Pincher Creek or that part of the N. 1/2 35 lying east of said creek and the N.W. 1/4 36. I suggested to him the advisability of taking the latter, but he declined to accept it, claiming that he is entitled to the W. 1/2 of the section.

In the settlement of all these cases in the ranching district, the streams being the most valuable portion, the principle adopted has been not to grant to any individual on more than one bank of a stream, and then not more than half a mile of frontage, letting the parties take land to the rear if they wish to increase their holdings. Out of the cases adjusted, which must number among the hundreds, I cannot call to mind more than three that have been an exception to this rule, and these were parties who were the oldest settlers in the district, and if the general rule were applied

The Commissioner of Dom. Lands,

to

Winnipeg, Man.

to them, improvements of very considerable value would be sacrificed, which would not occur in this case.

As stated in my letter of the 31st ult., No. 3319, the objection I have to granting Gareault the S.W. I/4 35 is that we would be allowing him to select lands to which he had no claim by reason of settlement, giving him the privilege of taking the choicest part of that section, and at the same time allowing him to block ready access to the S.E. I/4 lying west of Pincher Creek which is only of value in connection with the said S.W. I/4 35. It is true he gets but half a mile of creek frontage, but his holding does not extend back from the creek but runs closes to it; this can be understood only by a reference to the township map.

From the date of his settlement in spring of 1887, Gareault has legally no claim as a squatter: equitably I presume he need only be recognized so far as the quarter section is concerned on which his improvements are, viz.: N.E. I/4 35, which he refuses to take, so that what should be done would be to grant him half a section as homestead and pre-emption, which is of a fair average of the district, and which would be accomplished by giving him N.E. I/4 34 and N.W. I/4 35, as suggested.

The foregoing are my views of the matter, and I should like to be advised of the final decision of the Land Board.

I have the honor to be,

Sir,

Your obedient servant,

Sir,

I have the honor to acknowledge the receipt of your letter of the 25th ultimo No. II4I84, on II8939, with file enclosed.

You will observe from my report of the 22nd June that Gareault was given his choice of three half sections to select from, one of which covered all his improvements, and he prefers to take as a homestead a half on which he has no improvements--in fact, insists upon it, and wishes to purchase the portion on which they are situated. If he succeeds in obtaining an entry to the portion he desires he will of course, before patent is granted him, require to erect a habitable house on and reside on the land.

The improvements on the portion he desires to purchase are not at all valuable and to meet his case, so far as can be done consistent, with the policy of the Department. I would suggest he be told that he may occupy the land on which his improvements are for the next two years and may then remove his buildings to his homestead if at the expiration of that time they are worth removing.

Sir,

Sec 35 Township 5 Range 1 West of 5th Meridian

I am the homesteader of the N.W. 1/4 of the above section for which I have certificate of improvements, I have also a pre-emption entry for the S.W. 1/4, and have purchased Legal sub-divisions 10 & 11 of the S.E. 1/4 of same ~~section~~ section

The pre-emption has since my entry, been much cut up by a surveyed trail being run through it, separating about one third from the remainder; and as this will be a source of considerable expence to me in fencing both sides of the trail, I beg to ask your consideration as to whether some reduction from the ordinary pre-emption price cannot be made in this case. The loss of land for the trail, at least, should be considered.

As to the remainder of the S.E. 1/4 section, which is very rocky and broken ground, and quite unfit for settlement, or to raise any crop on, I should, if permitted, be disposed to buy it at $1.25 per acre, as although useless to anyone else, it would be of some slight convenience to me for shelter for stock.

Hoping for a favorable reply

The road as surveyed has been transferred by order in Council to the North West Territories Government, on the 16th of May 1895. Sir,

I am directed to acknowledge the receipt of your letter of the 11th instant, relative to the trail leading from Pincher Creek to the Mountains, running through Section 35, Township 5, Range 1 West of 5th Meridian. I enclose for your information a tracing which shews the location of the two surveyed trails through Section 35. These trails were, by Order in Council of 16th of May 1895, vested in the Lieutenant Governor of the North West Territories, for the purposes of public highways. So far as this Department is aware, these two are the only authorized public trails (outside of the regulation road allowances) running through Section 35. A copy of your letter, and also of the sketch which I am sending you, has been sent to Mr. Reid, the Clerk of the Executive Committee at Regina, who will now be able to deal with the matter.

Sir,

I am directed to acknowledge the receipt of your letter of the 18th October last addressed to Mr.F.W.G. Haultain, Member of the Legislative Assembly, relating to,your application for permission to close up a portion of the surveyed highway from Pincher Creek to the Coal Mine and to open a new road in lieu thereof.

In reply I am to say that the matter having been considered by the Commissioner of Public Works, he has decided that your application cannot be granted. This decision has been arrived at owing to the fact that a large majority of the settlers of the vicinity who first petitioned in favour of granting your request have since forwarded a second petition asking that the change asked for be not granted, and also because the change asked for will entail the acquirement of the right of way for the new road across part of Section 26 and the West half of Section 35 which do not belong to you.

Section 35 West half belong to me and by the Patent the same is Ludger Gareault

If the residents of the district can unanimously agree upon a new location for the road and the survey of this new location can be made and the title thereto acquired without cost to the Government, the matter may be considered by the Commissioner, but he cannot under present circumstances agree to the change asked for.

Dear Sir

I would like to draw your attention to a matter concerning the road allowance which has lately been surveyed through my field running from Charles Smith's land to Mrs Bowman on the line of the old road. This fence is to my house and being my yard & garden in use and necessary for the safety of my property.

We had to move a fence for the Dominion Government when they surveyed the road and we were told that we would be paid for it but we have not been paid yet. It seems to me that we are entitled to some compensation in the matter. I would like to come and see you about it myself but I am unable to do so on account of my health. I trust that the present road is perfectly satisfactory to all parties concerned but

Memorial

to

The Honourable Sifton
Minister of Interior
Ottawa.

Honourable Sir

I have the honour to forward this present memorial (with accompanying documents) praying upon the grounds therein set forth a favourable decision in the matter of the location of Timber Berth No. 1 on my pre-emption No. 1 Township 4 Range 6 West of the 2nd Meridian and also to the fact that said decision is now materially seriously damaged my only hope of retaining your kindly interesting yourself in my behalf.

A short synopsis of the case will show you the situation and how far I am affected by it in the past and will be in the future.

About fourteen years ago I settled in my pre-sent homestead with only a few dollars capital since I have by laborious work and exerting energy I have supported a family of eight persons built a $1400 house with $2000 others in range buildings, got $1000 on machinery & others miscellaneous 120 head cattle and 50 head of horses all of which I have invested $3000 capital free of any debt or mortgage and have now enough of improvement to ensure me the peaceable holding of it.

Such quick success as mine beginning with so small capital was looked about in high quarter a few years ago & I realize [illegible] then I

a road to the county high complimented me on such successful achievement

But success always creating jealousy and I soon found out that one envious neighbour of mine was forming public agitation against my progress & welfare the question of the public road that was taken in hand by them to show me his ire and by an attempt to obtain petition to obtain from Regina the decision I am complaining of

The reason alledged to my petition as given by Regina Dept Commissioner were arrive at not by the merit of facts but action on conclusion from erroneous reports the alteration of the road was publicly for in no way was affecting Section n° 26 and the S½ of Section n° 35 belong to me by homestead as shown the special map & it appears be confirmed by Surveyor General the 1st march 1886

It is of vital importance to the welfare & the farming hangers of this country, that husband and improvement should be protected against all unnecessary road allowance or public highways encroaching on homestead they always interpose with the regular business and hurtful to the land interest of the homesteaders. the State should be, in equity, to the public security. Labour endeavours should be encouraged to the utmost.

to favour the whims of misguided public and the selfish spirit shown, the many absentee owners of land adjoining vacant lots have never shown the least sign of any improvement for years and to sacrifice to the protection of these vacant lots the costly improvement of a resident homesteader - truly absurd and protection with a vengence that not put the encumberances of the extra road allowance on these vacant lots

will be under a great disadvantage to work & cultivate my crops to the best advantage & to the fullest extent

I have reason to be more acquainted with the Topography of my homestead and am aware of the fact that only a narrow strip of cultivable land is available for a few years for I will have to cut in the middle lengthways by a public highway road and the best & valuable acres for the location of this road at a value of $200 for the extra fencing on both side with a yearly $25 or $30 fence repairs has to be born by myself alone as my neighbour & mine on the same settlement as myself are all stock raisers & for many years to come this same public highway road will be used by stock only as there shall be no settlement on the land to the west of my homestead & cattle and horses has been travelling on wholesale way for many years all winter, thousands of stock all over the country I have more than a thousand of cattle last winter & keep regular pay herders to look after them & that is done the winter will be no exception this year but I am obliged to do so to make my entry for the purchasing of N W¼ Sec 2 over stocks, my homestead and pre-emption

Most honourable Sir that I have been so
unjustly dealt with that I am suffering
that wrongly such arbitrary ruling, besides
my being unable to get a proper reading or com
prehension from the most learned authori
ties at Quebec on the various grievances
that I have exposed in this present memorial
I have expressed in this present memorial
I remains only to me to say I was willing
in beginning that document, to lay my case
before you for full consideration relying
on your high sense of justice as I trust

western land and amongst strangers

Sir,

With reference to your letter of the 18th ultimo, enclosing letters addressed to yourself, and one addressed to the Department, both respectively, 14th ultimo, by Mr. Jasper Bureault, in which he requests that he be compensated for the alleged damage done his by the opening of the trail through his homestead and pre-emption, being the West half of Section 35, Township 5, Range 1 West of the 5th Meridian; I beg to say that if the opening up of this road has put Mr. Bureault to any additional expense in the way of fencing, &c., this Department is not in any way responsible. He should appeal to the Honourable the Commissioner of Public Works for the North West Territories, under whose control are the roads and trails in the North West Territories.

I find that in the patent which issued to Mr. Bureault for his homestead, the road which he complains of was not reserved. The road in question, however, will be reserved in the patent deed which

Part of the N.W.¼ of section 2[illegible], Township 7, Range 1, West of Pincher Creek, has been patented as a homestead to Mr. I. Garreault, and portions of Legal Subdivisions 14 and 11 north and east of the creek have been patented to him as a sale, while the S.W.¼ of the said section stands in his name as a sale pre-emption.

Mr. Garreault has applied to purchase the unpatented portions, with the exception of Legal Subdivision 1, of the section; and states that the land covered by his application contains 200 acres, which he desires to acquire at $1 an acre, as, he says, the greater portion of it is rocky and hilly.

Legal Subdivision 4 and part of Legal Subdivision 2 West of the Creek have been reserved for stock watering purposes, and the E.½ of the section lying west of the creek has vested in the Calgary & Edmonton Railway Company. Legal Subdivisions 2, 3 and 6, and part of Legal Subdivision 14 lying east of the creek, containing 10 acres, or, in all, 130 acres, are vacant, and there does not appear to be any objection to selling this area to Mr. Garreault; but if it is proposed to allow him to purchase it at a lower rate than the current rate, the land should be valued by a homestead inspector.

With regard to the sub-divisions named, which Mr. Garreault wishes to purchase at $1 an acre, I am to state that before such an application can be entertained it will be necessary to obtain a report from the Homestead Inspector as to the value of the land. Will you, therefore, please instruct the Homestead Inspector to make such valuation; and when his report is received you will again be communicated with on the subject of Mr. Garreault's application.

Sir,

In reply to your letter of the 15th ult., I am directed to say that the privilege of a second homestead entry is confined to those settlers only who had fully completed their duties upon their first homesteads on or before the 2nd of June, 1884. According to the evidence on that file, you only began to reside upon your N.E. ¼ of Sec. 2, Tp. 22, R. 22 W., in the year 1885, and consequently the 3 years had not expired at the date mentioned. Even if you were allowed credit for the time spent on your N.W. ¼ of this section, which is doubtful, your request could not be allowed, as you only began to live there in the year 1887. I may add that the dates given above are taken from the statutory declaration executed by you on the 11th Sept., 1887, and from your application for patent.

Dear Mr. Ross,

Encl:

I beg to enclose herewith a copy of a translation of a letter addressed to the Hon. Mr. Sifton on the 6th ultimo by Mr. Ludger Carbault, of Pinchers Creek, Alta., with regard to a road which has been opened across his homestead and preemption, part of Section 10, Township 9, Range 1, East of the 5th Meridian. I now see that Mr. Carbault wrote a similar letter to Sir Wilfrid Laurier some days ago and that the latter has communicated with me on the subject. I notice from our papers that Mr. Dennis has already had this matter in hand, but that the Commissioner of Public Works has not been able to meet Mr. Carbault's wishes with regard to the future in the location of the road which the latter complains about. According to the facts disclosed in Mr. Carbault's statement of the case, it seems rather strange that he should have been so injuriously affected by the opening out of the road in question, if, as no doubt you are aware, I could tell you, and I would feel obliged if you would kindly give the subject your best consideration and let me know what is the best that can be done for Mr. Carbault under the circumstances.

I must tell you at once, however, that it does not lie within the Minister's power or my own to interfere with the decision that Mr. Dennis, Deputy Commissioner of Public Works, Regina, advised you, by his letter of the [illegible] last, had been arrived at with regard to the variation of a portion of the trail in question, through your land, and the opening up of another road to replace it. The North West Government and its officers have now sole control of such work and to that Government you must therefore look as regards that matter.

The survey of the trail in the first instance was, however, done under the authority and direction of the officers of this Department, and if you were illegally damaged by that survey and it lies within my power to redress such damage I will do what is possible.

You should bear in mind, however, that the old trail in question existed long before you took up your land, and that your applications and entries were granted subject thereto.

I have the honour to be,

Sir

Your obedient servant,

Department of the Interior,

5th October, 1898.

Sir,

I have the honour to inform you that your letter of the 14th ultimo, with its stated enclosures, and all former correspondence concerning the opening up of the old trail through those parts of Section 30, Township 6, Range 1, West of the 5th Meridian, which you have homesteaded or pre-empted, or which you have applied to purchase, or concerning the alteration of any part of such trail and the opening up of another road-way to replace it, have been brought to my personal attention, but that after careful consideration it is not certain from them whether you have any just ground of complaint or not. It is certain you believe you have been damaged, and believing this I can easily understand that the replies which you have received from this Department and from the local authorities at Regina are not satisfactory to you, and although all matters concerning public trails, roads and highways are now under the control of the North West Government, I have written to the proper officer of that Government for copies of reports made upon the trail in question and your application to vary it and for such other information as he may be able to furnish.

Memorandum :- 221396-

To the Deputy Minister,

I have carefully read and considered every paper on this file which relates to those parts of Section 35, Township 5, Range 1, West of the 5th Meridian, which Mr. Ludger Carmault has either homesteaded or pre-empted, or which he has purchased or desires to purchase, and which has been opened up through the old trail referred to in his letters of complaint to the Honourable the Premier, the Minister, or the officers of this Department, and to the local authorities at Regina, but I am uncertain whether he has just grounds of complaint or not. He clearly considers he has, and so far the result of his correspondence has been that no one denies he has a grievance, but in the letters from this Department he is referred to the North West Government whose officers in return refer him here. This to him is naturally not only unsatisfactory but exasperating. He appears to be a progressive and successful settler, and it is the duty of some public officer here or at Regina to ascertain whether he has a grievance or not, and if he has to have it settled, and if he has not to so advise him in certain words. My own opinion is that as all matters appertaining to public trails roads and highways are now under the control of the North West

Government

Government it is the duty of the Commissioner of Public Works at Regina to get at the truth of this case, and either deal with it or if this Department is responsible for damages caused by first survey to have it dealt with here.

In taking up his land Mr. Careault of course made his applications and entries subject to the old trails that ran through it, but it may be that the Surveyor who opened up such trail under instructions from this Department, did Mr. Careault damage by the way in which he laid it out. The Sketch attached to this file, which I have marked, affords no information on this point. It, however, shews a good deal of roadway in a small parcel of land. If that survey resulted in the damages Mr. Careault complains of, he is right in looking to this Department for redress.

This Department is not, however, now in a position to deal with Mr. Careault's application to vary the present position of any portion of this trail. That action can now only be taken by the North West Government, and upon that point, judging from the letter which Mr. Dennis, Deputy Commissioner of Lands & Works, addressed to Mr. Careault on the 18th August last, there is no uncertainty. Mr. Careault has been advised that the variation of the old trail, and opening up of the new road he has applied to have opened to replace it ~~xx~~ cannot be made unless a new road acceptable to the settler in the vicinity be provided, and that this decision is based

upon

upon a report made by the former District Engineer Mr. Jephson, and another report made by the present Engineer, Mr. Laurie. These reports and the decision thereon must be accepted, as conculsive as regards Mr. Bareault's application for altering the present position of the trail in question through any part of his land, and he should be so advised. Whether he was damaged or not in the opening up of the ~~xxx~~ old trail by our Surveyor is a point, however which should be settled without further delay. Possibly one or other, if not both, of the two reports above mentioned may afford sufficient information from which this point may be decided and copies of them might therefore be obtained. If not, I think the report of a Dominion Land Surveyor should be obtained as soon as possible, and as Mr. Bareault is also pressing for reduction of the price of so much of the section as he has pre-empted or applied to purchase it's value might also be reported upon by the same person.

As Mr. Dennis has clearly given Mr. Bareault's complaints careful consideration, and as I know he is always as anxious to satisfy a deserving settler -- if it is possible to do so-- as we are here, I have prepared this memorandum in duplicate so that if you agree with me, a copy of it may be sent to him when he is asked to forward the reports of Mr. Jephson and Mr. Laurie.

In that event the accompanying letter might be sent to Mr. Bareault.

I have carefully read and considered every paper on this file which relates to those parts of Section 36, Township 5, Range 1, West of the 5th Meridian, which Mr. Ludger Careault has either homesteaded or pre-empted, or which he has purchased or desired to purchase, and through which has been opened up the old trail referred to in his letters of complaint to the Honourable the Premier, the Minister, or the officers of this Department, and to the local authorities at Regina, but I am uncertain whether he has just grounds of complaint or not. Dear Sir,

The Commissioner has handed me your letter addressed to him on the 13th. inst., relative to the complaint made by Mr. Lodge Bennett of Birtle [illegible]

This land was occupied by Mr.Minties, and after application [illegible]

we will close the surveyed road and open the new one, but so far he has failed to get the neighbors to come to any agreement. We have had the matter looked into on the ground by our District Engineer on two occasions, but in both instances the report has been adverse to closing up the surveyed road until a substitute road suitable to the convenience of the settlers is provided by Mr. Prescott.

I think you were under a misapprehension regarding the survey of this road when you wrote Mr. Prescott on the 23rd August last. The Territorial engineer did nothing in the nature of the survey, the survey having been made by your Department before the new law relating to the survey of roads by the Department came into force. He, of course, must naturally be asked the road is under a change of its location after it was transferred to the Territories for public use, but the surveyor, acting under instructions from the Surveyor General, is of course responsible for the location adopted at the time of making the survey, and I take no more right to interfere Mr. Prescott that any other for access the best location should be addressed to your Department.

From what I personally know of the ground, and judging from the District Engineer's reports, I do quite [illegible] that Mr. Prescott's surveyor was right, and I [illegible] to make [illegible] that we offer [illegible] for the settlers now in globally around [illegible] and [illegible].

Dear Sir Wilfrid,

Encls:

You referred to Mr. Sifton some days ago the enclosed paper, from Mr. Ludger Caraault, of Pincher Creek, Alberta. The matter is one, I may say, about which there has been considerable correspondence between Mr. Caraault and the Department, but as it has reference to a road and as this is a question which comes directly under the control of the Territorial authorities, there was apparently no way in which we could possibly interfere. However, I have no doubt that the case is a very deserving one, and I am now communicating with the proper officers at Regina with a view of having the matter adjusted in some way. I only trust that it may be possible to arrive at some satisfactory understanding, and I will be only too glad to do anything in my power to assist Mr. Caraault.

Yours faithfully,

The Right Honourable
Sir Wilfrid Laurier,

of this trail: the survey was not authorized by the Governor General in Council and I issued no instructions for it. The trail has not been transferred to the Lieutenant Governor of the North West Territories.

The survey was made by Mr. Wilkins under instructions from Mr. Dennis. According to Mr. Dennis' report, Ref. 360519, the location was decided upon after a visit to the ground and consultation between Mr. Haultain, M.L.A., Mr. Magrath, M.L.A., the settlers interested and himself representing the Department. The instructions are as follows:-

". . . . . The survey of this trail (along "Pincher Creek) will be carried south as far as the road "allowance between Sections 12 and 13 in Township 5, "Range 1, West of 5th Meridian and care should be taken "to provide that access is given along the old trail "across Section 35 in the above mentioned township in a "southwesterly direction to the coal mine and timber "by locating and surveying this branch trail".

What Mr. Gareault asks is that this trail should be closed or that he should be compensated for the damages caused by opening it. The request being a reasonable one, I would suggest that the North West Government be informed that the Minister will not recommend to Council to authorize the survey of this trail and its transfer to the North West Territories until Mr. Gareault is granted proper compensation for the damages.

Papers returned.

Respectfully submitted,

Surveyor-General.

"above described roads or trails be surveyed as "provided by the Act and thereafter transferred to the "Lieutenant Governor of the North West Territories".

Thereupon I issued instructions to Mr.Wilkins to survey the old trail as described above. So far as I am aware Mr.Wilkins followed the trail which he found on the ground and therefore complied with his instructions and the provisions of the law.

By Order in Council of the 16th May,1895 the trail as surveyed by F.W.Wilkins was transferred to the Lieutenant Governor of the North West Territories for the public uses of the Territories under the provisions of Section 108 of the North West Territories Act.

This road was in existence before Mr.Careault acquired any interests in the land:the law merely provides for its continuation as a public road,no change being made in the location. If Mr.Careault has any just claim for damages,it is not on account of any act of the surveyor. What he objects to is not the survey,but the opening of the roads. However,Mr.Careault's objections are not so much against this trail which,I understand,he would be quite willing to accept,as against the branch trail to give access to the coal mine and timber.

Memorandum

In reply to your request for particulars with regard to the survey said to have been made by Mr.Wilkins under my instructions of the trail or trails across Mr.Careault's holding in Section 35,Township 5,Range 1, I beg to submit the following remarks:-

There are two surveyed trails across Mr.Careault's holding:one is a part of the trail from Pincher Creek settlement along Pincher Creek to the Mountains, the other trail is part of the branch trail to give access to the coal mine and timber.

Trail from Pincher Creek settlement along Pincher Creek to the Mountains

---

A requisition for the survey of this trail was made by the Lieutenant Governor of the North West Territories on the 17th May,1894. Upon this requisition an Order in Council dated the 19th June,1894 was passed directing and ordering in virtue of the powers vested by Section 17 of the Act 54-55 Victoria Chapter 22, "that the "above

The Deputy Minister
of the Interior

General issued no instructions for it. The trail has not been transferred to the Lieutenant Governor of the North West Territories.

It would appear that the survey was made by Mr. Wilkins under your own instructions, from which I beg to quote the following extract:-

"The survey of this trail (along Finch's Creek) will be "carried south as far as the road allowance between Sections "12 and 13 in Township [illegible], Range 1, West of the [illegible] Meridian and "care should be taken to provide that access is given along the "old trail across Section 35 in the above mentioned township in "a southwesterly direction to the coal mine [illegible] timber by lo- "cating on the surveying this branch trail."

I gather also from your report in this connection that the location of this trail was decided upon after a visit to the ground and consultation between Mr. Hamilton, M.L.A., Mr. Haworth, M.L.A., the settlers interested and yourself representing the Department.

[illegible] Mr. Carswell asks that this trail should be closed or that it should be granted to persons for the damage caused by opening it. Until it can be shown satisfactorily that his request is not a reasonable one, I do not see how I could be recommend to Council that the survey of this trail and its transfer to the North West Territories should be authorized.

Deputy Minister.

North West Territories.

Thereupon instructions were issued by the Surveyor General to Mr. Wilkins, D.L.S., to survey the old trail as described above. So far as we are aware Mr. Wilkins followed the trail which he found on the ground and therefore complied with his instructions and the provisions of the law.

By order in Council of the 16th May, 1895, the trail as surveyed by Mr. Wilkins was transferred to the Lieutenant Governor of the North West Territories for the public uses of the Territories, under the provisions of Section 101 of the North West Territories Act.

This trail was in existence before Mr. Tarbault acquired any interest in the land: the law merely provides for its continuation as a public road, no change being made in the location. If Mr. Tarbault has any just claim for damages, it is not on account of any act of the surveyor. What he objects to, however, is not the survey, but the opening of the roads, and I may add that his objections are not so much against the trail above referred to, which it seems he would be quite willing to accept, as against the branch trail to give access to the wood and timber.

As regards this latter trail, I find that no requisition has been received from the Lieutenant Governor of the Territories for its survey; that the survey was not authorized by the Governor in Council and that the Surveyor General

stated above, he could not possibly have earned title to his first homestead until the spring of 1890, or almost a year after the time had expired when settlers could acquire the privilege of making second entries, namely, the 1st of June, 1889. I am very sorry indeed that Mr. Carmault should be debarred from this privilege, but I may point out that the provisions of the Act [illegible] to second entries are so specific that it is not within the power of the Minister to authorize the granting of another entry unless it is set clearly down that the latter has resided upon the land for three years' residence of his first homestead before the 1st June, 1889.

Dear Father Lacombe,

The Private Secretary to the Minister of Public Works transmitted to this Department some days ago the letter which you had previously handed to him from Mr. Lemuel Carbault, of Fort Saskatchewan. In this letter Mr. Carbault renews his application to permission to make a settlement entry. I have looked over the papers of record in the Department in this connection, and I must say that the evidence clearly indicates that Mr. Carbault did not exercise the privilege of settlement duty. According to his own evidence given under oath on the 11th of September, 1[illegible]7, he left the homestead in the spring of 1[illegible]7, and he remained away, therefore, for more than completed his residence duties. It is no doubt true that Mr. Carbault may have made improvements on the land in 1[illegible], but this does not constitute residence within the meaning of the Act. He declares himself that he first began his residence in the spring of 1[illegible]7, and as stated

Sir,

With further reference to your letter of the 16th ultimo, in the matter of the patent which issued to you for a portion of Section 35, Tp. 5, Rge. 1, W. 5th M., I beg to say that, as explained in my letter of the 28th ultimo, this patent was returned by the Registrar for an alleged discrepancy in the description. Sir:-

I am in receipt of your letter of the 16th ultimo, requesting to be advised whether or not you are entitled to make entry for a second free homestead, having already secured entry and patent for the North West quarter of 35-5-1- West 5th Meridian.

In reply I am to inform you that the privilege of a second free homestead entry is confined to those settlers only, who had fully completed the duties on their first homestead on or before the 2nd June, 1899.

It appears that you began residence on your homestead in the year 1888, therefore you do not appear to be entitled to the privilege of making a second free homestead entry.

Memorandum.

Mr. Bliedon,
Land Patents Branch.

S.W. ¼ 33-3-1-W. 5th M.

In the last sent me by Mr. Lawson, the above described land is shown as reserved.

The Agent of Dominion Lands reported it as the homestead of L. Jarreau, late of Swan, the 4th of November, 1909, patent approved July 15th, 1904, but not as yet issued.

Mr. Lawson was asked to report as to the date on which patent was issued and answered to his report of the 23rd of April, but the last figure in your records of the above date of L. Jarreau's entry [illegible] 1904. On the strength of this there is no actual restriction on patent having issued, but on looking over the different documents it appears that the patent was issued in 1905. Probably Mr. Lawson's report should have read patent to issue Sept., 1904, instead of November 4th, 1904.

However, will you kindly advise me as to the date that Letters Patent were issued in order that I may instruct the Agent to correct his records.

Memorandum:

The Methodist Church had patented to them Legal Subdivision 13, Section 22, Township 23, Range 28, West Fourth Meridian, as a church grant on the 15th September, 1899.

They now state that the site is unsuited for church purposes and ask the Department's permission to sell the property, the proceeds to be applied to the purchase of other land more suitable for a church.

In the case of the Presbyterian Church (File 130817) they asked for permission to sell the land granted to them for church purposes to the Canada Northern Railway Company, being two acres in the N.W. 1/4 of Section 32, Township 54, Range 22, West Fourth Meridian. The Deputy Minister decided that this latter case should be treated in the same manner as the Josephsburg application (File 545280) in which an Order-in-Council was obtained and a Quit Claim Deed granted. Is the same action to be taken in this case ?

In my opinion where the land granted for church purposes ceases to be used as such it should revert to the crown.

Minister's decision?

The Commissioner would like to be informed whether he is expected to discontinue the present practice of authorizing the sale of cancelled lands. It is, as you are aware, the custom to allow cancelled preemptions to be either homesteaded under subclause 5 clause 38 of the Dominion Lands Act or purchased at the price of lands of the "class" in which the particular quarter section is situated, and ordinary cancelled homesteads are sold if application is made to that effect, sometimes at the ordinary "class" price and occasionally at the actual value where that is ascertained to be in excess of the "class" price.

been arrived at during the visit to Ottawa of the Commissioner in October last when the whole subject of the sale of both Odd and Even numbered sections was discussed by the Secretary and himself, the conclusion then arrived at being that these purchase applications should be dealt with by the Commissioner under authority of the proposed new Land Regulations which were then, I think, in the printers' hands. Shortly after the Commissioner's return to Winnipeg several letters were received from you referring here applications for purchase that had been transmitted to your office prior to the conference between the Secretary and the Commissioner above referred to, in order that they might be considered and dealt with by the Commissioner, and I am under the impression that your letters contained the distinct intimation that this course was taken in pursuance of the understanding arrived at with the Commissioner (presumably in Ottawa). From the tenor of your letter now acknowledged the Commissioner understands it to be the Minister's intention that hereafter all applications for the purchase of Even numbered sections or portions thereof, shall be referred to the Head Office for consideration and decision and will on all future occasions govern himself by this intimation. Is it also intended that applications for the purchase of Odd numbered sections shall likewise be submitted for the

In reply I have to state that when the second instalment was paid on the 21st March 1891 I found that one year and two months interest on $300. from 23d January 1890 ($21.00) was deducted instead of $20.85 the interest for the year - 1 month and 27 days shewing an overpayment of fifteen cents, and when the third instalment was

Sir,

Referring to your letter of the 5th instant, Reg: 7908, I have explained why your charge interest on $200. from the 30th January, 1851, to the 21st January, 1852, when from your letter above referred to, it would appear that the interest had been paid up to the 21st March, 1851, on the last-mentioned date—

Please look into this account again and try to adjust it correctly and report.

Sir

Referring to your letter of the 17th instant No 288324 & 256061 I find that interest was erroneously charged on the third instalment $200. on Richard Peake's preemption the South-west quarter of section 20. 22. 2 W 5th M. between the 23rd January 1891 and the 21st of March 1891 one month and twenty eight days amounting to $1.93 which sum has been credited against the last instalment, together with the two overpayments mentioned in my letter of the 9th instant No 10722 Ref: 7908 of fifteen and thirty cents, in all $2.38 I trust this explanation is satisfactory

Sir:

Referring to your communication of the 13th instant, file 225278, It would appear from the records here that you made a mistake in calculating the interest to the 21st of December, 1889, which, according to your own statement furnished this offi under cover of your letter of the 4th of Mar., 1890, should be $ $10.70, leaving a balance of principal due at that date amounting to $54.70, not $45.68 as stated in your letter.
